STAR WARS™

CHARACTER ENCYCLOPEDIA

UPDATED AND EXPANDED

WRITTEN BY
SIMON BEECROFT AND PABLO HIDALGO

CONTENTS

Who planned the rebel assault on the first Death Star? Which surly alien lost an arm in a Mos Eisley cantina? The *Star Wars* galaxy is full of heroes, villains, aliens, creatures, and droids. All have played their part—large or small—in the events of the dying days of the Galactic Republic, the battles of the Clone Wars, the desperate rebellion against the Empire, and the rise of the First Order.

2-1B

SURGICAL DROID

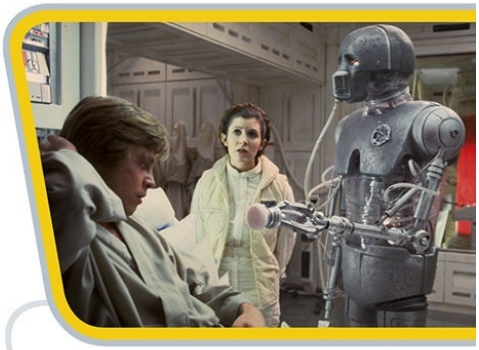
DATA FILE

AFFILIATION: None
TYPE: Surgical droid
MANUFACTURER: Industrial Automaton
HEIGHT: 1.77m (5ft 10in)
APPEARANCES: CW, III, V, VI
SEE ALSO: FX-series droid

2-1B MEDICAL and surgical droids have been around since Republic times. One such unit is attached to the rebel base on Hoth. He treats the injuries of many rebel troops, including Luke Skywalker after a wampa attacks him.

SURGICAL DROIDS in the 2-1B series are equipped with encyclopedic memory banks. They ensure that the droids give the best course of treatment in any medical situation.

A Republic-era 2-1B droid rebuilds Darth Vader's burned body.



Rebel Surgeon

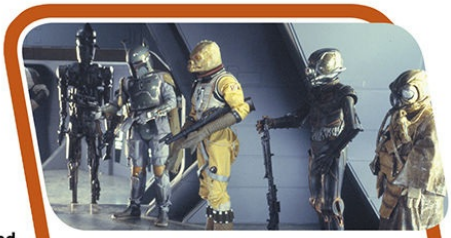
2-1B is able to perform extremely precise operations that leave little or no scar. The droid's long experience with humans makes him a caring medic. Luke Skywalker is so impressed with 2-1B's skills, he requests that the droid treat him again after he loses his hand on Cloud City.

4-LOM

PROTOCOL Ddroid TURNED BOUNTY HUNTER

DATA FILE

AFFILIATION: Bounty hunter
TYPE: LOM-series protocol droid
MANUFACTURER: Industrial Automaton
HEIGHT: 1.67m (5ft 6in)
APPEARANCES: V
SEE ALSO: Zuckuss; Jabba the Hutt; Darth Vader



After the Battle of Hoth, Vader hires 4-LOM and others to locate the *Millennium Falcon*.

THIS HUMANOID DROID with an insect-like face used to be a sophisticated protocol droid made to resemble the species he served. 4-LOM was once assigned to a luxury liner, but he overwrote his own programming and began a life of crime as a bounty hunter.

THE PERSONALITY

software corruption that transformed 4-LOM into a deadly bounty hunter is a known flaw in the LOM-series. Other similarly affected protocol droids of the same make have been spotted working as enforcers in the Outer Rim Territories.

Dangerous Duo

4-LOM often works in partnership with a bounty hunter named Zuckuss. The combination of 4-LOM's powers of deduction and analysis with Zuckuss's mystical intuition makes their collaboration successful and lucrative.

AAYLA SECURA

TWI'LEK JEDI KNIGHT

DATA FILE

AFFILIATION: Jedi
HOMEWORLD: Ryloth
SPECIES: Twi'lek
HEIGHT: 1.7m (5ft 7in)
APPEARANCES: II, CW, III
SEE ALSO: Kit Fisto; Mace Windu; Yoda

CUNNING AAYLA SECURA is a Twi'lek Jedi Knight who relies on her athletic lightsaber skills to outwit opponents. As a Jedi General, Aayla leads a squad of clone troopers on many campaigns.

Has mastered Ataru, Form IV of lightsaber combat
Lekku (head-tail)
Djem So attack stance
Belt made of rycrit hide
Fitted clothing allows complete freedom of movement

AAYLA SECURA is an intelligent, sometimes mischievous Jedi. Her teacher was a troubled Jedi named Quinlan Vos. Aayla passes on the teachings of her Master to young Ahsoka Tano during a Clone Wars mission that goes awry and ends up on the grassland planet of Maridun.

Captured

At the Battle of Geonosis, Aayla Secura is among the circle of Jedi captured by Geonosian soldiers. Luckily, clone trooper reinforcements come to their rescue.

Secura's own clone troopers turn on her on Felucia.

ACKLAY

GEONOSIS ARENA BEASTS

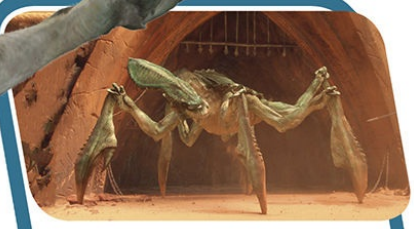
DATA FILE

HOMEWORLD: Vendaxa
HEIGHT: 3.05m (10ft)
DIET: Carnivorous
HABITAT: Underwater, land
APPEARANCES: II
SEE ALSO: Nexu; reek; Obi-Wan Kenobi

CONDEMNED PRISONERS IN the Geonosis execution arenas face certain death by wild beasts. Many of these creatures are caught and transported to Geonosis from their home planets far away. The ferocious acklay is one of these exotic beasts.

Hardened, skin-covered claw

Razor-sharp teeth



Acklays walk on long, clawed fingertips.

THE ACKLAY'S homeworld is a fertile planet named Vendaxa. They live underwater but emerge to hunt on the plains for creatures named lemnai.

Grappling hand

Stretchy stomach

Protective bony nodules

Acklay Attack

Jedi Obi-Wan Kenobi uses a Geonosian picador's pike to defend himself against the savage acklay's onslaught.

ADI GALLIA

THOLOTHIAN JEDI MASTER

DATA FILE

AFFILIATION: Jedi
HOMEWORLD: Coruscant
SPECIES: Tholothian
HEIGHT: 1.84m (6ft)
APPEARANCES: I, II, CW
SEE ALSO: Stass Allie; Even Piell; Chancellor Valorum; Bail Organa

JEDI MASTER ADI GALLIA was born into a high-ranking diplomatic family stationed on Coruscant. Gallia is a Jedi High Council member and a noble General in the Clone Wars.

As a High Council member, Adi Gallia is respected for her powers of intuition.

Jedi Temple

Gallia may be stationed at the Jedi Temple on Coruscant, but she is finely attuned to events farther afield. Gallia is the first to warn the Senate of the Trade Federation's suspicious activity in the Naboo System.

ADI GALLIA was a valuable intelligence source to Senate leaders. Her life was cut short in the Clone Wars when she was killed by the renegade Sith apprentice, Savage Opress.

ADMIRAL ACKBAR

RESISTANCE SPACE FORCE ADMIRAL

DATA FILE

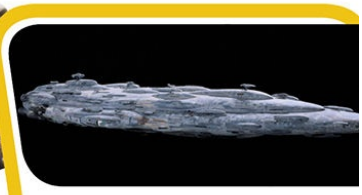
AFFILIATION: Rebel Alliance/ Resistance
HOMEWORLD: Mon Cala
SPECIES: Mon Calamari
HEIGHT: 1.8m (5ft 11in)
APPEARANCES: CW, VI, VII
SEE ALSO: Lando Calrissian; Mon Mothma; General Madine; Princess Leia

ADMIRAL ACKBAR was born on the ocean world of Mon Cala. A veteran of the Clone Wars, Ackbar is later instrumental in bringing his people into the Rebel Alliance. After the Galactic Civil War, he is coaxed out of retirement by Princess Leia to join the Resistance during the rise of the First Order.

Rank badge

Waterproof skin

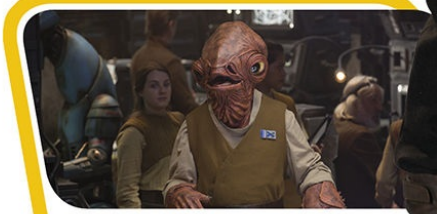
Belt clasp



Ackbar commanded the rebel fleet from his personal flagship, *Home One*.

AS COMMANDER

of the rebel fleet, Admiral Ackbar planned and led the attack on the Empire's capital ships at the Battle of Endor.



Many years later, Ackbar serves as part of the Resistance command staff at the base on D'Qar.

Home One

Ackbar's people contributed their giant Mon Cal star cruisers to the Alliance. *Home One* served as a mobile command center after the Empire discovered and destroyed the main Alliance headquarters on Hoth.

ADMIRAL OZZEL

ADMIRAL OF THE *EXECUTOR*

DATA FILE

AFFILIATION: Empire
HOMEWORLD: Carida
SPECIES: Human
HEIGHT: 1.75m (5ft 9in)
APPEARANCES: V
SEE ALSO: Admiral Piett; General Veers; Darth Vader

KENDEL OZZEL is the commander of Darth Vader's gigantic flagship, the *Executor.* Under Ozzel's sometimes uncertain command, the *Executor* emerges from hyperspace too close to Hoth, alerting the rebels to the Imperials' presence.

KENDAL OZZEL

serves in the Republic Navy during the Clone Wars and soon works his way up the military ladder. Ozzel is ambitious but displays poor judgment and ineffective tactical thinking, which he attempts to mask with his authoritarian persona.

The *Executor* leads Darth Vader's personal fleet of Star Destroyers, known as Death Squadron.

Deadly Blunders

Vader's view of Ozzel is that he is "as clumsy as he is stupid." After a series of blunders by Ozzel—first, doubting evidence of life on Hoth, then the failed attempt to surprise the rebels—Vader Force-chokes Ozzel and promotes Captain Piett to Admiral in Ozzel's place.

ADMIRAL PIETT

COMMANDER OF THE *EXECUTOR*

DATA FILE

AFFILIATION: Empire
HOMEWORLD: Axxila
SPECIES: Human
HEIGHT: 1.73m (5ft 8in)
APPEARANCES: V, VI
SEE ALSO: Admiral Ozzel; Darth Vader

An A-wing destroys the *Executor*'s bridge crew and causes the ship to crash.

PIETT IS A LOYAL IMPERIAL captain on Darth Vader's flagship, the *Executor*. After Vader Force-chokes Admiral Ozzel to death for incompetence, Piett is instantly promoted to Admiral of the fleet. Piett loses his life when a rebel A-wing crashes through the bridge of the *Executor*.

Naval officer's tunic

Leather gloves

UNLIKE MOST Imperial officers, who come from the prestigious Inner Core worlds, Firmus Piett has his origins in in the Outer Rim. He is known for his quick thinking, as well as his ability to shift blame for mistakes he has made.

Risky Strategy

Vader's officers must submit entirely to the Dark Lord's iron will. When Vader insists that Piett makes a risky pursuit of the *Millennium Falcon* into an asteroid field, Piett nervously does Vader's bidding, aware that errors could lead to his death.

ADMIRAL STATURA

RESISTANCE OFFICER

DATA FILE

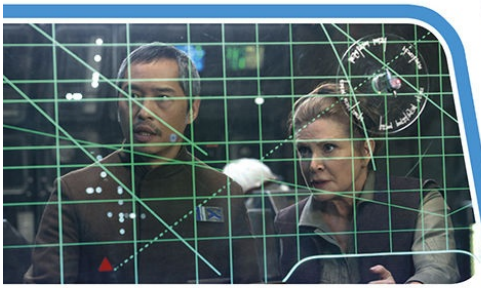
AFFILIATION: Resistance
HOMEWORLD: Garel
SPECIES: Human
HEIGHT: 1.72m (5ft 8in)
APPEARANCES: VII
SEE ALSO: Princess Leia; Admiral Ackbar; Major Ematt; Major Brance

STATURA WAS ONLY a teenager when the war against the Galactic Empire ended, but he experienced combat firsthand while trying to liberate his homeworld from Imperial rule. He loyally serves General Leia Organa.

Repurposed Rebel Alliance crest

Admiral's rank badge

WHEN GENERAL Organa assembled trusted military advisors to form the core of her Resistance movement, she turned to experienced rebel veterans. Statura was younger than most, and plucked from a career in applied sciences.



Statura watches the battle above the Starkiller unfold from the Resistance command center on D'Qar.

Battle Analysis

Statura is practical and technically minded, traits he uses well in his role supervising logistics for the Resistance. He keenly assesses the Starkiller threat, correctly guessing the unimaginable scale of its destructive power. It is his analysis that leads to the Resistance starfighter attack on the weapon.

AGEN KOLAR

ZABRAK JEDI MASTER

DATA FILE

AFFILIATION: Jedi
HOMEWORLD: Coruscant
SPECIES: Zabrak
HEIGHT: 1.9m (6ft 4in)
APPEARANCES: II, III
SEE ALSO: Mace Windu; Saesee Tiin; Kit Fisto

AGEN KOLAR is a Zabrak, as is fellow Jedi Eeth Koth. The Zabrak species is identified by its head horns. Known to strike first and ask questions later, Kolar is also a valuable member of the Jedi High Council.

Horns regenerate over time
Lightsaber uses duel crystals to create green or blue energy blades
Two-handed ready stance
Hooded robe often removed in combat

AGEN KOLAR is a master swordsmith who joins the 200 Jedi Knights that battle the Separatist army on Geonosis. Mace Windu has a high opinion of Kolar's combat skills, and enlists him in a desperate attempt to arrest Supreme Chancellor Palpatine.

Agen Kolar's renowned lightsaber skills are put to use on Geonosis.

Skillful Sith

Even the celebrated sword skills of Agen Kolar cannot match the speed and unsparing power of a Sith Lord such as Darth Sidious.

ANAKIN SKYWALKER

LEGENDARY JEDI KNIGHT

DATA FILE

AFFILIATION: Podracing, Jedi, Sith
HOMEWORLD: Tatooine
SPECIES: Human
HEIGHT: 1.85m (6ft 1in)
APPEARANCES: I, II, CW, III, VI
SEE ALSO: Qui-Gon Jinn; Obi-Wan Kenobi; Padmé Amidala

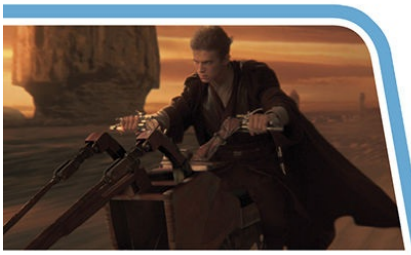
Gauntlet covers mechno-hand (which replaces hand sliced off by Count Dooku)

Jedi utility belt

Young Anakin's keen perception and unnaturally fast reflexes show his great Force potential.

IN THE CLONE WARS, Anakin loses his faith in the Jedi to restore peace and harmony to the galaxy. He also feels great anger at the tragic death of his mother and fears that the same fate may befall Padmé Amidala (who is secretly his wife). Finally, Anakin is persuaded that only the dark side can give him the power to prevent death.

ANAKIN SKYWALKER'S rise to power is astonishing. In a few short years, he goes from being a slave on Tatooine to becoming one of the most powerful Jedi ever. But Anakin's thirst for power leads him to the dark side of the Force, with tragic consequences for the galaxy.



Anakin's impulsive nature leads him toward the dark side.

Close Bond

Anakin's bond with his teacher, Obi-Wan Kenobi, is strong. They make a dynamic team in the Clone Wars, where Anakin proves to be a great leader. Yet Anakin is troubled by feelings of anger and mistrust.

AT-AT PILOT

IMPERIAL WALKER OPERATORS

DATA FILE

AFFILIATION: Empire
SPECIES: Human
AVERAGE HEIGHT: 1.83m (6ft)
STANDARD EQUIPMENT: Blaster pistol; thermal detonators; grenades
APPEARANCES: R, V,
SEE ALSO: AT-ST pilot; General Veers

ONLY THE STRONGEST Imperial soldiers are put forward for training to become pilots of the terrifying All Terrain Armored Transport (AT-AT) walkers. AT-AT pilots, who generally work in pairs, consider themselves all-powerful.

AT-ATs are not climate controlled, so pilots wear special insulated suits on frozen planets such as Hoth. The suits protect the wearer if the walker's pressurized cockpit is smashed open in hostile environments.

The pilots sit in the cockpit in the AT-AT's head, operating driving and firing controls.

Walking Terror

The giant AT-AT walkers march relentlessly across uneven battlegrounds, using their mighty laser cannons to wreak destruction on the enemy forces below.

AT-ST PILOT

IMPERIAL SCOUT WALKER CREW

DATA FILE

AFFILIATION: Empire
SPECIES: Human
STANDARD EQUIPMENT: Blasters; grenades; thermal detonators; emergency flares; comlink
APPEARANCES: V, VI
SEE ALSO: AT-AT pilot; Chewbacca

AT-STs are equipped with two powerful medium blaster cannons.

Jumpsuit

AT-ST PILOTS

wear open-face helmets, blast goggles, and basic armor plating underneath their jumpsuits. In the Battle of Endor, AT-ST walkers are deployed against the rebels. Many are lost to surprise attacks by Ewoks.

TWO-LEGGED AT-ST (All Terrain Scout Transport) walkers march into battle, spraying blaster bolts at enemy troops. Each walker houses two highly trained pilots with superior skills of balance and agility.

Fire-resistant gauntlet

Two pilots keep the AT-ST walker moving at speed through uneven terrain.

On the Hunt

AT-ST walkers are used on reconnaissance and anti-personnel hunting missions. They are not invulnerable to attack, as Chewbacca demonstrates when he forces his way inside a walker through the roof.

AURRA SING

VICIOUS BOUNTY HUNTER

DATA FILE

AFFILIATION: Bounty hunter
HOMEWORLD: Nar Shaddaa
SPECIES: Human
HEIGHT: 1.83m (6ft)
APPEARANCES: I, CW
SEE ALSO: Bossk; Padmé Amidala; Boba Fett

AURRA SING is a ruthless bounty hunter. A seemingly ageless veteran of the underworld scene, Aurra worked with such contemporaries as Jango Fett, and Cad Bane. During the Clone Wars, she was hired by Ziro the Hutt to assassinate Padmé Amidala.

AURRA SING was born in the polluted urban sprawl of Nar Shaddaa. She never knew her father and her mother was too poor to raise her. Sing became a cold-blooded killer. She is willing to use any means necessary to locate her prey. She has sensor implants and has a wide assortment of weapons in her private arsenal, including lightsabers and a sniper's projectile rifle.

During the Clone Wars, Aurra guides the recently orphaned Boba Fett.

High Alert

On the trail of her quarry on Tatooine, Aurra Sing is a spectator at the Podrace that will earn young Anakin Skywalker his freedom.

A-WING PILOT

ELITE REBEL PILOTS

DATA FILE

AFFILIATION: Rebel Alliance
SQUADRON NAMES: Phoenix Squadron, Green Group
SQUADRON LEADERS: Hera Syndulla (Phoenix Leader), Arvel Crynyd (Green Leader)
APPEARANCES: R, VI
SEE ALSO: Admiral Ackbar; Lando Calrissian

A-WINGS ARE small, super-fast starfighters and A-wing pilots are some of the most talented fliers in the Rebel Alliance. These pilots play a pivotal role at the Battle of Endor when they destroy Vader's ship, the *Executor*.

Rebel pilot Arvel Crynyd pilots his damaged A-wing into the bridge of the *Executor*.

Capable Ships

Only the very best rebel pilots can fly the powerful A-wings. Originally designed as an escort ship, the A-wing's incredible speed and maneuverability make it a deadly strike craft. A-wings also use concealed sensors to gather information on Imperial ships.

A-WING starfighters started serving the Rebellion before the Battle of Yavin. Earlier versions of the craft were the mainstay vessels of Phoenix Squadron, a rebel cell operating in and around the Lothal sector in the Outer Rim Territories.

B'OMARR MONK

MYSTERIOUS DISEMBODIED MONKS

DATA FILE

AFFILIATION: Jabba's court
MONASTERY LOCATIONS: Tatooine; Teth
APPEARANCES: VI
SEE ALSO: Jabba the Hutt

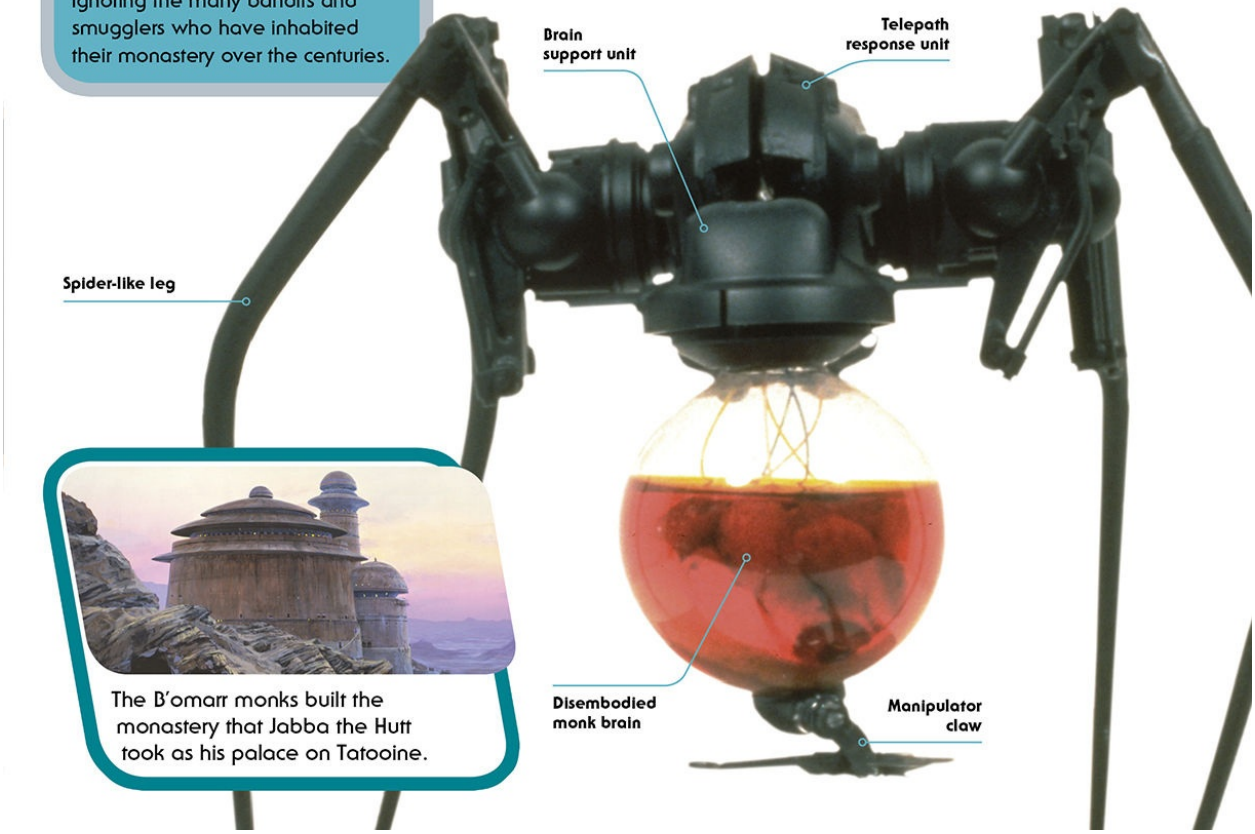
THE B'OMARR MONKS are the original inhabitants of Jabba the Hutt's palace on Tatooine. When these mysterious monks reach the highest state of enlightenment, their living brains are surgically removed from their bodies and placed in special jars. These jars are carried around on mechanical legs.

Monk's Monastery

B'omarr monks still roam Jabba's palace. Jabba enjoys the gruesome sight of them! The oldest monks have four legs, while more recent ones have six.

B'OMARR MONKS

communicate telepathically. They go about their secret ways, ignoring the many bandits and smugglers who have inhabited their monastery over the centuries.



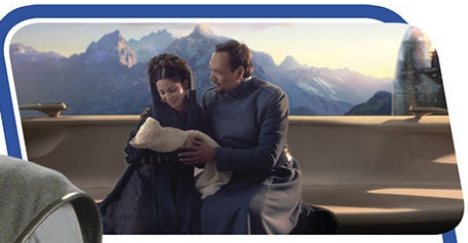
The B'omarr monks built the monastery that Jabba the Hutt took as his palace on Tatooine.

BAIL ORGANA

VICEROY OF ALDERAAN

DATA FILE

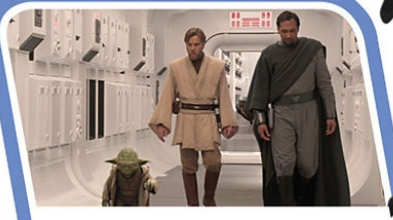
AFFILIATION: Republic/Rebel Alliance
HOMEWORLD: Alderaan
SPECIES: Human
HEIGHT: 1.91m (6ft 3in)
APPEARANCES: II, CW, III, R
SEE ALSO: Princess Leia; Mon Mothma



Bail and his wife, Breha, adopt Leia Amidala Skywalker.

BAIL ORGANA is the Senator for Alderaan. He watches, horrified, as the Galactic Republic becomes a dictatorship under Palpatine. Bail, with Mon Mothma, is one of the founders of the Rebellion against Emperor Palpatine.

ORGANA remains loyal to the Republic and the Jedi Order to the end. In Imperial times, it is Bail who responds to the threat of the Death Star by sending his adopted daughter, Leia, on a mission to locate Obi-Wan Kenobi in order to recruit him to the Rebel Alliance.



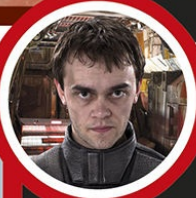
After Order 66, Bail assists any survivors that he can.

Narrow Escape

Bail is the first civilian to arrive at the Jedi Temple after the massacres carried out by Anakin and his legion of clone troopers. Bail narrowly escapes the Temple with his own life.

BALA-TIK

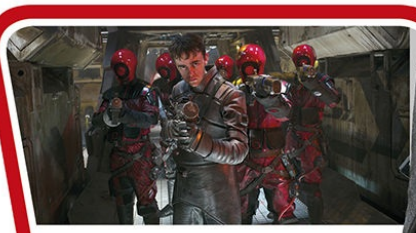
GUAVIAN FRONTMAN



DATA FILE

AFFILIATION: Guavian Death Gang
HOMEWORLD: Unknown
SPECIES: Human
HEIGHT: 1.8m (5ft 10in)
APPEARANCES: VII
SEE ALSO: Guavian security soldier; Kanjiklub gang; Han Solo; Tasu Leech

AN AGENT FOR the Guavian Death Gang, Bala-Tik's patience with Han Solo has been worn out by one too many excuses for failed payments. Bala-Tik brings a group of security soldiers with him to collect what is due from Han.



Bala-Tik and the rest of the Guavians carry black market technology, such as experimental percussive cannons.

THE GUAVIAN enforcers are faceless, voiceless cybernetic soldiers, so they rely on Bala-Tik to act as the negotiator in tense confrontations. In the past, Bala-Tik has often been willing to let Solo go, since the Corellian is a good source of moneymaking leads.

Hunting Solo

Bala-Tik's bosses have ordered him to make an example of Solo. He forges an unlikely alliance with the Kanjiklub gang as they are also owed tens of thousands of credits by Han. After hunting Solo down, Bala-Tik discovers a droid in Solo's possession that the First Order is searching for, and sees an irresistible opportunity to profit.

BANTHA

TATOOINIAN BEASTS OF BURDEN

DATA FILE

HABITAT: Desert
HEIGHT: 2.5m (8ft 2in)
DIET: Herbivorous
LIFESPAN: 80-100 years
APPEARANCES: I, II, CW, IV, VI
SEE ALSO: Tusken Raider

FOR FARMERS AND SETTLERS on Tatooine, a Tusken Raider riding a bantha is a dreaded sight. Tusken Raiders form close bonds with these huge beasts, and use them to carry riders and transport belongings. They even make banthas members of their clans.

Tusken Rider

Tusken Raiders ride banthas in single file to hide their numbers. Tuskens are bonded with a single bantha from a young age.

BOTH MALE and female banthas have spiral horns, which grow at a rate of a knob a year. Banthas can go without food or water for several weeks, making them suited to life in harsh environments like Tatooine.

Herds of banthas wander the dunes and wastes, led by a dominant female.

BARRISS OFFEE

MIRIALAN PADAWAN AND TRAITOR

DATA FILE

AFFILIATION: Jedi
HOMEWORLD: Mirial
SPECIES: Mirialan
HEIGHT: 1.66m (5ft 5in)
APPEARANCES: II, CW
SEE ALSO: Luminara Unduli; Shaak Ti

PADAWAN BARRISS OFFEE is a thoughtful, daring, and studious Jedi. She is the Padawan learner of Master Luminara Unduli. Barriss is a loyal apprentice who adheres closely to the Jedi Code until the trials of the Clone Wars change her point of view.

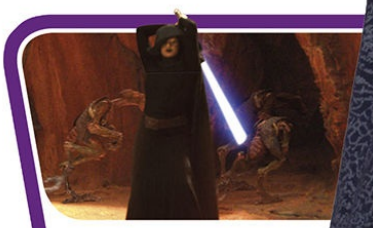
Mirialan tattoos

Two-handed grip for control

Belt contains secret compartment

Hooded robe

BARRISS OFFEE came to view the Jedi role in the Clone Wars as a betrayal of the Order's ideals. She lashes out against her own kind in a rash and violent manner, orchestrating a bombing of the Jedi Temple and framing a fellow Padawan for the crime. Barriss is discovered and imprisoned.



Offee practiced a style of lightsaber fighting known as Soresu.

Powerful Team

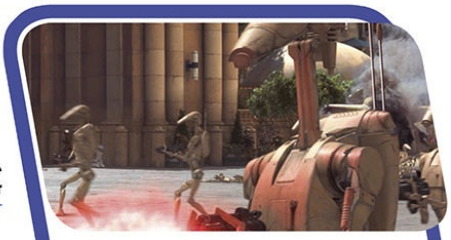
Offee specialized in tandem fighting and used the Force to keep her actions perfectly in sync with her partner Unduli. The team of Unduli and Offee was more powerful than the sum of its parts.

BATTLE DROID

MECHANICAL DROID SOLDIERS

DATA FILE

AFFILIATION: Separatists
TYPE: B1 battle droid
MANUFACTURER: Baktoid Armor Workshop
HEIGHT: 1.91m (6ft 3in)
APPEARANCES: I, II, CW, III
SEE ALSO: Droideka; super battle droid



Battle droids are first deployed against the peaceful people of Naboo.

Simple vocoder

E-5 blaster rifle

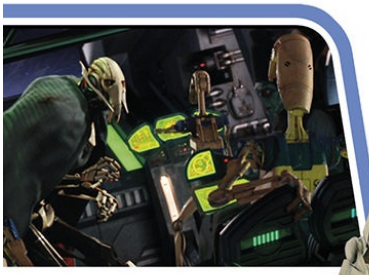
Arm extension piston

BATTLE DROIDS are the ground troops of the Separatist army: fearless, emotionless, and ready to do their masters' bidding. Battle droids are designed to resemble their Geonosian creators.

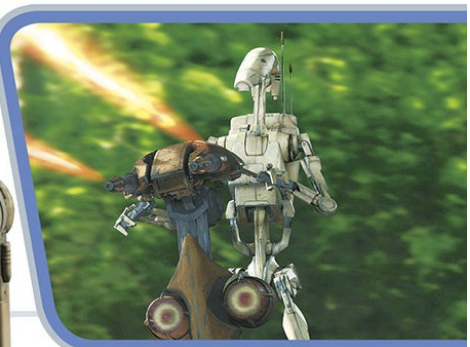
BATTLE DROIDS are intended to win by strength of numbers rather than by individual ability. The droids are mass-produced and unable to think independently. A computer on board a Trade Federation ship feeds them all their mission commands.

Folding knee joint

Limbs resemble humanoid skeletons



Pilot droids operate the vast Separatist fleets.



STAPs

Battle droid scouts and snipers are swept through the air on armed Single Trooper Aerial Platforms, or STAPs. These repulsorlift vehicles can thread through dense forests that would be inaccessible to larger vehicles.

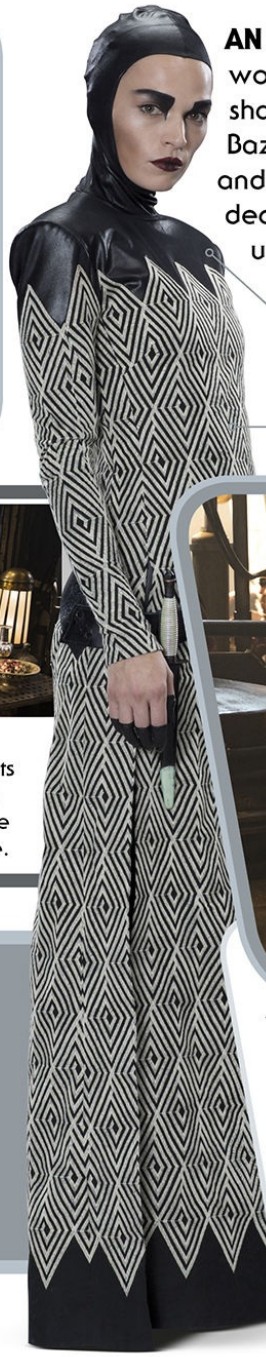
BAZINE NETAL

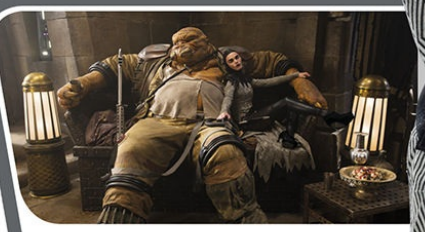
DEEP COVER SPY

DATA FILE

AFFILIATION: Highest bidder
HOMEWORLD: Chaaktil
SPECIES: Human
HEIGHT: 1.7m (5ft 7in)
APPEARANCES: VII
SEE ALSO: Grummgar; Maz Kanata; Kanjiklub gang

AN ALLURING and dangerous woman of intrigue lurking in the shadows of Maz Kanata's castle, Bazine Netal is a master of cloak and dagger. She uses her skills of deception to coax secrets from the unwitting and the unwilling.





Bazine sits with Grummgar, a big game hunter who frequents Maz Kanata's castle. From this vantage point, Bazine can see all that transpires in the castle.

BAZINE LEARNED

the fundamentals of self-defense living in the dangerous streets of Chaako City, the biggest urban center on Chaaktil. Bazine trained under Delphi Kloda, a grizzled former pirate Kanjiklubber who was the closest thing to a father she ever knew. As a result, Bazine is an expert unarmed combatant.

Vanishing Act

Though Bazine prefers to rely on her own skills rather than technology, she nonetheless keeps sophisticated tools in her arsenal. The complex patterns on her dress are lined with sensor-jamming baffleweave, an electronically-impregnated fabric that causes her to disappear from scanner readings.

BB-8

LOYAL ASTROMECH DROID

DATA FILE

AFFILIATION: Resistance
TYPE: Astromech droid
MANUFACTURER: Unknown
HEIGHT: 0.67m (2ft 2in)
APPEARANCES: VII
SEE ALSO: Rey; Poe Dameron; Finn; R2-D2

AN INTENSELY LOYAL astromech, BB-8 bravely rolls into danger when carrying out its assignments. The droid becomes the subject of an intense First Order search when it carries information that could lead to Luke Skywalker.

High frequency receiver antenna

Primary photoreceptor

Swappable tool bay

AS AN ASTROMECH droid, BB-8's small, spherical body is designed to fit into the droid socket of an X-wing starfighter. From that position BB-8 can manage the essential systems of the vessel, make repairs, and plot courses through space.

BB-8 speaks in beeps and whirs, and can project holograms.

Ball Droid

A complex drive system and wireless telemetry keep BB-8 on the move, tumbling its body forward while keeping its head upright. When situations require greater stability, BB-8 can deploy cables from compressed launchers that then anchor the droid in place, or allow it to reel itself into hard-to-reach places.

BERU LARS

LUKE SKYWALKER'S GUARDIAN

DATA FILE

AFFILIATION: None
HOMEWORLD: Tatooine
SPECIES: Human
HEIGHT: 1.65m (5ft 5in)
APPEARANCES: II, III, IV
SEE ALSO: Owen Lars; Luke Skywalker

Simple hairstyle

BERU LARS'S family has been made up of moisture farmers for three generations. At the end of the Clone Wars, Obi-Wan Kenobi asks Beru and her husband, Owen, to raise Luke Skywalker, while he lives nearby to watch over the boy.

Desert tunic

Beru meets Anakin Skywalker when he investigates his mother's kidnapping.

Rough clothing made in Anchorhead

BERU LARS is hard-working and self-reliant. She is well equipped to deal with most of the dangers encountered in the Tatooine desert. However, nothing can prepare Beru for the group of Imperial stormtroopers that come in search of the two renegade droids carrying stolen Death Star plans.

Desert boots

Protector

As Luke becomes a young adult, Beru understands his desire to leave home and join the Imperial Academy. But she also knows the truth about Luke's father, and respects Owen's desire to protect Luke from following in Anakin's footsteps.

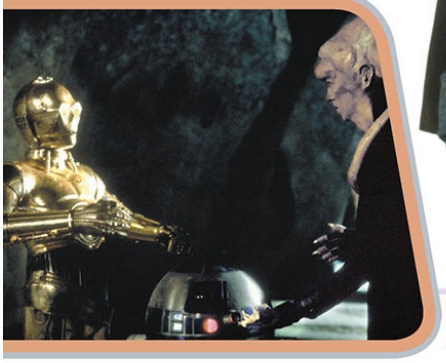
BIB FORTUNA

JABBA'S TWI'LEK MAJOR-DOMO

DATA FILE

AFFILIATION: Jabba's court
HOMEWORLD: Ryloth
SPECIES: Twi'lek
HEIGHT: 2m (6ft 7in)
APPEARANCES: I, VI
SEE ALSO: Jabba the Hutt

THE SINISTER BIB FORTUNA oversees the day-to-day affairs of Jabba the Hutt's desert palace and his estate in Mos Eisley. Before working with Jabba, Bib Fortuna became rich as a slave trader of his own people, the Twi'leks.



Tricked

Bib Fortuna has been Jabba's major-domo (head of staff) for many decades. When two droids arrive unexpectedly to bargain for Han Solo's life, Fortuna unwittingly kickstarts a chain of events that leads to the downfall of the notorious Hutt gangster.

Lekku (head-tails; one of two)

Fortuna hovers near Jabba's ear, whispering advice. Secretly, he plots to kill Jabba!

Silver bracelet

Traditional Ryloth robe

BIB FORTUNA is a powerful and dreaded individual in Jabba's entourage. Whether you are a friend or a foe, Fortuna will use underhand means against you in order to maintain his control within the organization.

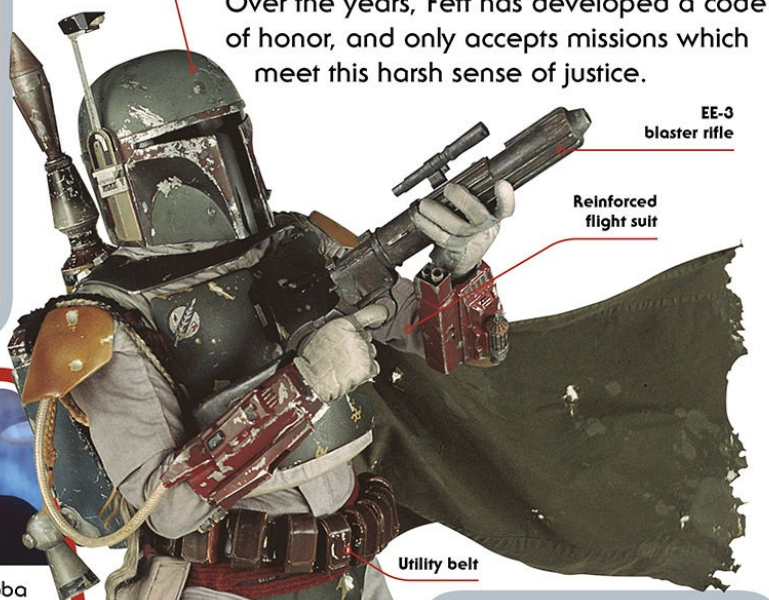
BOBA FETT

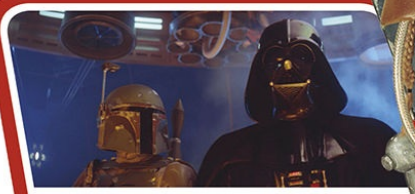
THE BEST BOUNTY HUNTER IN THE GALAXY

DATA FILE

AFFILIATION: Bounty hunter
HOMEWORLD: Kamino
SPECIES: Human clone
HEIGHT: 1.83m (6ft)
APPEARANCES: II, CW, IV, V, VI
SEE ALSO: Jango Fett; Darth Vader; Han Solo; Jabba the Hutt

COOL AND CALCULATING, Boba Fett is a legendary bounty hunter. He is paid to track down and, often, kill targeted individuals. Over the years, Fett has developed a code of honor, and only accepts missions which meet this harsh sense of justice.





On his first mission for Vader, Boba unwittingly reveals that Vader's son is alive by discovering that a Skywalker destroyed the Death Star.

BOBA FETT'S talent and skill, combined with an arsenal of exotic weapons, has brought in many "impossible" bounties. He is notorious for completely disintegrating those whom he has been hired to track down.

Like Father, Like Son

Boba Fett is an exact genetic clone of Jango Fett, who brings Boba up as a son. Boba witnesses Jango's death at the Battle of Geonosis and swears revenge against the Jedi who killed him. In time, he inherits Jango Fett's Mandalorian battle armor and his ship, *Slave I*.

Working for Darth Vader, Fett captures Han Solo and loads his carbon-frozen body into *Slave I*.

BOBBAJO

CRITTERMONGER AND STORYTELLER

DATA FILE

AFFILIATION: None
HOMEWORLD: Jakku
SPECIES: Nu-Cosian
HEIGHT: 1.14m (3ft 9in)
APPEARANCES: VII
SEE ALSO: Teedo; Rey; Unkar Plutt

SHUFFLING HIS rare animal merchandise to various marketplaces and trading posts is Bobbajo, known to many simply as the Crittermonger. He is also known as the Storyteller, for his habit of spinning long and unlikely yarns.

Sneep

Head wrapping

Long, flexible neck

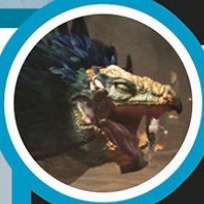
Old Wanderer

Bobbajo has been a fixture on Jakku and nearby worlds for decades. To ensure he always has exotic merchandise, he braves the most treacherous terrain, including the crumbling cliffs of Carbon Ridge. He trudges through the shifting landscape as if following his own peculiar rhythm, ignoring the many dangers that surround him.

THE CREAKY-JOINTED Nu-Cosian has an unflappable, kind personality that has a calming effect on the jittery creatures he keeps in his cages. It also lends a magical quality to his storytelling, as his gentle nature attracts many listeners.

BOGA

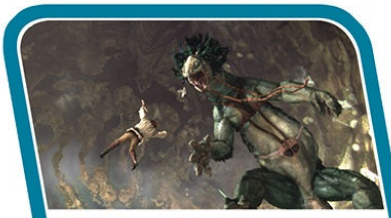
OBI-WAN KENOBI'S MOUNT ON UTAPAU



DATA FILE

HOMEWORLD: Utapau
LENGTH: 15m (49ft)
DIET: Herbivorous
HABITAT: Arid scrubland, Utapaun sinkholes
APPEARANCES: III
SEE ALSO: Utai

BOGA IS A DOMESTICATED varactyl. On Utapau, Obi-Wan Kenobi rides Boga across the planet's hazardous sinkholes and sheer cliff faces in search of General Grievous. Boga is well-trained and highly responsive to the Jedi's command.



Boga and Kenobi plunge down a sinkhole after turncoat clones unleash a hail of blaster fire.

Crest present in both male and female

Spines for defense

Five-clawed feet provide excellent purchase

VARACTYLS have powerful limbs and clawed feet, which makes them fast runners and excellent climbers. On Utapau, they are coralled by wranglers and used as transports.

Swift Boga

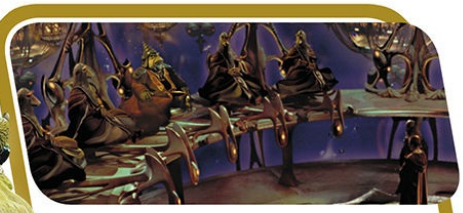
Boga, with Obi-Wan Kenobi in the saddle, keeps pace with General Grievous on his Wheel Bike. After many twists and turns, Obi-Wan, with Boga's help, confronts and destroys the General.

BOSS NASS

GUNGAN LEADER

DATA FILE

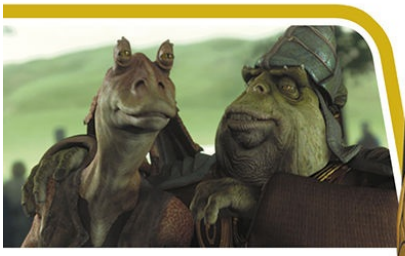
AFFILIATION: Gungan Rep Council, Gungan Grand Army
HOMEWORLD: Naboo
SPECIES: Gungan
HEIGHT: 2.06m (6ft 9in)
APPEARANCES: I, III
SEE ALSO: Padmé Amidala; Jar Jar Binks



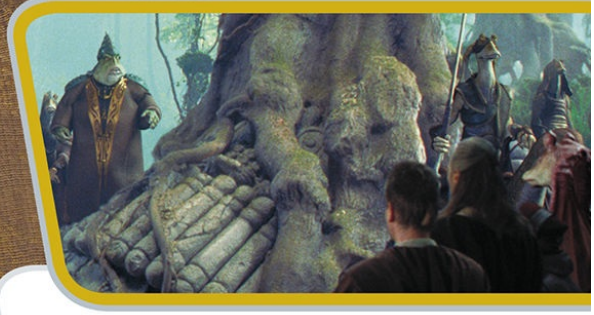
The Gungan High Council has the power to summon the Gungan Grand Army.

BOSS NASS sits on the Gungan High Council. He is a fair but stubborn ruler. He particularly resents the Naboo's belief that the Gungans are primitive simply because Gungans prefer to use traditional crafts and technologies.

BOSS NASS is the stern, old-fashioned ruler of Otoh Gunga, the largest of the Gungan underwater cities on Naboo. He speaks Galactic Basic (the most widely used language in the galaxy) with a strong accent.



For Jar Jar's help during the Naboo blockade, Nass reverses his banishment from Otoh Gunga.



Teamwork

When his planet is faced with invasion, Boss Nass puts aside his prejudice against the Naboo. He receives Queen Amidala when she humbly asks him for help. Boss Nass realizes that his people must work together with the Naboo or die, and a new friendship is forged between the two cultures.

BOSSK

TRANDOSHAN BOUNTY HUNTER

DATA FILE

AFFILIATION: Bounty hunter
HOMEWORLD: Trandosha
SPECIES: Trandoshan
HEIGHT: 1.9m (6ft 3in)
APPEARANCES: CW, V, VI
SEE ALSO: Aurra Sing; Boba Fett; Darth Vader

THE TOUGH AND RESILIENT Bossk is a reptilian Trandoshan bounty hunter. He used to track runaway slaves. Now he claims bounties for the Empire, and is incredibly successful at capturing his prey.

BOSSK began his career doing a form of bounty hunting that few other species would risk: hunting Wookiees. Later, he hunts other species. During the Clone Wars, Bossk teams up with Aurra Sing, young Boba Fett, and a Klatooinian bounty hunter named Castas.

Eyes can see in infrared range
Sling for grenade launcher
Flak vest
Relby v-10 micro grenade launcher
Lost fingers, skin, and even limbs can regrow until adulthood

Bossk and other bounty hunters frequently visit Jabba the Hutt, seeking their next job.

Tough Trandoshan

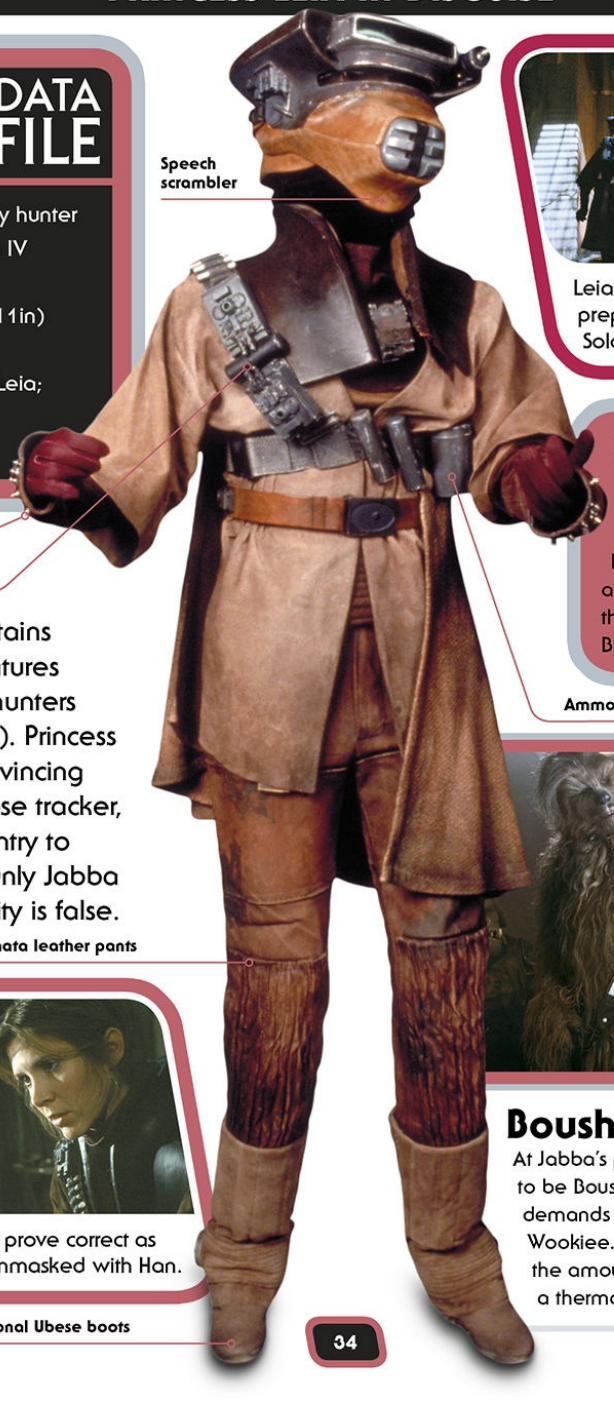
Fond of skinning his captives when possible, Bossk is as vile and mean as bounty hunters get. He is one of the six bounty hunters Darth Vader enlists to track down and capture the *Millennium Falcon*.

BOUSHH

PRINCESS LEIA IN DISGUISE

DATA FILE

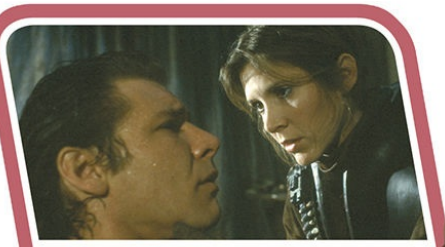
AFFILIATION: Bounty hunter
HOMEWORLD: Uba IV
SPECIES: Ubese
HEIGHT: 1.5m (4ft 11in)
APPEARANCES: VI
SEE ALSO: Princess Leia; Chewbacca; Jabba the Hutt



Leia, in disguise as Boushh, prepares to release Han Solo from frozen captivity.

BOUSHH'S survival clothing fits Leia perfectly. The real Boushh worked for many paymasters, but his downfall came when he accepted work from—and then tried to blackmail—the Black Sun crime syndicate.

THE GALAXY contains many bizarre creatures acting as bounty hunters (or claiming to be). Princess Leia adopts a convincing identity as an Ubese tracker, Boushh, to gain entry to Jabba's palace. Only Jabba suspects her identity is false.



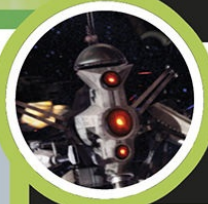
Jabba's suspicions prove correct as he catches Leia unmasked with Han.

Boushh's Bounty

At Jabba's palace, Chewbacca pretends to be Boushh's captive, and Boushh demands a high price for the captured Wookiee. When Jabba disagrees over the amount of credits, Boushh pulls out a thermal detonator.

BUZZ DROID

SEPARATIST SABOTAGE DROIDS



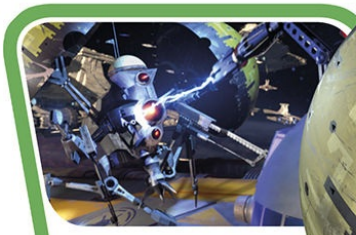
DATA FILE

AFFILIATION: Separatists
TYPE: Pistoeka sabotage droid
MANUFACTURER: Colicoid Creation Nest
WIDTH: 25cm (10in)
APPEARANCES: CW, III
SEE ALSO: Obi-Wan Kenobi; R2-D2

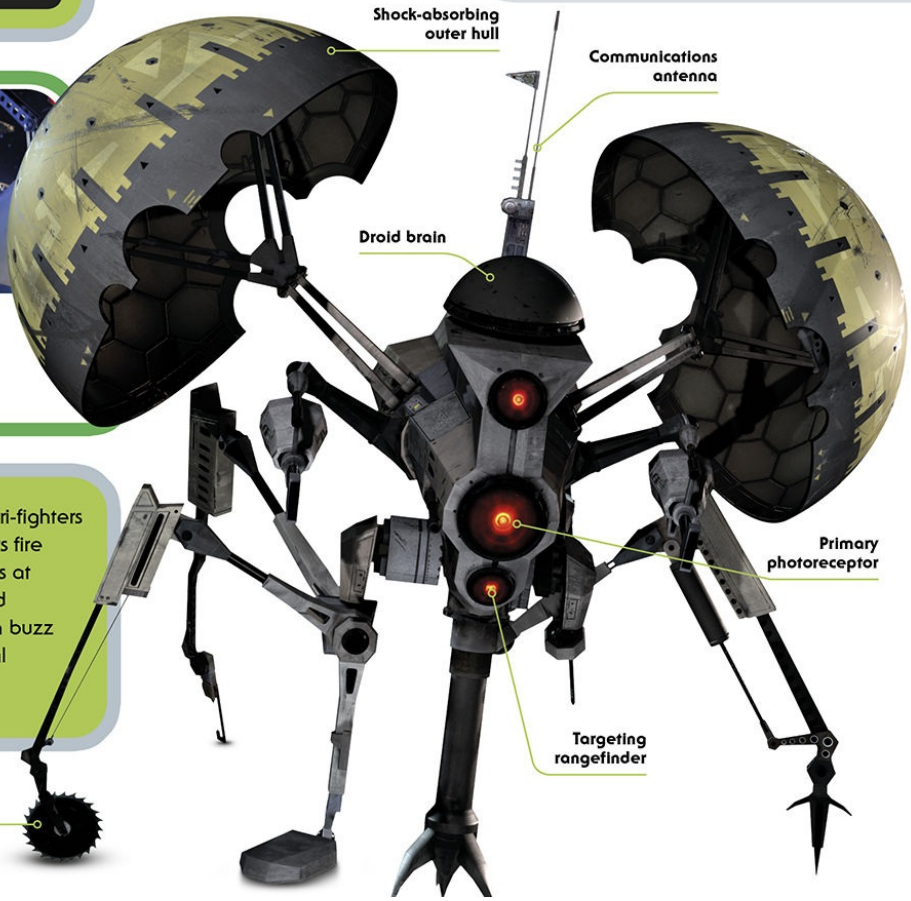
BUZZ DROIDS are small droids used by the Separatist armies. Swarms of buzz droids attack enemy ships, dodging their way through defenses with their maneuvering thrusters. They use their manipulator arms and cutting tools to inflict as much damage as possible.

Under Attack

In the Battle of Coruscant, buzz droids attack Obi-Wan's starfighter and destroy his astromech droid, R4-P17.



Feisty R2-D2 targets a buzz droid's weak point: its primary photoreceptor eye.



SEPARATIST droid tri-fighters and vulture droid starfighters fire jet-powered discord missiles at enemy targets. Each discord missile contains up to seven buzz droids, enclosed in spherical casings that split open to reveal the droid inside.

C-3PO

GOLDEN PROTOCOL Ddroid

DATA FILE

AFFILIATION: Republic/ Rebel Alliance/Resistance
TYPE: Protocol droid
MANUFACTURER: Cybot Galactica
HEIGHT: 1.67m (5ft 6in)
APPEARANCES: I, II, CW, III, R, IV, V, VI, VII
SEE ALSO: R2-D2; Anakin Skywalker; Luke Skywalker

C-3PO IS PROGRAMMED to assist in matters of etiquette and translation. Thrown into a world of adventure, he is often overwhelmed by the action around him. But he forms a capable team when partnered with the resourceful R2-D2.

Anakin Skywalker built the working skeleton of C-3PO from scrap parts.

C-3PO first works for Anakin Skywalker and his mother, Shmi. Anakin then gives C-3PO to Senator Padmé Amidala as a wedding gift. After Padmé's death, C-3PO is assigned to Bail Organa, until Darth Vader captures the *Tantive IV*. C-3PO escapes to Tatooine and is sold to Luke Skywalker.

Golden God

Despite his fear of excitement, C-3PO has led an adventurous life, often losing limbs or bits of circuitry along the way (though he is easily repaired). On Endor, a tribe of Ewoks worships C-3PO as a "golden god," which leads the Ewoks to support the rebels and play a decisive role in defeating the Empire.

CAPTAIN ANTILLES

CAPTAIN OF THE *TANTIVE IV*

DATA FILE

AFFILIATION: Republic/Rebel Alliance
HOMEWORLD: Alderaan
SPECIES: Human
HEIGHT: 1.88m (6ft 2in)
APPEARANCES: III, IV
SEE ALSO: Bail Organa; Princess Leia

CAPTAIN RAYMUS ANTILLES is commander of Bail Organa's fleet of diplomatic cruisers. Under the Empire, Antilles becomes a rebel and serves as captain of the *Tantive IV* under Organa's adopted daughter, Leia Organa.

CAPTAIN ANTILLES is a highly capable pilot. He has taken part in many daring missions for the rebels, and has had notable success breaking through Imperial blockades.

The Alderaan royal family owns the diplomatic cruiser *Tantive IV*.

Cape of Alderaanian nobility

Wrist guard

Target blaster

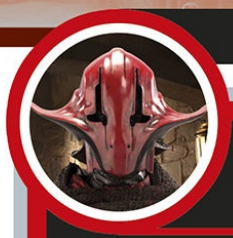
Flight boots

Stranglehold

In the battle over Tatooine, Darth Vader boards the *Tantive IV* and demands that Antilles surrenders the stolen Death Star plans. When he refuses, Vader destroys him.

CAPTAIN ITHANO

CRIMSON CORSAIR



DATA FILE

AFFILIATION: Pirate
HOMEWORLD: Unknown
SPECIES: Delphidian
HEIGHT: 1.93m (6ft 4in)
APPEARANCES: VII
SEE ALSO: Finn; Maz Kanata

THE ERA OF LAWLESSNESS that follows the Galactic Civil War leads to the rise of the colorful pirate, Sidon Ithano. Ithano uses many flashy aliases, and tales of his exploits continue to grow.

Pirate Crew

Ithano pilots the *Meson Martinet*, and his pirate crew (which includes his one-legged First Mate Quiggold) runs a smooth ship. Finn very nearly joins Ithano's crew at Maz's castle, when he tries to find a new life after deserting from the First Order.

Captured Kanjiklub rifle

Ithano's polished Kaleesh war helmet conceals his Delphidian features.

Armorweave lined cape

ITHANO IS

extremely vain, and relishes stories of his deeds as the "Blood Buccaneer," the "Crimson Corsair," or the "Red Raider." He lets these stories do the hard work for him, as many targeted vessels surrender without putting up a fight.

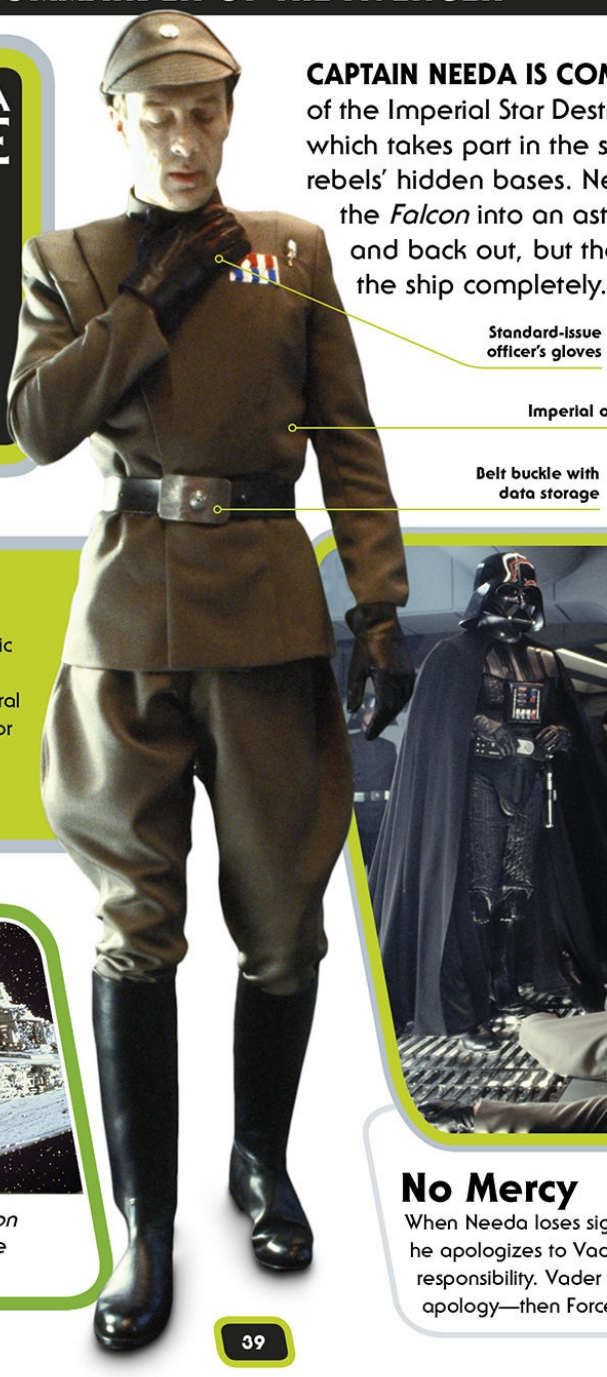
CAPTAIN NEEDA

COMMANDER OF THE *AVENGER*

DATA FILE

AFFILIATION: Empire
HOMEWORLD: Coruscant
SPECIES: Human
HEIGHT: 1.75m (5ft 9in)
APPEARANCES: V
SEE ALSO: Darth Vader; Admiral Ozzel

CAPTAIN NEEDA IS COMMANDER of the Imperial Star Destroyer *Avenger*, which takes part in the search for the rebels' hidden bases. Needa follows the *Falcon* into an asteroid field and back out, but then loses the ship completely.



LORTH NEEDA is a dependable and ruthless officer who served the Galactic Republic in the Clone Wars during the Battle of Coruscant, when General Grievous "kidnapped" Chancellor Palpatine. Now an Imperial officer, Needa fails to live up to Vader's exacting standards.

Needa fails to see that the *Falcon* "disappeared" by clinging to the side of his Star Destroyer.

No Mercy

When Needa loses sight of the *Falcon*, he apologizes to Vader, accepting full responsibility. Vader accepts Needa's apology—then Force-chokes him.

CAPTAIN PANAKA

NABOO HEAD OF SECURITY

DATA FILE

AFFILIATION: Royal Naboo Security Forces
HOMEWORLD: Naboo
SPECIES: Human
HEIGHT: 1.83m (6ft)
APPEARANCES: 1
SEE ALSO: Padmé Amidala

AS HEAD OF SECURITY for Queen Amidala on Naboo, Captain Panaka oversees every branch of the volunteer Royal Naboo Security Forces. During the invasion of Naboo, Panaka sees the dangerous state of affairs in the galaxy and argues for stronger security measures.

CAPTAIN PANAKA gained combat experience in a Republic Special Task Force, fighting against space pilots in the sector containing the Naboo system.

Leather jerkin

Utility belt

High officer headgear

Stripes on coat indicate rank

After Queen Amidala's abdication, Panaka serves Queen Jamillia.

Royal Responsibility

Panaka is responsible for Queen Amidala's safety, accompanying her during the escape from Naboo. When the Queen returns to Naboo to reclaim her throne, Panaka is by her side, offering cover fire during the infiltration of the Palace.

CAPTAIN PHASMA

STORMTROOPER COMMANDER

DATA FILE

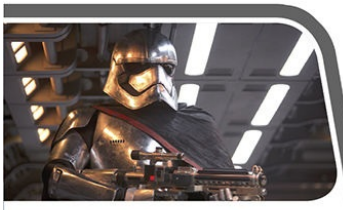
AFFILIATION: First Order
HOMEWORLD: Unknown
SPECIES: Human
HEIGHT: 2m in armor (6ft 6in)
APPEARANCES: VII
SEE ALSO: Kylo Ren; General Hux; Finn; First Order stormtrooper

CLAD IN DISTINCTIVE metallic armor, Captain Phasma commands the First Order's legions of stormtroopers. She sees it as her duty to ensure only the best soldiers serve the First Order.

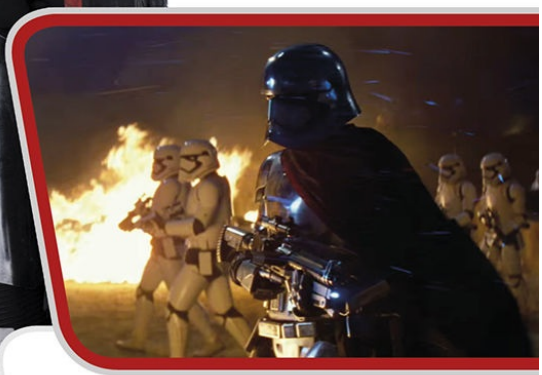
Chromium-plated F-11D blaster rifle

Crush gauntlets

Armorweave cape



When FN-2187, a stormtrooper under her command, abandons his duties and defects to the Resistance, Phasma takes it as a personal failing.



Forged in Battle

Phasma believes that true soldiers are only made in combat. Though she recognizes the value of the complex simulations used in stormtrooper training, she thinks that success in simulations is no real guarantee of a soldier's bravery.

DESPITE HER RANK,

Phasma prefers being in the thick of combat operations, witnessing battle firsthand and fighting alongside her troops. Her armor is coated in salvaged Naboo chromium that offers protection and emphasizes her authority.

CAPTAIN TYPHO

SENATOR AMIDALA'S HEAD OF SECURITY

DATA FILE

AFFILIATION: Royal Naboo Security Forces
HOMEWORLD: Naboo
SPECIES: Human
HEIGHT: 1.85m (6ft 1in)
APPEARANCES: II, CW, III
SEE ALSO: Padmé Amidala; Captain Panaka

CAPTAIN TYPHO is well respected for his loyalty. His uncle, Captain Panaka, was head of security for Padmé Amidala when she was Queen of Naboo. Now Typho oversees security for Padmé in her role as Senator for Naboo.

AT THE TIME of the Battle of Naboo, Typho was a Junior Palace Guard. Despite his young age, Typho played a brave part in the conflict, losing his eye in the line of duty. Captain Typho is given his Senatorial post because of his loyalty and his ties to Panaka.

Captain Typho is by Amidala's side on many missions throughout the Clone Wars.

A Dangerous World

Captain Typho accompanies Senator Amidala to Coruscant, where an assassination attempt kills seven in his command, including Padmé's handmaiden Cordé (disguised as Padmé). Typho soon realizes that even his strict security measures might not be enough in the new, dangerous world of the Clone Wars.

CHANCELLOR VALORUM

HEAD OF THE REPUBLIC BEFORE PALPATINE

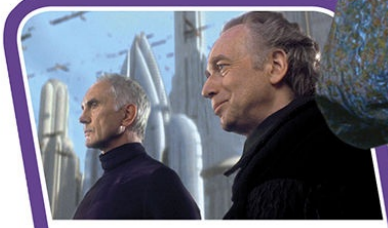
DATA FILE

AFFILIATION: Republic
HOMEWORLD: Coruscant
SPECIES: Human
HEIGHT: 1.7m (5ft 7in)
APPEARANCES: I, CW
SEE ALSO: Palpatine; Padmé Amidala; Mas Amedda

BEFORE PALPATINE becomes Supreme Chancellor, Finis Valorum holds the highest position in the Galactic Senate. He rules the Republic when Trade Federation warships blockade the peaceful planet of Naboo. Padmé Amidala blames Valorum personally.

Ornate overcloak

Blue band symbolic of Supreme Chancellor



When Valorum resigns, Senator Palpatine steps in, promising strength and effectiveness.

Veda cloth robe

VALORUM comes from a family of politicians. All his life, he has been preparing for the office of Supreme Chancellor. This is a man who enjoys the privileges of a head of state. However, this attitude does not endear him to ordinary voters.

Weak Leader

While Naboo suffers, the Senate debates its options but does not act. The Speaker, Mas Amedda (secretly working for Palpatine), knows that this indecision will make Valorum look weak and ineffective.

CHEWBACCA

WOOKIEE WARRIOR, PILOT, AND HERO

DATA FILE

AFFILIATION: Rebel Alliance/Resistance
HOMEWORLD: Kashyyyk
SPECIES: Wookiee
HEIGHT: 2.28m (7ft 6in)
APPEARANCES: CW, III, IV, V, VI, VII
SEE ALSO: Han Solo; Tarfful

CHEWBACCA is a Wookiee mechanic and pilot. During the Clone Wars, he fights to defend his planet. In the time of the Empire, he is first mate and loyal friend to Han Solo aboard the *Millennium Falcon*.

CHEWIE SERVES

as Han Solo's fiercely loyal copilot and trusty fellow adventurer. He enjoys the thrilling action that Solo gets them into, but sometimes tries to act as a check on his partner's willfulness.

Thirty years after the Rebellion, Han and Chewie are still side by side.

Wookiee Mechanic

The great Wookiee uses his mechanical abilities to keep Solo's starship flying. Later, he will employ these skills to completely reconstruct C-3PO after the poor droid is blasted apart on Cloud City.

CHIEF CHIRPA

EWOK LEADER

DATA FILE

AFFILIATION: Bright Tree Village
HOMEWORLD: Forest moon of Endor
SPECIES: Ewok
HEIGHT: 1m (3ft 3in)
APPEARANCES: VI
SEE ALSO: Logray; Teebo

WISE CHIEF CHIRPA has led the Bright Tree tribe on the forest moon of Endor for 42 seasons. When his Ewok tribe captures a Rebel Alliance strike force, Chirpa is only stopped from sacrificing them by C-3PO, whom the superstitious Ewoks believe is a "golden god."

CHIEF Chirpa leads his village with understanding, though he has become a bit forgetful in his old age. His authority commits the Ewoks to their dangerous fight against the Empire.

The Bright Tree tribe lives in a village high up in the treetops.

New Recruits

After listening to C-3PO's account of the resistance to the Empire, Chirpa commits the Ewoks to the struggle. In the Battle of Endor, the Ewok warriors use all their cunning and fierceness to defeat the superior forces of the Imperial army.

CLIEGG LARS

SHMI SKYWALKER'S HUSBAND

DATA FILE

AFFILIATION: None
HOMEWORLD: Tatooine
SPECIES: Human
HEIGHT: 1.83m (6ft)
APPEARANCES: II
SEE ALSO: Shmi Skywalker; Owen Lars; Beru Lars

WHEN TATOOINIAN moisture farmer Cliegg Lars goes looking for a farmhand in Mos Espa, he instead meets a slave and falls in love. The slave is Shmi Skywalker, Anakin Skywalker's mother. In order to marry Shmi, Cliegg buys her freedom from Watto, the flying junk dealer who owns her.

Cliegg loses a leg in his attempt to rescue Shmi from Tusken Raiders.

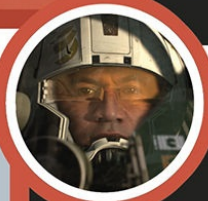
CLIEGG'S father was a Tatooinian farmer, but young Cliegg wanted to experience life on a bustling Core World. Here, he fell in love with and married Aika. But when Aika died, Cliegg returned to Tatooine to run the family farm.

Heartbroken

Cliegg loses Shmi when Tusken Raiders kidnap and kill her. After her death, Cliegg remains determined to live the life he has worked so hard to create. Sadly, he dies shortly afterward from a broken heart.

CLONE PILOT

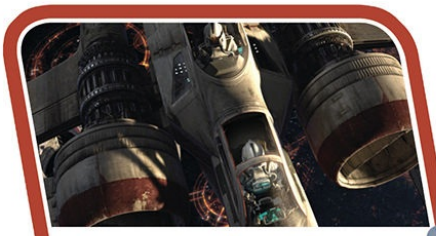
SPECIALIST CLONE AIRMEN



DATA FILE

AFFILIATION: Republic/Empire
SPECIES: Human clone
STANDARD EQUIPMENT: DC-15a blaster; thermal detonators; ammunition
APPEARANCES: II, CW, III
SEE ALSO: Clone trooper

FROM THE START of the Clone Wars, clones were trained to fly LAAT gunships. As the war progresses, a new breed are trained to fly the hyperspace-capable ARC-170 and V-wing starfighters.



A pilot and copilot/forward gunner fly an ARC-170 fighter at the Battle of Coruscant.

Gunship Pilots

At the start of the Clone Wars, in the Battle of Geonosis, done pilots fly LAAT/i and LAAT/c gunships. They wear Phase I battle armor, distinguished by yellow markings and specialized full-face helmets.

IN THE BATTLE OF

Coruscant, most clone pilots wear Phase II pilot armor, with helmets fitted with anti-glare blast visors. V-wing pilots, however, wear fully enclosed helmets since these ships carry no on-board life-support systems.

THE FIRST CLONE troopers are designated Phase I because of their style of armor. Born and raised in Kaminoan cloning factories, they are trained for no other purpose than to fight, and feel virtually invincible.

PHASE I armor is loosely based on Jango Fett's Mandalorian shock trooper armor. It consists of 20 armor plates and is often referred to as the "body bucket" because it is heavy and uncomfortable.

First Strike

When the Separatist droid army makes its first all-out strike on Geonosis, the Senate has no choice but to send in an army of clone soldiers that it has neither amassed nor trained. Under the skillful command of the Jedi, the clones force a droid retreat.

CLONE TROOPER (PHASE II)

Superior Troopers

Clone troopers are equipped with far more advanced armor and air support than the Separatists, allowing them to easily cut through the battle droid ranks.

PHASE II armor is stronger, lighter, and more adaptable than Phase I armor, and has many specialist variations.

COLEMAN TREBOR

VURK JEDI MASTER

DATA FILE

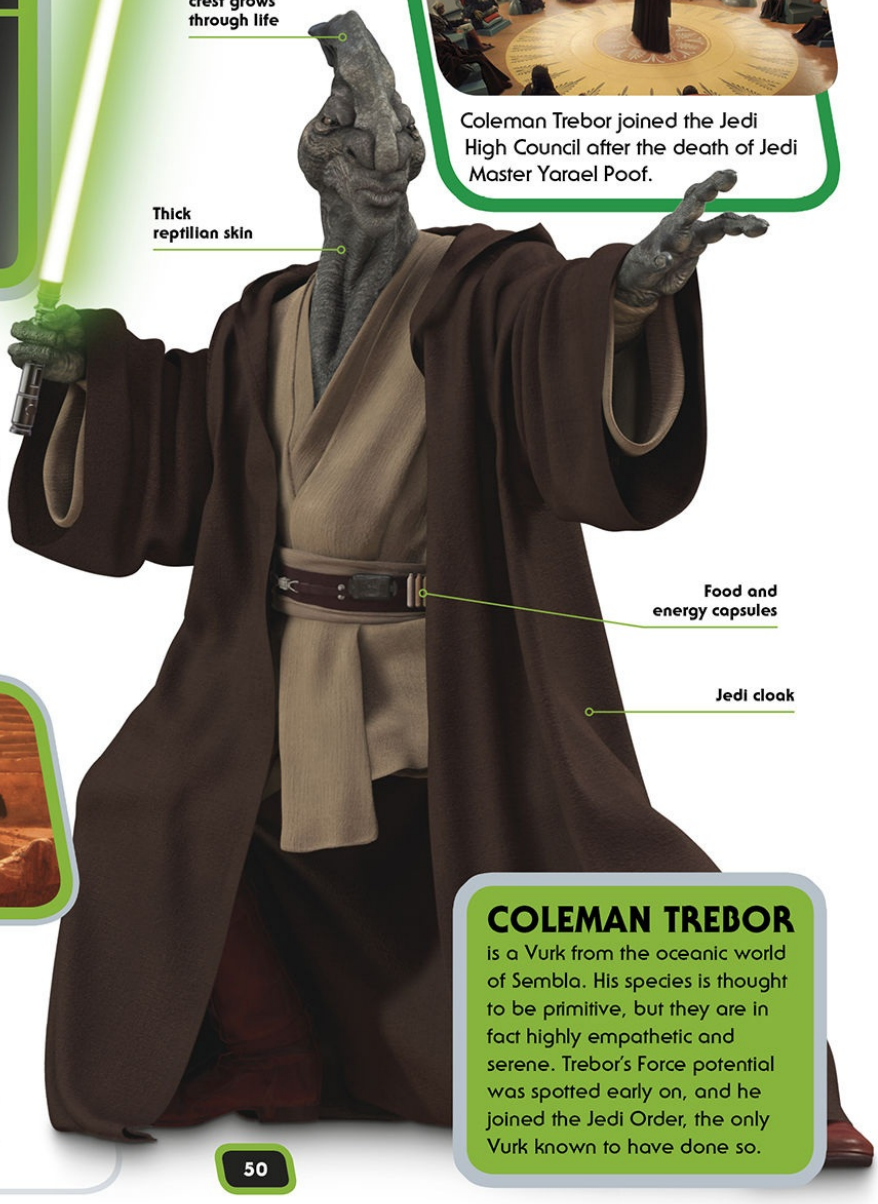
AFFILIATION: Jedi
HOMEWORLD: Sembla
SPECIES: Vurk
HEIGHT: 2.13m (7ft)
APPEARANCES: II
SEE ALSO: Yaroel Poof; Count Dooku

Coleman Trebor joined the Jedi High Council after the death of Jedi Master Yaroel Poof.

JEDI MASTER Coleman Trebor is revered as a skillful mediator, bringing difficult disputes to a harmonious end. His skill with a lightsaber is also impressive, and he joins Windu's taskforce to Geonosis.

Facing Dooku

On Geonosis, Coleman Trebor seizes his opportunity and steps up to Count Dooku, taking the Separatist leader by surprise. But bounty hunter Jango Fett quickly fires his blaster at the noble Jedi, who falls to his death.



COLEMAN TREBOR

is a Vurk from the oceanic world of Sembla. His species is thought to be primitive, but they are in fact highly empathetic and serene. Trebor's Force potential was spotted early on, and he joined the Jedi Order, the only Vurk known to have done so.

COMMANDER BACARA

KI-ADI-MUNDI'S CLONE COMMANDER

DATA FILE

AFFILIATION: Republic/Empire
HOMEWORLD: Kamino
SPECIES: Human clone
HEIGHT: 1.83m (6ft)
APPEARANCES: III
SEE ALSO: Ki-Adi-Mundi; clone trooper (Phase II)

Bacara and snow armor-clad Galactic Marines fight on planet Mygeeto.

CLONE COMMANDER

Bacara (also known as CC-1138) received ARC training. The ARC program turns ordinary clones into leaders by developing their individual thinking. Bacara serves Jedi Master Ki-Adi-Mundi.

Battle of Mygeeto

Commander Bacara fights alongside Ki-Adi-Mundi in many battles. At the end of the Clone Wars, the two warriors travel to the snow-covered world of Mygeeto, where Republic forces have been fighting droids for two years. Bacara leads his fellow marines through Mygeeto's cities.

BEFORE TAKING

part in ARC training, Bacara was one of the few clones who trained with an ex-Journeyman Protector, lawmen from the Mandalorian world of Concord Dawn, rather than with Fett's hand-picked bounty hunter instructors. For some, this explains Bacara's reputation as a loner.

COMMANDER BLY

Cody's last loyal action: returning Kenobi's lost lightsaber to the Jedi.

CLONE UNIT 2224, known as Commander Cody, is often assigned to Jedi General Obi-Wan Kenobi. He is one of the original clones from Kamino. His extra training developed leadership ability.

CLONE COMMANDERS

like Cody use names in addition to numerical designations. The Jedi and progressive-thinking Republic officials initiated this practice in order to foster a growing fellowship. This is why CC-2224 came to be called Cody.

Sidious in Charge

Cody fights loyally and bravely alongside General Kenobi on many missions in the Clone Wars, including on Lola Sayu and Utapau. They have established an easy-going camaraderie. Nevertheless, when Cody receives Palpatine's Order 66 to destroy the Jedi, he does so without giving his betrayal a second thought.

COMMANDER GREE

SENIOR CLONE COMMANDER ON KASHYYYK

DATA FILE

AFFILIATION: Republic
HOMEWORLD: Kamino
SPECIES: Human clone
HEIGHT: 1.83m (6ft)
APPEARANCES: CW, III
SEE ALSO: Yoda; Luminara Unduli

Ultimately loyal only to Palpatine, Gree attempts to kill Yoda. But Yoda strikes down the clone.

CLONE COMMANDER GREE commands the 41st Elite Corps in the Clone Wars. Led by Jedi General Luminara Unduli, the 41st specializes in long-term missions on alien worlds. Gree uses his knowledge of the customs of alien species to help build alliances with local populations.

CLONE UNIT 1004 chose the name Gree to express his interest in the wide and varied alien cultures found throughout the galaxy. The Gree is a little-known alien species.

Wookiee Defenders

Gree serves under Jedi Master Yoda at the Battle of Kashyyyk. Gree's camouflage armor provides cover in the green jungles of the Wookiee planet. His battle-hardened clone troopers are also equipped for jungle warfare.

COMMANDER NEYO

STASS ALLIE'S CLONE COMMANDER

DATA FILE

AFFILIATION: Republic/Empire
HOMEWORLD: Kamino
SPECIES: Human clone
HEIGHT: 1.83m (6ft)
APPEARANCES: CW, III
SEE ALSO: Stass Allie; clone trooper (Phase II)

CLONE COMMANDER NEYO is assigned to the 91st Reconnaissance Corps, which often utilizes BARC speeders. Neyo fights many battles in the Outer Rim sieges during the Clone Wars.

Neyo serves with Jedi Stass Allie in the siege of the Separatist planet Saleucami.

NEYO, or unit 8826, is one of the first 100 graduates from the experimental clone commander training program on Kamino. Bred solely for fighting, Neyo developed a disturbingly cold personality.

Clone Betrayal

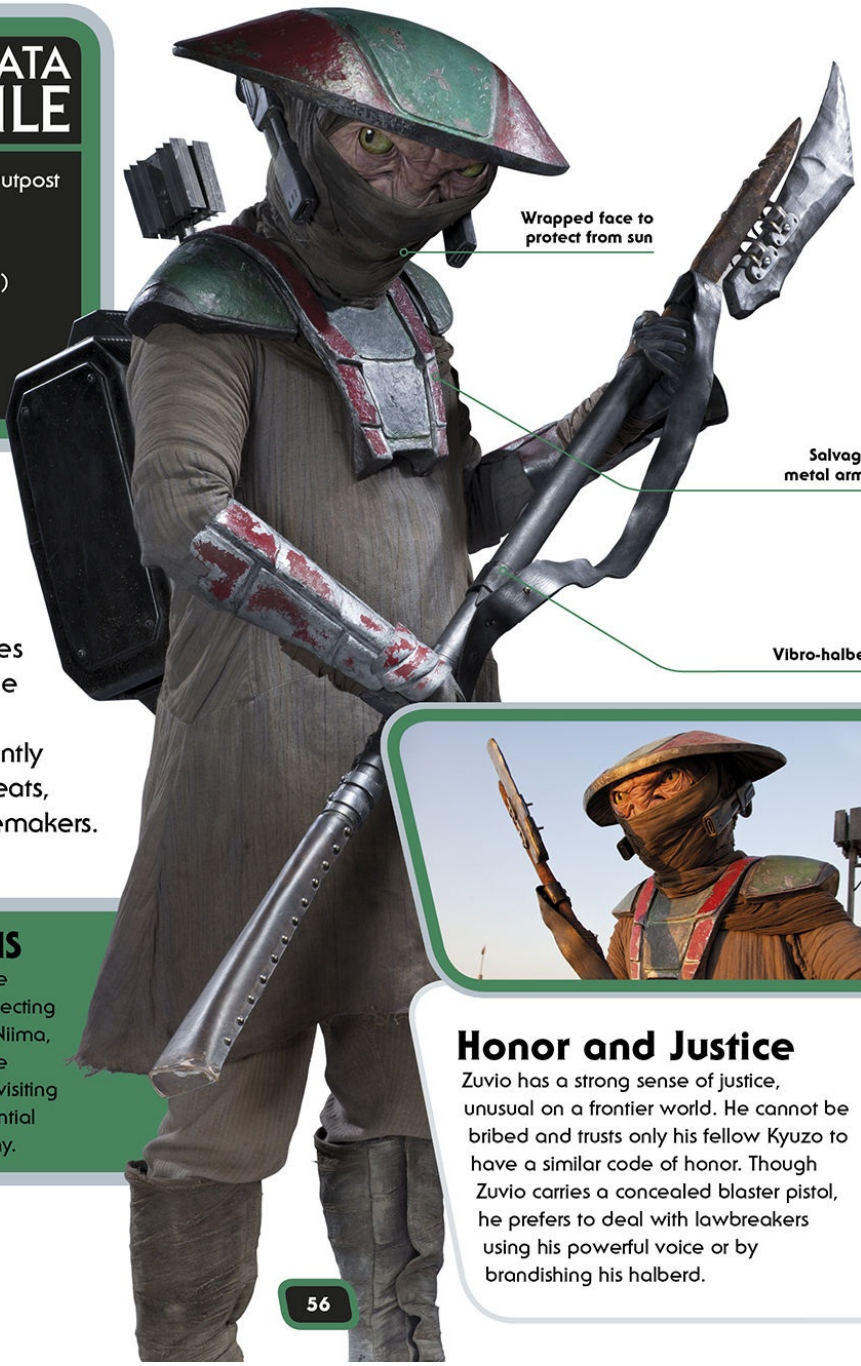
After the Republic captures Saleucami, Neyo stays on to destroy the last pockets of resistance. During a speeder patrol with Stass Allie, Neyo receives Order 66 and turns his laser cannons on the Jedi General.

CONSTABLE ZUVIO

NIIMA OUTPOST LAWMAN

DATA FILE

AFFILIATION: Niima Outpost
HOMEWORLD: Jakku
SPECIES: Kyuzo
HEIGHT: 1.6m (5ft 3in)
APPEARANCES: VII
SEE ALSO: Teedo; Unkar Plutt



A TOUGH AND humorless law officer at Niima Outpost on Jakku, Constable Zuvio tries to keep the salvage operation running smoothly. He vigilantly cracks down on cheats, thieves, and troublemakers.

ZUVIO AND HIS fellow Kyuzo lawmen are mainly charged with protecting the landing paddock at Niima, making sure no would-be thieves touch any of the visiting starships that are so essential to Jakku's fragile economy.

Honor and Justice

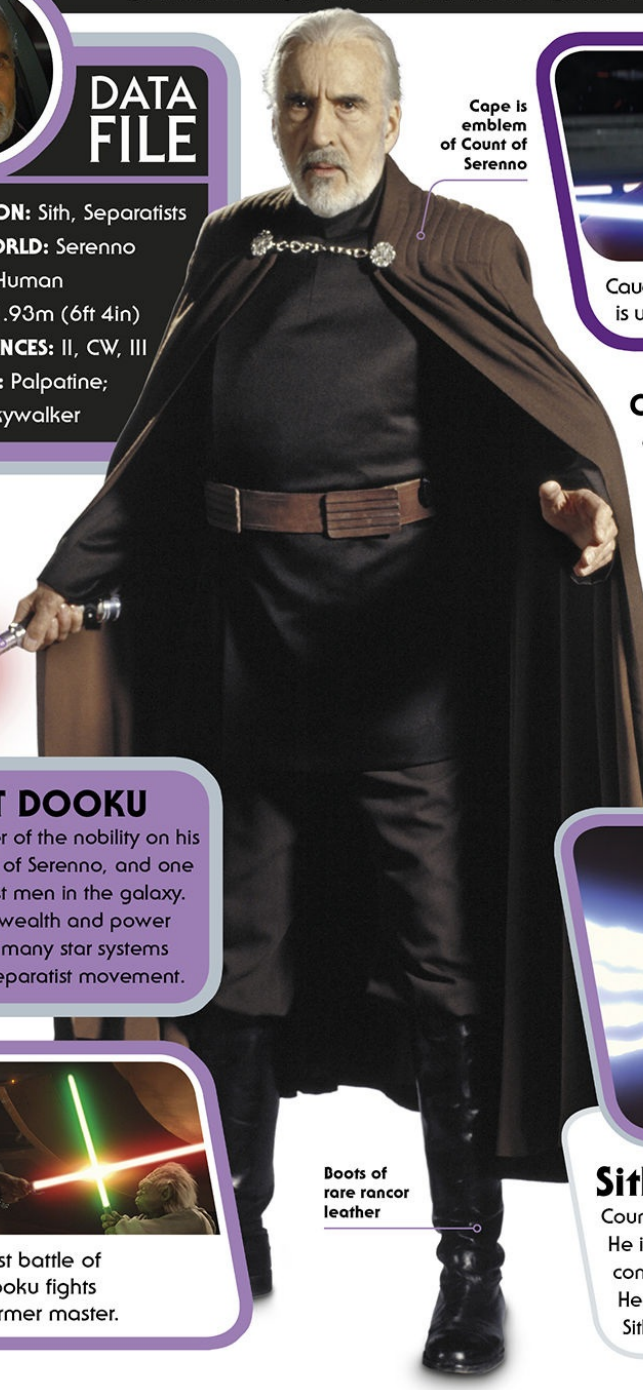
Zuvio has a strong sense of justice, unusual on a frontier world. He cannot be bribed and trusts only his fellow Kyuzo to have a similar code of honor. Though Zuvio carries a concealed blaster pistol, he prefers to deal with lawbreakers using his powerful voice or by brandishing his halberd.

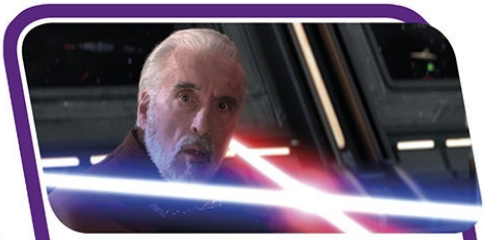
COUNT DOOKU

SEPARATIST LEADER AND SITH LORD

DATA FILE

AFFILIATION: Sith, Separatists
HOMEWORLD: Serenno
SPECIES: Human
HEIGHT: 1.93m (6ft 4in)
APPEARANCES: II, CW, III
SEE ALSO: Palpatine; Anakin Skywalker



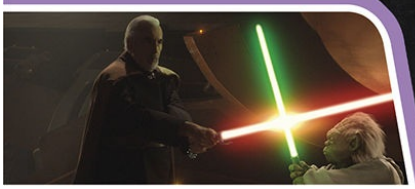


Caught between Anakin's blades, Dooku is unprepared for Sidious's treachery.

COUNT DOOKU was once a Jedi Master. But his independent spirit led him away from the Order and he became a Sith apprentice, named Darth Tyranus. As Dooku, he leads the Separatist movement, which seeks independence from the Republic.

COUNT DOOKU

is a member of the nobility on his homeworld of Serenno, and one of the richest men in the galaxy. He uses his wealth and power to convince many star systems to join his Separatist movement.



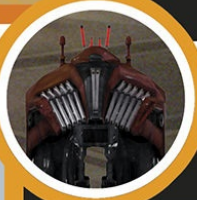
During the first battle of Geonosis, Dooku fights Yoda—his former master.

Sith Skills

Count Dooku is a formidable opponent. He is a master of ancient Form II lightsaber combat, characterized by graceful moves. He can also project deadly streams of Sith Force lightning from his fingertips.

CRAB DROID

SIX-LEGGED BATTLE DROIDS



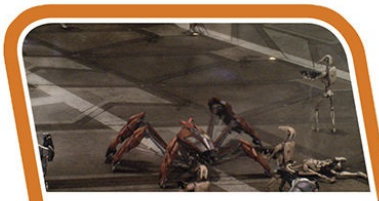
DATA FILE

AFFILIATION: Separatists
HEIGHT: 1.49m (4ft 11in)
APPEARANCES: CW, III
SEE ALSO: Battle droid; dwarf spider droid

KNOWN TO CLONE troopers as "Muckrackers," Separatist crab droids are deployed during the Clone Wars on marshy worlds such as Utapau. These heavily armored weapons are made in a range of sizes, from small spy drones to huge trailblazers. Crab droids can also push their way through muck to create paths for infantry.

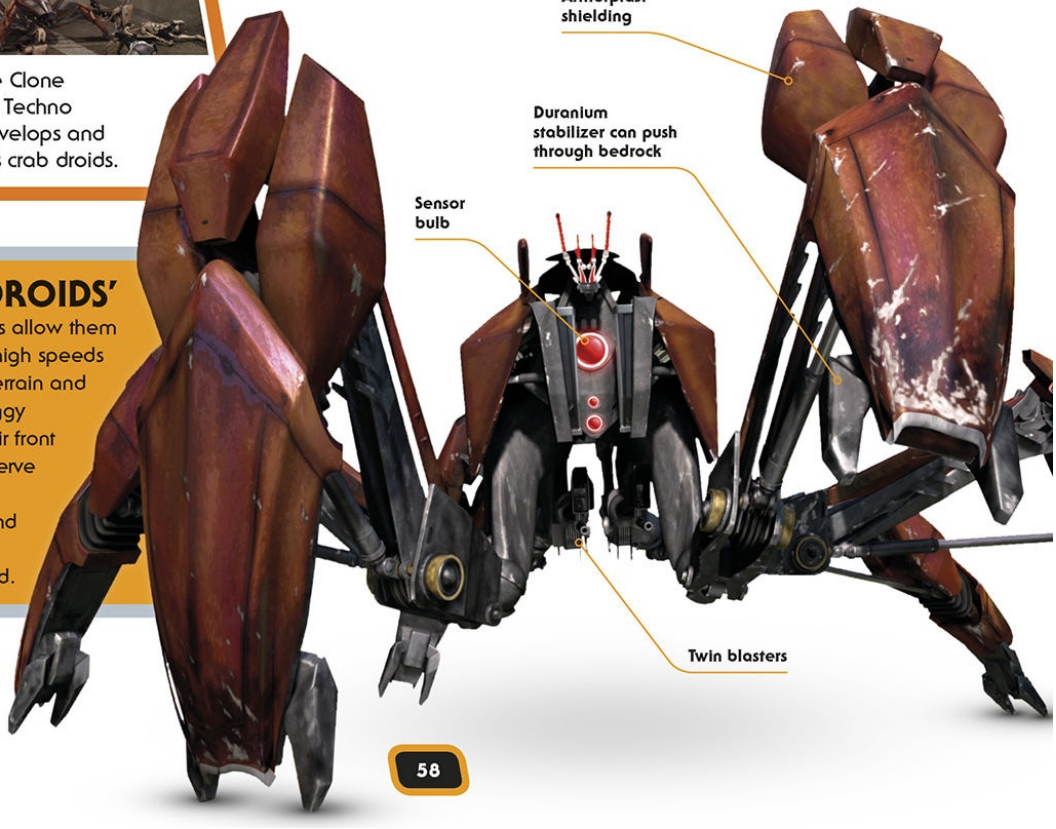
Weak Spot

Crab droids prove to be a threat to the clone troopers during the Battle of Utapau. However, some brave troopers escape their targeting sensors and find their weak spots behind the forward armor.



During the Clone Wars, the Techno Union develops and produces crab droids.

CRAB DROIDS' powerful legs allow them to scuttle at high speeds on uneven terrain and even up craggy surfaces. Their front pincers also serve as vacuums, slurping up and spewing out lake-bed mud.



DARTH MAUL

SITH SURVIVOR

DATA FILE

AFFILIATION: Sith, Nightbrothers
HOMEWORLD: Dathomir
SPECIES: Zabrak
HEIGHT: 1.75m (5ft 9in)
APPEARANCES: I, CW, R
SEE ALSO: Qui-Gon Jinn; Obi-Wan Kenobi; Palpatine

DARTH MAUL IS Darth Sidious's apprentice and one of the most dangerous and highly trained Sith in the history of the Order. His entire body is marked with patterns that show his heritage as a part of the warrior tribe known as the Nightbrothers of Dathomir.

Maul meets with his Sith Master, Darth Sidious.

Maul Versus Kenobi

Sent to capture Queen Amidala during the invasion of Naboo, Maul gives Jedi Master Qui-Gon Jinn and Obi-Wan Kenobi the rare opportunity to fight a trained Sith warrior. Jinn first duels with Maul on Tatooine. He faces Maul a second time on Naboo, this time with Kenobi. Kenobi thought he had destroyed the evil Sith, but Maul survived the devastating wound.

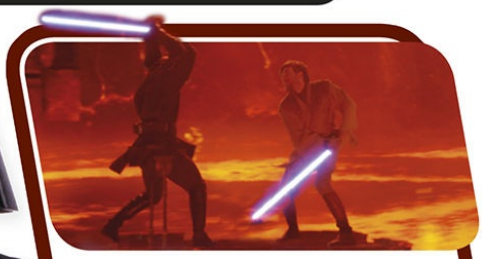
DARTH MAUL was believed dead by the Jedi, but his lust for vengeance kept him alive. Reanimated by Nightsister magicks, Maul returned during the Clone Wars to wreak havoc in the criminal underworld before being captured by Darth Sidious. Maul once again narrowly escaped death.

DARTH VADER

DARK LORD OF THE SITH

DATA FILE

AFFILIATION: Sith
HOMEWORLD: Tatooine
SPECIES: Human
HEIGHT: (armored) 2.02m (6ft 7in)
APPEARANCES: III, R, IV, V, VI
SEE ALSO: Palpatine; Luke Skywalker



Darth Vader fights the battle that will result in his encasement in a life-support suit.

THE GRIM, FORBIDDING figure of Darth Vader is Emperor Palpatine's Sith apprentice and a much-feared military commander. Vader's knowledge of the dark side of the Force makes him unnerving and dangerous.

Father and Son

When Vader learns that Luke Skywalker is his son, he harbors a desire to turn Luke to the dark side and rule the galaxy with him. Yet Luke refuses to lose sight of Vader's humanity under the armor.

DEATH STAR GUNNER

IMPERIAL WEAPONS OPERATORS

DATA FILE

AFFILIATION: Empire
SPECIES: Human
HEIGHT: 1.8m (5ft 11in)
APPEARANCES: IV, VI
SEE ALSO: AT-AT pilot; AT-ST pilot; stormtrooper

Gunners on platforms monitor the titanic energy levels of the Death Star's superlaser.

DEATH STAR GUNNERS control the terrible weapons of the Empire's capital ships, military bases, and Death Star battlestations. Their elite skills with weapons are used to handle powerful turbolasers and ion cannons.

Black durasteel gloves

Energy-shielded fabric

THE IMPERIAL navy equips Death Star gunners with specialized helmets with slit-eye like visors, designed to protect their eyes from the bright flashes of light from turbolaser and superlaser fire. Many gunners find that the helmets restrict all-round vision.

Gunners take great pride in the turbolaser's devastating power.

Positive gravity pressure boots

Turbolaser Gunners

The Empire's capital ships and its Death Star are bristling with turbolasers. A team of gunners man these heavy guns, which rotate on turrets. The gunners monitor crucial recharge timings and heat levels, while locking onto targets. A single blast can obliterate an enemy starfighter.

DEPA BILLABA

JEDI HIGH COUNCIL MEMBER

DATA FILE

AFFILIATION: Jedi
HOMEWORLD: Chalacta
SPECIES: Human
HEIGHT: 1.68m (5ft 6in)
APPEARANCES: I, II
SEE ALSO: Mace Windu; Yoda; Qui-Gon Jinn

Chalactan marks of illumination
Jedi robes cover practical fighting tunic
Lightsaber worn on utility belt under robes
Billaba usually employs Form III in close quarters fighting

Billaba offers an ordered perspective to the wide-ranging minds of her fellow Jedi.

JEDI MASTER Depa Billaba serves on the Jedi High Council where she is known to be a wise and spiritual voice. She serves as a Jedi General during the Clone Wars.

BILLABA'S FORCES

suffered a devastating loss against General Grievous at Haruun Kal. The battle's physical and psychological toll caused some among the Jedi to wonder if she would ever recover. Once Billaba overcame her wounds, she took a Padawan named Caleb Dume. During Order 66, she sacrificed herself on Kaller to ensure his survival.

Jedi Fellowship

Jedi Master Mace Windu rescued Billaba from the space pirates who destroyed her parents. Eventually, Windu took Billaba as his Padawan. Over the years, they have developed a close bond.

DEWBACK

TATOOINIAN REPTILES

DATA FILE

HOMEWORLD: Tatooine
HEIGHT: 1.8m (5ft 11in)
DIET: Omnivorous
HABITAT: Desert
APPEARANCES: I, CW, VI
SEE ALSO: Sandtrooper

LARGE DEWBACK lizards live on the desert planet Tatooine. Locals use them for carrying heavy loads and as transport. During the time of the Empire, Imperial sandtroopers ride dewbacks on Tatooine in preference to their mechanical vehicles, which are more easily harmed by sand and heat.

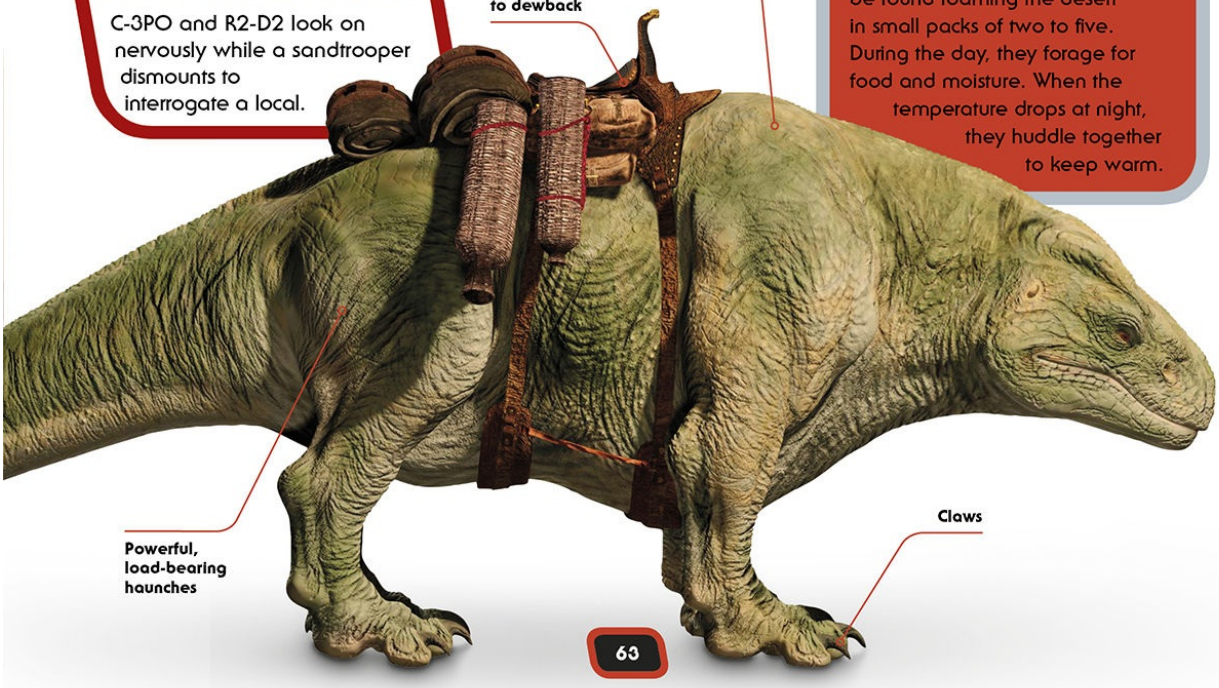
Search Patrol

A squad of sandtroopers search the desert for signs of the droids who escaped from Princess Leia's ship with stolen Death Star plans. Imperial sandtroopers often ride dewbacks when carrying out security and military patrols.

C-3PO and R2-D2 look on nervously while a sandtrooper dismounts to interrogate a local.

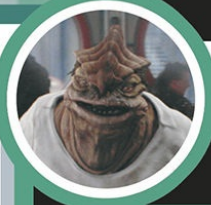
DEWBACKS ARE

reclusive by nature and can be found roaming the desert in small packs of two to five. During the day, they forage for food and moisture. When the temperature drops at night, they huddle together to keep warm.



DEXTER JETTSTER

BESALISK COOK AND INFORMANT



DATA FILE

AFFILIATION: None
HOMEWORLD: Ojom
SPECIES: Besalisk

THE FOUR-ARMED

Besalisk named Dexter Jettster runs a diner on Coruscant. Dexter is an individual with diverse connections. This is why Obi-Wan Kenobi seeks him out when he needs information on a mysterious toxic saberdart that has killed assassin Zam Wesell.

THE GRUFF

but good-hearted Dexter Jettster spent many years manning oil rigs across the galaxy, tending bar, brawling, and running weapons on the side. On Coruscant, he has made a fresh start with his diner.

Informant

Beneath his sloppy exterior, Dexter has a keen sense of observation and a retentive memory. He can serve up vital information, even to the likes of a Jedi Knight such as Obi-Wan Kenobi.

DOCTOR EVAZAN

MURDEROUS CRIMINAL

DATA FILE

AFFILIATION: Smuggler
HOMEWORLD: Alsakan
SPECIES: Human
HEIGHT: 1.77m (5ft 10in)
APPEARANCES: IV
SEE ALSO: Ponda Baba

Evazan and Ponda Baba pull blasters: Bartender Wuher ducks, but Kenobi stands his ground.

CARRYING MULTIPLE death sentences, the murderous Doctor Evazan is notorious for rearranging body parts on living creatures. Evazan and his partner, Ponda Baba, also enjoy brawling and gunning down defenseless beings.

EVAZAN was once a promising surgeon. However, during his training he was corrupted by madness. He now practices "creative surgery" (without the assistance of droids) on hundreds of victims, leaving them hideously scarred.

Criminal Thug

Evazan is a smuggler and murderer with many enemies across the galaxy. A bounty hunter once tried to destroy Evazan, scarring his face. An Aqualish trouble-maker named Ponda Baba saved him and became his partner in crime.

DOCTOR KALONIA

RESISTANCE MEDICAL OFFICER

DATA FILE

AFFILIATION: Resistance
HOMEWORLD: Unknown
SPECIES: Human
HEIGHT: 1.73m (5ft 8in)
APPEARANCES: VII
SEE ALSO: Chewbacca; Admiral Statura

DOCTOR KALONIA'S sympathetic bedside manner and good humor are often just what is needed to mend the spirits of wounded Resistance personnel. She is a skilled doctor and surgeon.

Military rank badge

Medical services armband

Resistance tunic

Comfortable boots for long hours spent standing

BASED AT THE Resistance headquarters on D'Qar, Doctor Kalonia makes do with an understaffed medical center. Prior to open conflict with the First Order, Kalonia's main duties involve dealing with the illnesses and exposure that the troops suffer in the exotic climate of the lush planet.

Medical Chief

Kalonia holds the military rank of major, though she can command greater authority over medical matters, relieving higher-ranking officers of duty if she feels it is necessary. She is also a skilled linguist—her fluency in the Wookiee language, Shyriiwook, helps soothe a nervous Chewbacca after he is wounded.

DROIDEKA

DESTROYER DROIDS

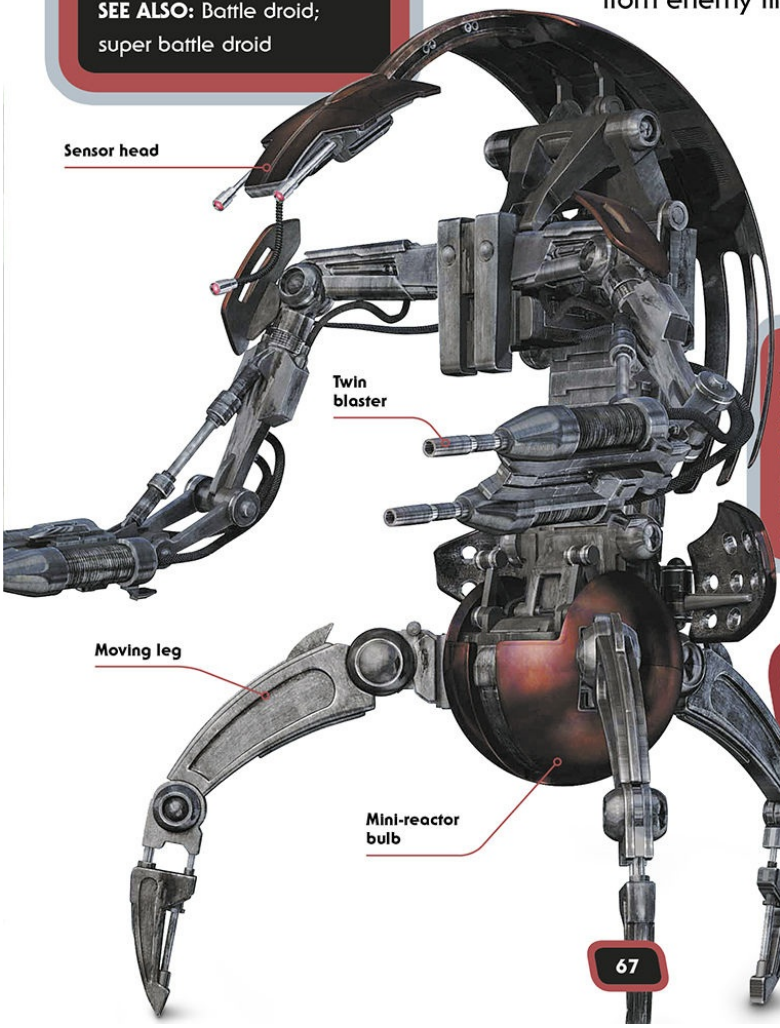
DATA FILE

AFFILIATION: Separatists
TYPE: Battle droid
MANUFACTURER: Colicoids
HEIGHT: 1.83m (6ft)
APPEARANCES: I, II, CW, III
SEE ALSO: Battle droid; super battle droid

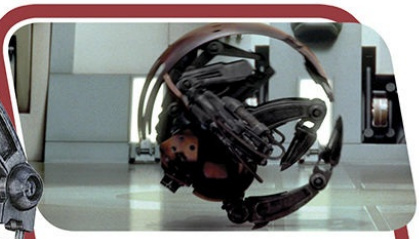
DROIDEKAS ARE HEAVY DUTY destroying machines that back up battle droids in the face of determined opposition. They uncoil in a matter of seconds from wheel form into standing position, ready to attack. They also carry their own deflector shield generators to protect from enemy fire.

Fearsome Droids

Covered with heavy alloy or armor plate, droidekas cut down soldiers by the dozen with ease. Their deflector shield generators can completely repel pistol fire and weaken high-energy bolts.



A SPECIES of insectoid Colicoids on the planet Colla IV created the design of the droideka in their own image. Colicoids are known for their completely unfeeling and murderous ways. The Trade Federation initially paid the Colicoids in exotic meats for shipments of the droids.



For optimum travel speed, droidekas retract into the shape of a wheel.

DROOPY McCOOL

HORN PLAYER IN THE MAX REBO BAND

DATA FILE

AFFILIATION: Jabba's court
HOMEWORLD: Kirdo III
SPECIES: Kitonak
HEIGHT: 1.6m (5ft 3in)
APPEARANCES: VI
SEE ALSO: Max Rebo; Jabba the Hutt

After Jabba's death, McCool disappears into the desert.

DROOPY McCOOL is stage name of the lead flute player in the Max Rebo Band, Jabba's house band. A far-out quasi-mystic Kitonak, Droopy's real name is a series of flute-like whistles, unpronounceable by any other species.

McCOOL is lonely for the company of his own kind and claims to have heard the faint tones of other Kitonaks somewhere out in the Tatooine dunes.

Jamming

Laidback Droopy is largely oblivious to what is going on around him. He hardly recognizes the stage name that Max Rebo gave him—Droopy just plays the tunes.

DWARF SPIDER DROID

FOUR-LEGGED BATTLE DROIDS

DATA FILE

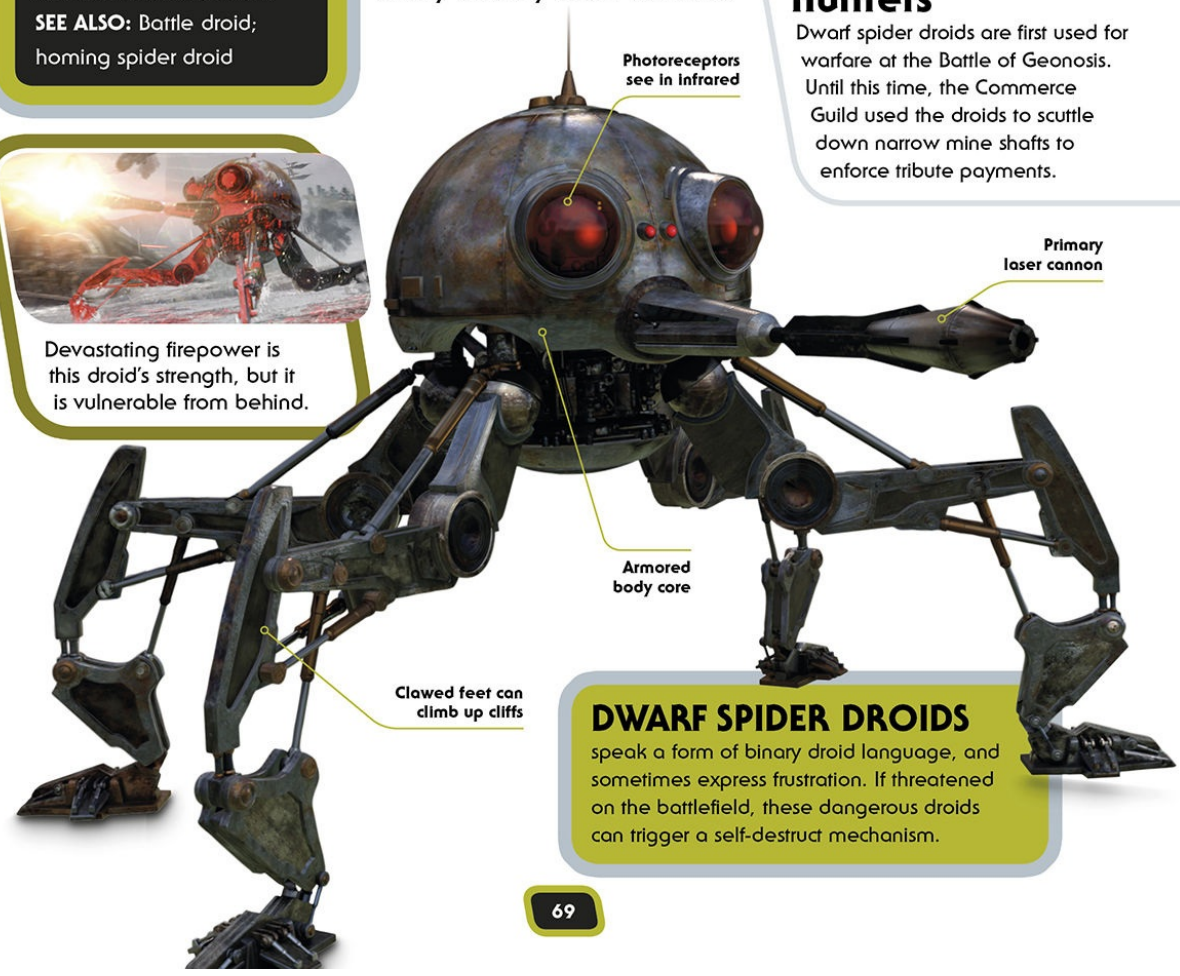
AFFILIATION: Separatists
TYPE: DSD1 dwarf spider droids
MANUFACTURER: Baktoid Armor Workshop
HEIGHT: 1.98m (6ft 6in)
APPEARANCES: II, CW, III
SEE ALSO: Battle droid; homing spider droid

COMMERCE GUILD DWARF spider droids are more rugged than battle droids. Their four striding legs are designed for roadless terrain on rocky mining worlds. They are armed with head-mounted blaster cannons that are effective against infantry troops, and they can also easily destroy small vehicles.

Hunters

Dwarf spider droids are first used for warfare at the Battle of Geonosis. Until this time, the Commerce Guild used the droids to scuttle down narrow mine shafts to enforce tribute payments.

Devastating firepower is this droid's strength, but it is vulnerable from behind.



DWARF SPIDER DROIDS

speak a form of binary droid language, and sometimes express frustration. If threatened on the battlefield, these dangerous droids can trigger a self-destruct mechanism.

EETH KOTH

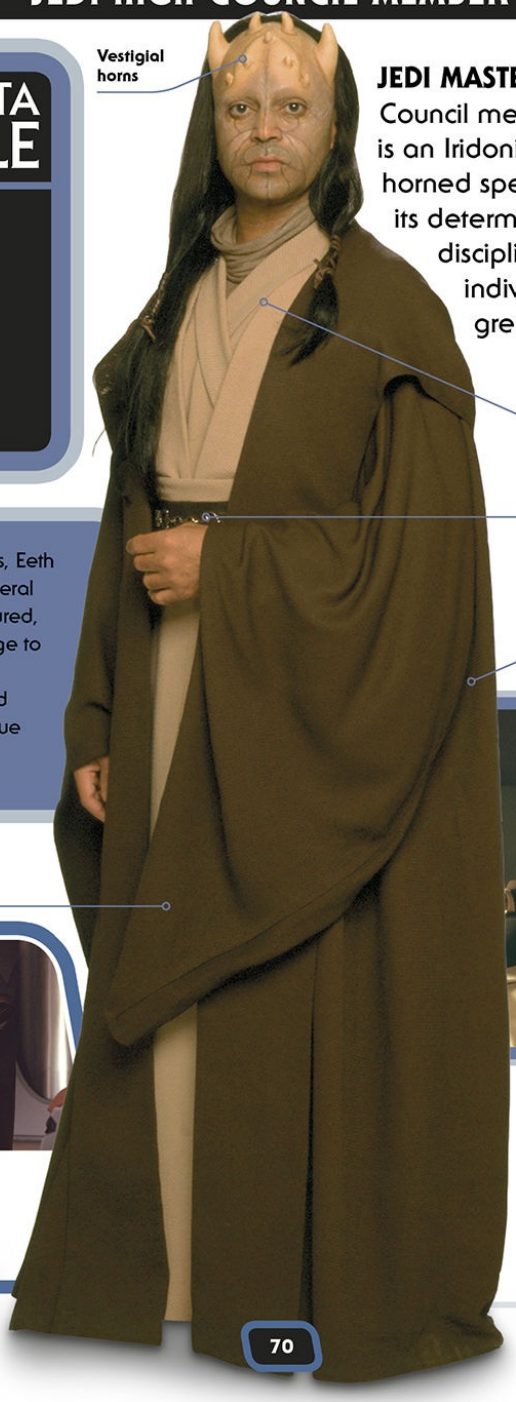
JEDI HIGH COUNCIL MEMBER

DATA FILE

AFFILIATION: Jedi
HOMEWORLD: Iridonia
SPECIES: Zabrak
HEIGHT: 1.71m (5ft 7in)
APPEARANCES: I, II, CW
SEE ALSO: Mace Windu; Plo Koon

DURING the Clone Wars, Eeth Koth is taken hostage by General Grievous. Despite being captured, Koth is able to send a message to the Jedi Council revealing his location. Obi-Wan Kenobi and Adi Gallia stage a daring rescue and successfully retrieve the imprisoned Jedi Master.

Koth and his fellow Jedi must judge whether Anakin should start training.



JEDI MASTER AND JEDI High Council member Eeth Koth is an Iridonian Zabrak. This horned species is known for its determination and mental discipline, which enables individuals to tolerate great physical suffering.

Late Starter

Koth started his Jedi training at the unusually late age of four years, making him more receptive than his fellow council members to Qui-Gon Jinn's appeal to train Anakin Skywalker.

ELLO ASTY

RESISTANCE PILOT

DATA FILE

AFFILIATION: Resistance
HOMEWORLD: Unknown
SPECIES: Abednedo
HEIGHT: 1.88m (6ft 2in)
APPEARANCES: VII
SEE ALSO: Snap Wexley; Poe Dameron; Jess Pava; Nien Nunb

A SKILLED—if slightly impulsive—X-wing fighter pilot serving with the Resistance, Ello Asty flies with Blue Squadron during the battle to destroy the Starkiller.

ASTY'S FLIGHT gear is the Resistance standard, though his helmet is specially fitted to his Abednedo head shape. He flew with Cobalt Squadron during the early days of the Resistance movement before eventually being reassigned to Poe Dameron's squadrons.

Top Gun

Ello is a masterful pilot behind the stick of a T-70 X-wing, a recent version of the famous rebel craft that flew at the Battle of Yavin. However, Ello struggles to be a team player in squadron maneuvers, as he is more inclined to fly alone.

EV-9D9

SADISTIC DROID SUPERVISOR

DATA FILE

AFFILIATION: Jabba's court
TYPE: Supervisor droid
MANUFACTURER: MerenData
HEIGHT: 1.9m (6ft 3in)
APPEARANCES: VI
SEE ALSO: C-3PO; R2-D2

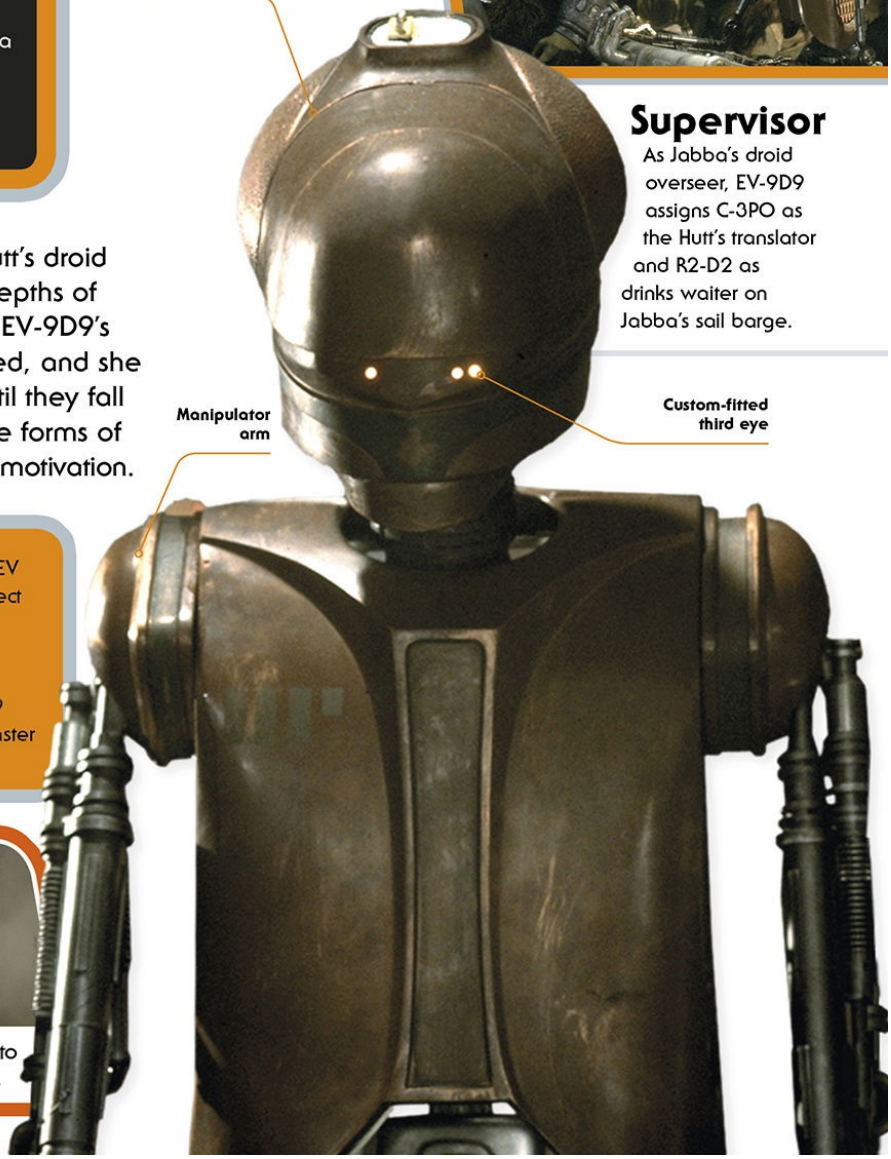
EV-9D9 IS Jabba the Hutt's droid overseer in the murky depths of his palace on Tatooine. EV-9D9's programming is corrupted, and she works Jabba's droids until they fall apart, employing bizarre forms of droid torture to increase motivation.

EV-9D9 IS not the only EV unit with the programming defect that causes her cruel behavior. Many have the same flaw, but EV-9D9 was one of the few to escape the mass recall. EV-9D9 now relishes her role as taskmaster of all droids at the palace.

EV-9D9 added a third eye to herself to "see" droid pain.

Supervisor

As Jabba's droid overseer, EV-9D9 assigns C-3PO as the Hutt's translator and R2-D2 as drinks waiter on Jabba's sail barge.



EVEN PIELL

LANNIK JEDI MASTER

DATA FILE

AFFILIATION: Jedi
HOMEWORLD: Lannik
SPECIES: Lannik
HEIGHT: 1.22m (4ft)
APPEARANCES: I, II, CW
SEE ALSO: Yoda; Anakin Skywalker; Qui-Gon Jinn

THIS OUTSPOKEN JEDI MASTER is not to be underestimated. Even Piell bears a scar across his eye as a grisly trophy of a victory against terrorists who made the mistake of thinking too little of the undersized Jedi.

Jedi topknot

Large ears sensitive in thin atmosphere

Jedi robe

PIELL IS from Lannik, a planet with a long history of war. A gruff and battle-hardened warrior during the Clone Wars, Piell is taken prisoner and held captive at the infamous Citadel Station. Though mortally wounded during his escape, he is able to transfer vital information crucial to the war effort to Ahsoka Tano.

Seated next to Yaddle, Even Piell has one of the long-term seats on the Jedi High Council.

Momentous Events

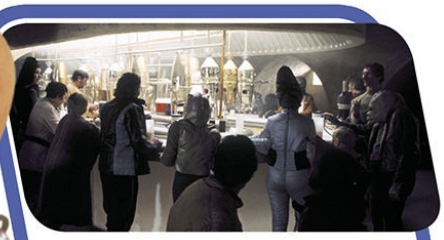
Even Piell sits on the Jedi High Council during the galaxy's first steps toward war. He is present when Qui-Gon Jinn presents the young Anakin Skywalker to the esteemed Jedi leaders for the first time.

FIGRIN D'AN

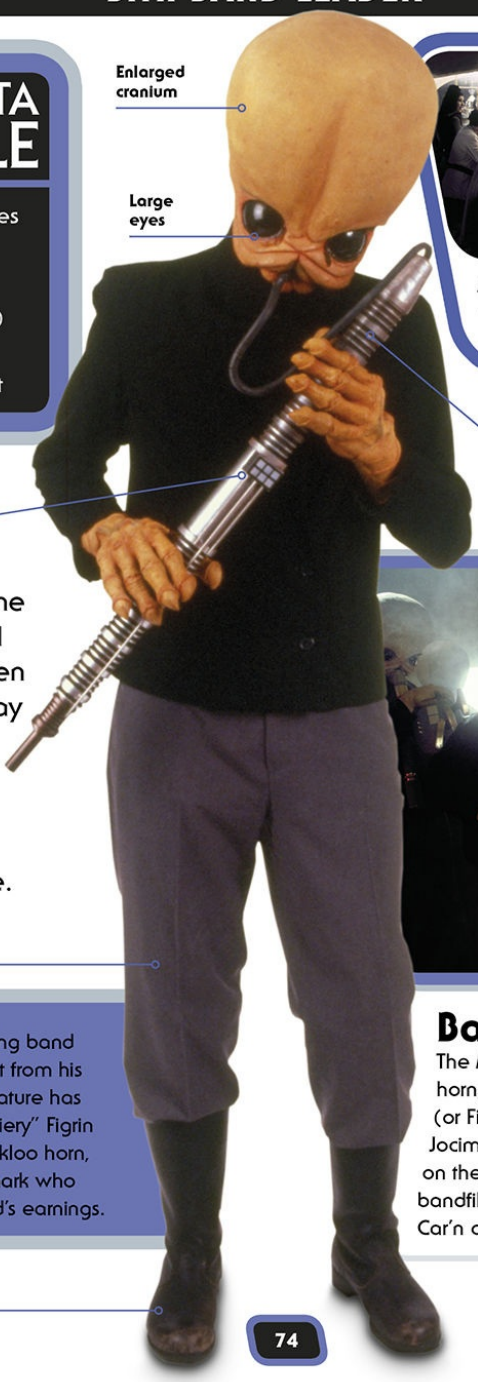
BITH BAND LEADER

DATA FILE

AFFILIATION: Modal Nodes
HOMEWORLD: Bith
SPECIES: Bith
HEIGHT: 1.79m (5ft 10in)
APPEARANCES: IV
SEE ALSO: Jabba the Hutt



A Wookiee named Chalmun owns the cantina in which the Modal Nodes often play.



DEMON KLOO HORN PLAYER Figrin D'an is the frontman for the Modal Nodes, a group of seven Bith musicians. They play in various venues on Tatooine, including Chalmun's Cantina in Mos Eisley and Jabba the Hutt's desert palace.

FIGRIN IS a demanding band leader, who expects the best from his musicians. His overbearing nature has earned him the nickname "Fiery" Figrin D'an. As well as playing the kloo horn, Figrin is a compulsive card shark who frequently gambles the band's earnings.

Band Members

The Modal Nodes are Figrin D'an on kloo horn, Doikk Na'ts on Dorenian Beshniquel (or Fizzz), Ickabel G'ont on the Double Jocimer, Tedn Dahai on fanfar, Tech Mo'r on the Ommni Box, Nalan Cheel on the bandfill, and Sun'il Ei'de on the drums. Lirin Car'n often sits in to play second kloo horn.

FINN

STORMTROOPER DESERTER

DATA FILE

AFFILIATION: First Order/ Resistance
HOMEWORLD: Unknown
SPECIES: Human
HEIGHT: 1.78m (5ft 10in)
APPEARANCES: VII
SEE ALSO: Rey; Han Solo; Poe Dameron

A STORMTROOPER who flees the First Order after a traumatizing first mission, FN-2187 finds a new home—and the name Finn—by joining the Resistance and helping in the mission to find Luke Skywalker.

Together Rey and Finn learn to trust each other as they flee their First Order pursuers, and embark into a wider galaxy of adventure.

Reckless Escape

Deserting from the First Order ranks, FN-2187 frees a Resistance prisoner, pilot Poe Dameron, who helps the fugitive stormtrooper escape from his Star Destroyer aboard a stolen TIE fighter. Poe gives FN-2187 the name "Finn." Crash-landing on the desert world Jakku, Finn's encounter with a scavenger named Rey will change the course of his life.

FN-2187 HAS

trained all his life to be an effective stormtrooper. He scored well in combat simulations, but during his first mission, he finds he does not have the brutal instinct to kill innocents in the name of the First Order.

FIRST ORDER FLAMETROOPER

INCENDIARY WEAPONS STORMTROOPERS

DATA FILE

AFFILIATION: First Order
SPECIES: Human
STANDARD EQUIPMENT: Flame projector
APPEARANCES: VII
SEE ALSO: First Order snowtrooper; First Order stormtrooper

FLAMETROOPERS are specialized stormtroopers of the First Order, who carry weapons that can transform any battlefield into an inferno. The First Order deploys flametroopers during the raid on Tuanul village on Jakku.

FLAMETROOPERS

carry D-93 Incinerators, a double-barreled flame projector that sprays an extremely flammable gel—conflagrine-14—from double storage tanks on the trooper's back. After being ignited electrically, the gel can be launched to a distance of 75 meters.

Resistance soldier nicknames for flametroopers include "roasters," "hotheads," and "burnouts."

Flames of War

Flametrooper armor is reinforced cyramech that offers protection from heat, and the helmet's slit-visor reduces glare caused by intense flames. Flametroopers work alongside standard stormtroopers to methodically flush enemies from cover.

FIRST ORDER SNOWTROOPER

SNOWTROOPER ARMOR offers more mobility than the standard trooper outfit, to make up for the difficulties of snowbound and icy terrain. Insulated fabric covers most of the armor, while a heating and personal environment unit in the trooper's backpack monitors and regulates body temperature.

Ice Warriors

Aside from defending the Starkiller, snowtroopers are tasked with the conquest of icy worlds. The exposed sections of betaplast armor are treated with a deicing agent that prevents frost buildup. The helmet visor is a minimal slit to reduce ice glare, and heating filaments line essential equipment to prevent freezing.

FIRST ORDER STORMTROOPER

LATEST GENERATION SOLDIERS

DATA FILE

AFFILIATION: First Order
SPECIES: Human
STANDARD EQUIPMENT: Blaster rifle, blaster pistol
APPEARANCES: VII
SEE ALSO: Finn; Captain Phasma

THE STANDARD INFANTRY of the First Order purposely resemble the feared soldiers of the Old Empire, which in turn were inspired by the clone troopers of the Republic.

FIRST ORDER stormtroopers are trained from childhood to be soldiers. They undergo extensive combat drilling with detailed simulations, to ensure a standard of excellence across their ranks which far surpasses that of the Old Empire's stormtroopers.

The standard weaponry of the First Order stormtrooper is the versatile Sonn-Blas F-11D rifle, and the smaller Sonn-Blas SE-44C pistol.

Improved joint design

Into Battle

Ten standard infantry stormtroopers form the basic squad unit. One of those ten may also be a specialist trooper—a flametrooper, a stormtrooper equipped with an FWMB-10 megablaster, or a riot control stormtrooper.

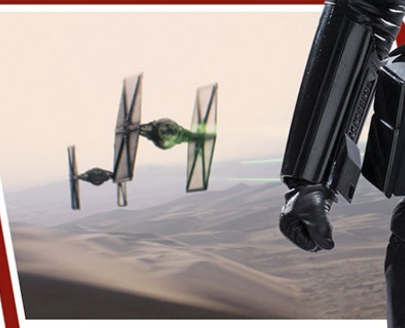
FIRST ORDER TIE PILOT

LATEST GENERATION PILOTS

DATA FILE

AFFILIATION: First Order
SPECIES: Human
STANDARD EQUIPMENT: Blaster pistol
APPEARANCES: VII
SEE ALSO: Poe Dameron; General Hux

MODERN TIE PILOTS benefit from the First Order's increased focus on the durability and survivability of its starfighter forces. The new generation of TIE fighter is much better equipped for combat.



The standard TIE fighter craft of the First Order is designated the TIE/fo.

WITH NO access to the Empire's former academies, the First Order instead trains its pilots in secret aboard its growing fleets of Star Destroyers. The new generation of TIE pilots spend most of their lives in space.

Special Forces

A subset of the First Order TIE corps are the Special Forces, identifiable by the red markings on their helmets and ships. These are elite pilots who fly a special two-crew version TIE fighter with enhanced shields and hyperdrive.

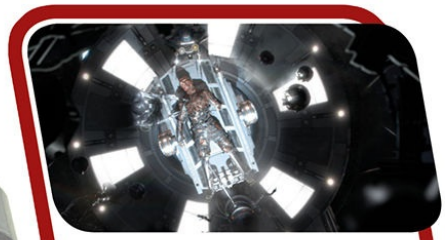
FX-SERIES DROID

MEDICAL ASSISTANT DROIDS

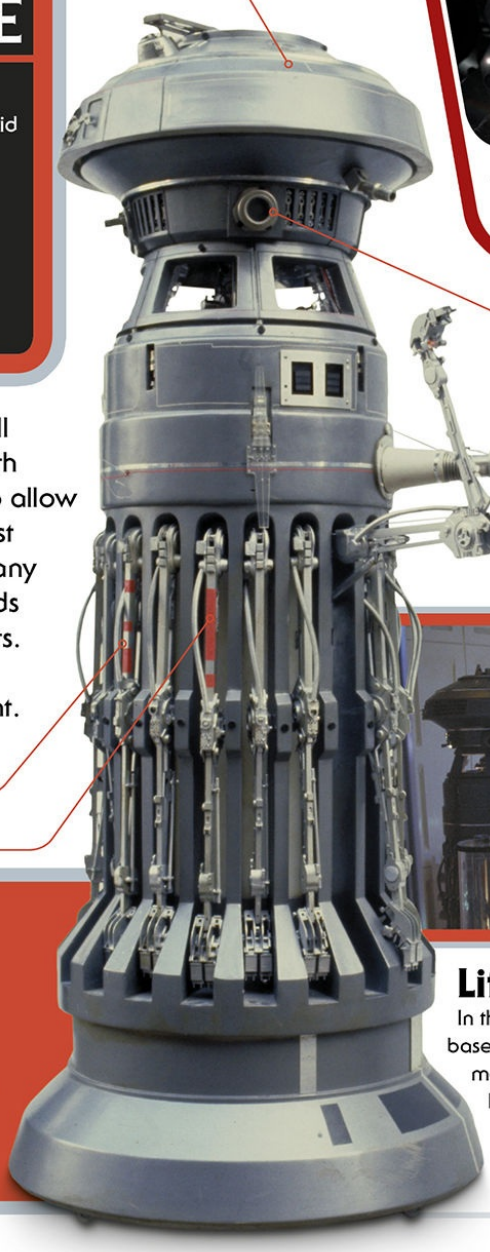
DATA FILE

AFFILIATION: None
TYPE: Medical assistant droid
MANUFACTURER: Medtech Industries
HEIGHT: Varies
APPEARANCES: III, V, VI
SEE ALSO: 2-1B; Luke Skywalker

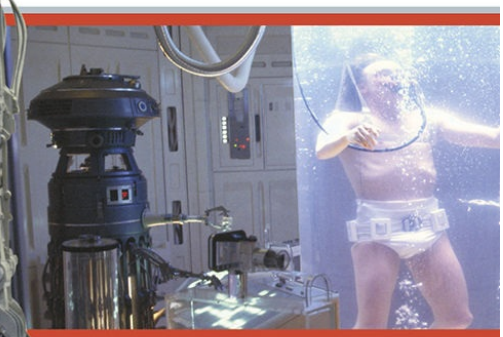
MEDICAL DROIDS of all types are equipped with huge memory banks to allow them to choose the best course of treatment in any situation. FX-series droids act as medical assistants. They monitor patients and operate equipment.



An FX-9 surgical assistant performs many blood transfusions during Vader's reconstruction.



FX-SERIES droids have arms which can rapidly check the condition of a patient by performing various tests suited to different species. These droids work alongside surgeon droids, providing the surgeon with the information they need to perform appropriate treatments.



Life Saver

In the medical center within the rebel base on Hoth, an FX-7 med droid monitors Luke Skywalker's injuries while he is immersed in a bacta tank. The synthetic chemical bacta heals flesh wounds. FX-7 checks that the bacta mix is properly filtered and vitalized.

Gamorreans are willing spectators to the casual violence at Jabba's palace.

GAMORREANS

come from the warlike Outer Rim planet Gamorr. Male Gamorreans, called boars, either fight terrible wars or prepare for war, while the female sows farm and hunt.

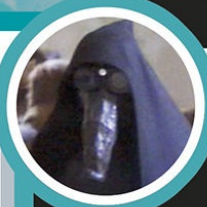
Gamorreans are tasty treats for Jabba's rancor.

Fit for Duty

The low intelligence of the Gamorreans makes them almost impossible to bribe, which is an asset to their masters. Their preferred weapons are axes and vibro-lances rather than blasters.

GARINDAN

MOS EISLEY SPY



DATA FILE

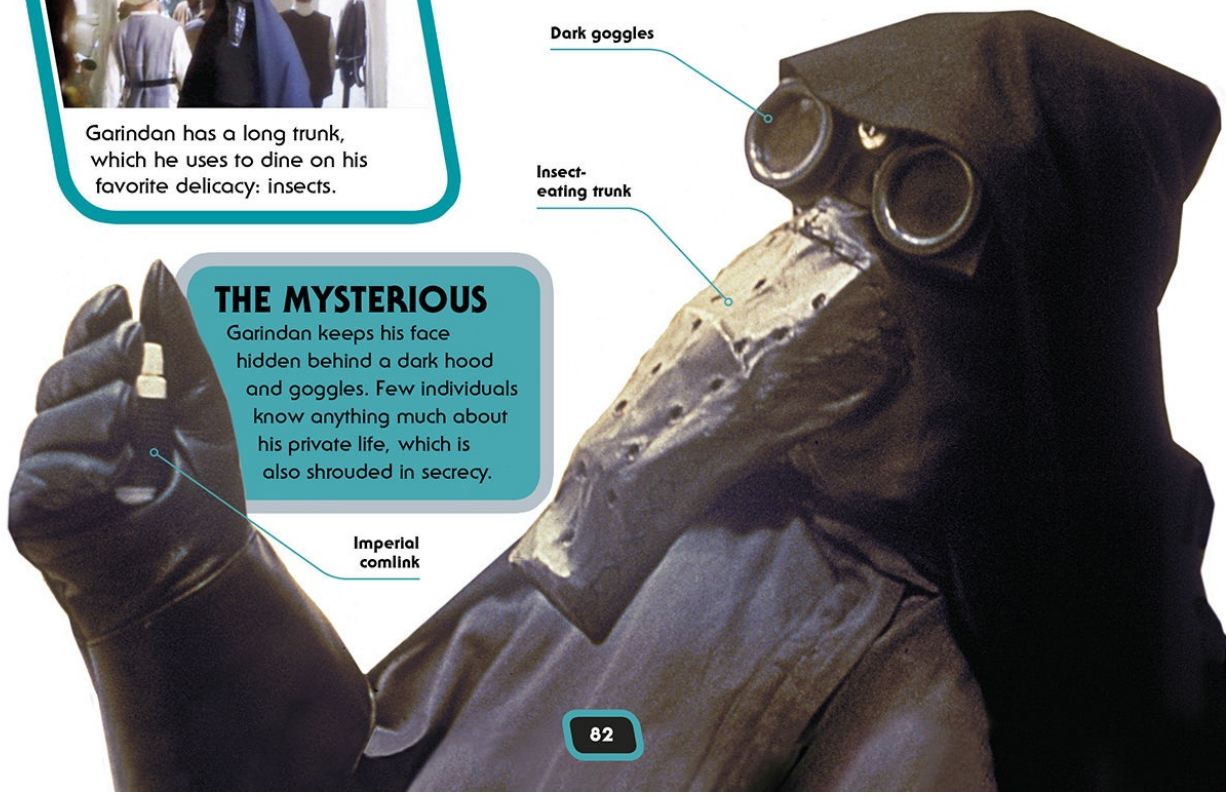
AFFILIATION: Various
HOMEWORLD: Kubindi
SPECIES: Kubaz
HEIGHT: 1.85m (6ft 1in)
APPEARANCES: IV
SEE ALSO: Sandtrooper; Luke Skywalker

GARINDAN IS A greedy and immoral Kubaz from the planet Kubindi. He is a paid informant who works for the highest bidder. In Mos Eisley, the Imperial authorities hire Garindan to locate two missing droids. The low-life spy quickly picks up the trail of Luke Skywalker, Obi-Wan Kenobi, R2-D2, and C-3PO.

On the Scent

Garindan discovers Luke Skywalker and his friends' plan to meet Han Solo at docking bay 94. Following the group, the sneaky spy then uses his Imperial comlink to call the authorities. When a squad of sandtroopers arrives, Garindan's job is done.

Garindan has a long trunk, which he uses to dine on his favorite delicacy: insects.



THE MYSTERIOUS

Garindan keeps his face hidden behind a dark hood and goggles. Few individuals know anything much about his private life, which is also shrouded in secrecy.

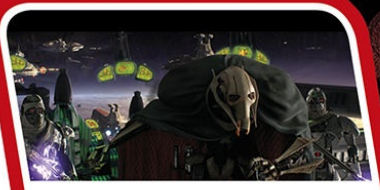
Electro-driven arms can split in half

Prepared for Battle

After their battle during the rescue of Palpatine, Obi-Wan Kenobi faces Grievous again in the Separatist base on Utapau. This time Grievous splits apart his arms in order to wield four lightsabers.



Grievous makes a daring assault on Coruscant in his flagship—the *Invisible Hand*.

GENERAL HUX

FIRST ORDER OFFICER

DATA FILE

AFFILIATION: First Order
HOMEWORLD: Arkanis
SPECIES: Human
HEIGHT: 1.85m (6ft 1in)
APPEARANCES: VII
SEE ALSO: Captain Phasma; Kylo Ren; Finn

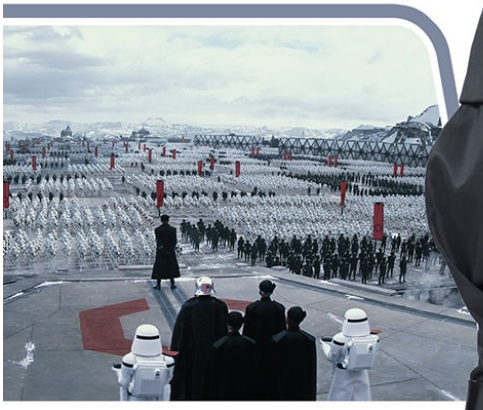
A YOUNG, ruthless officer in the First Order, General Hux has complete confidence in his troops, training methods, and technology. He relishes the opportunity to unleash the terrifying Starkiller weapon upon the galaxy.

Charcoal gray general's uniform

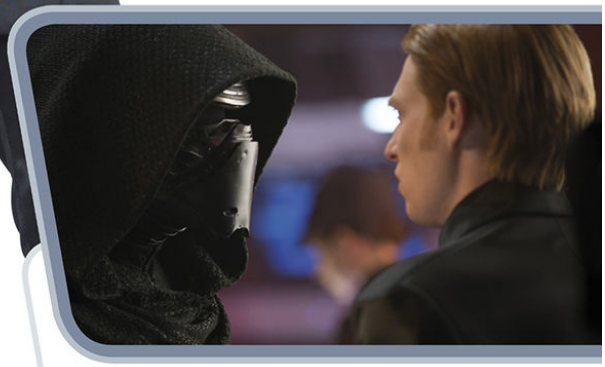
Polished officer's buckle

Insulated boots

THE SON OF a prominent Imperial, Hux grew up celebrating the accomplishments of the Old Empire. He, like many in the First Order, believes that the New Republic are unworthy usurpers of power, and that the galaxy must be ruled with a strong hand.



Hux sees the Starkiller weapon as the ultimate expression of First Order doctrine—dominance through technological might.



Hux and Kylo

Hux oversees the training of the First Order's stormtroopers, using a rigid program of simulations designed to hone military precision. A man who believes in results and data, Hux has little appreciation of the more mystical side of the First Order embodied by Kylo Ren.

GENERAL MADINE

REBEL COMMANDER AND TACTICIAN

DATA FILE

AFFILIATION: Rebel Alliance/ New Republic
HOMEWORLD: Corellia
SPECIES: Human
HEIGHT: 1.7m (5ft 7in)
APPEARANCES: VI
SEE ALSO: Mon Mothma; Admiral Ackbar

AS COMMANDER of the Rebel Alliance Special Forces, General Madine devises the plan to destroy the Imperial shield generator on Endor's Moon. He also trains the strike force that infiltrates the Moon.

General Madine helps Admiral Ackbar direct the Battle of Endor from the rebel flagship.

Rebel Advisor

Madine is a respected advisor to the rebel leader Mon Mothma. Before the Battle of Endor, Madine and Mothma brief their troops on board the Rebel Headquarters frigate, *Home One*. After the fall of the Empire, Madine commands the New Republic Special Forces.

CRIX MADINE led an Imperial commando unit until his defection to the Rebel Alliance. He is an expert in small ground strikes. Madine's unit of Alliance commandos was responsible for the capture of Imperial equipment and intelligence vital to crucial Alliance operations.

GENERAL RIEEKAN

REBEL COMMANDER OF ECHO BASE

DATA FILE

AFFILIATION: Rebel Alliance
HOMEWORLD: Alderaan
SPECIES: Human
HEIGHT: 1.8m (5ft 11in)
APPEARANCES: V
SEE ALSO: Princess Leia

GENERAL CARLIST RIEEKAN is in charge of Echo Base on Hoth. He keeps the seven hidden levels of the base in a state of constant alert, ever wary of discovery by Imperial forces. Rieekan knows that any rebel activity could be easy to detect in the frozen Hoth system.

Rebel command insignia

Rieekan waits until all other rebel transports have left Hoth before escaping himself.

RIEEKAN was born on Alderaan, Leia Organa's adopted planet. He fought for the Republic in the Clone Wars and became a founding member of the Rebel Alliance. Carlist is off-world when the Death Star superweapon destroys Alderaan, but this terrible event will haunt the rebel commander ever after.

Utility belt

Insulated rebel uniform jacket

Command gauntlet

Stern Leader

Carlist Rieekan is a decisive commander. When the Imperial army discovers Echo Base, Rieekan plans to delay Vader's forces long enough to give the rebels time to evacuate the base.

GENERAL VEERS

IMPERIAL COMMANDER ON HOTH

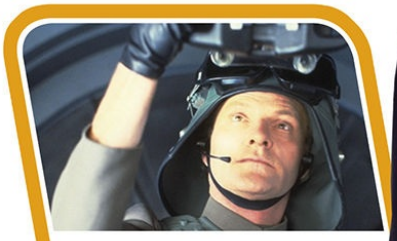
DATA FILE

AFFILIATION: Empire
HOMEWORLD: Denon
SPECIES: Human
HEIGHT: 1.93m (6ft 4in)
APPEARANCES: V
SEE ALSO:
Admiral Piett;
Admiral Ozzel

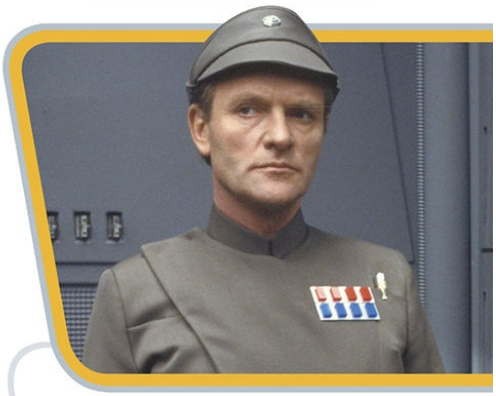
GENERAL MAXIMILLIAN VEERS is cunning and capable. He has rapidly worked his way up the Imperial ranks. A family man, Veers is viewed as a model Imperial officer.

GENERAL VEERS

is the mastermind behind the devastating Imperial assault on Echo Base—the Rebel Alliance base on Hoth. He commands the Empire's attack in person from within the cockpit of the lead AT-AT, codenamed *Blizzard One*.



General Veers takes aim at the rebels from inside the cockpit of his AT-AT.

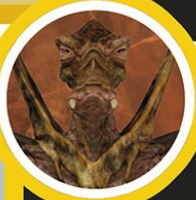


Cruel Ambition

Desperate to prove himself to Darth Vader, Veers heads the AT-AT regiment that successfully destroys the rebel shield power generator, allowing Vader to land on Hoth. Imperial snowtroopers, armed with heavy weapons, then infiltrate Echo Base with frightening speed.

GEONOSIAN SOLDIER

SPECIALIZED GEONOSIAN DRONES



DATA FILE

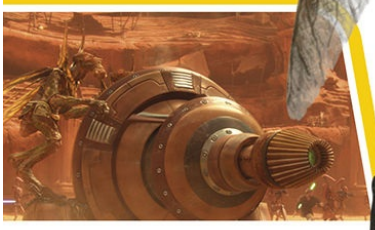
AFFILIATION: Separatists
HOMEWORLD: Geonosis
SPECIES: Geonosian
HEIGHT: 1.7m (5ft 7in)
APPEARANCES: II, CW
SEE ALSO: Poggle the Lesser; Count Dooku

GEONOSIAN SOLDIER DRONES are tough and single-minded. They are trained to fight with a fearless attitude, and are highly effective against brute opponents. However, they are poor attackers when faced with intelligent enemies.

SOLDIER drones are grown to adulthood rapidly, and can be ready for combat at an age of only six years. They carry sonic blasters, which produce a devastating sonic ball.

Prongs protect vulnerable blood vessels
Powerful sonic blaster
Soldier drones can fly or hover
Well-developed soldier's thigh
Red iketa stone traditionally associated with war

Geonosians once numbered in the billions. They were practically wiped out after the completion of a secret Imperial construction project.



Like Geonosian blasters, the LR1K cannons rely upon sonic-based attacks.

Segregation

The caste-segregated planet Geonosis has become the chief supplier of battle droids to the Separatists, led by the aristocratic Count Dooku. Huge factories on Geonosis churn out countless droids.

GRAND MOFF TARKIN

ARCHITECT OF THE DEATH STAR

DATA FILE

AFFILIATION: Republic/Empire
HOMEWORLD: Eriadu
SPECIES: Human
HEIGHT: 1.82m (5ft 11in)
APPEARANCES: CW, III, R, IV
SEE ALSO: Palpatine

AT THE END of the Clone Wars, Wilhuff Tarkin already has an exalted position as one of Palpatine's regional governors. As Grand Moff Tarkin, he plans the horrific Death Star as part of his doctrine of Rule by Fear.

Tarkin dies on the Death Star when rebel X-wings cause it to self-destruct.

TARKIN has a history of quelling rebellion by the most cold-blooded means. He also created the role of Grand Moff—an official who has responsibility for stamping out trouble in "priority sectors" across the Empire.

Rule by Fear

In order to force Princess Leia to betray the Rebel Alliance, Tarkin orders the destruction of Alderaan by the Death Star. Rather than attempting to police all the scattered individual systems in the Imperial Outlands, Tarkin believes that fear of the Death Star will subjugate systems across the galaxy.

While there is friction between them, Vader always obeys Tarkin's commands.

GREEATA

PERFORMER IN THE MAX REBO BAND

DATA FILE

AFFILIATION: Jabba's court
HOMEWORLD: Rodia
SPECIES: Rodian
HEIGHT: 1.7m (5ft 7in)
APPEARANCES: III, VI
SEE ALSO: Sy Snootles; Lyn Me; Rystáll; Max Rebo

GREEATA JENDOWANIAN is a backing singer, dancer, and musician in the Max Rebo Band in Jabba's desert palace. Greeata forms a colorful alien trio with Rystáll Sant and Lyn Me.

GREEATA'S love of music and dance began as a youngster on her home planet of Rodia. She started out playing the kloo horn, and took a job on board a luxury liner, where she met fellow singer Sy Snootles. Together they formed a performing duo, which Max Rebo spotted playing in a cantina.

Singing for Hutts

Rystáll Sant, Greeata, and Lyn Me perform together at Jabba's palace. Graceful and rhythmic dancers make a powerful impression on the heavy, slow-moving Hutts. All the performers compete for Jabba's favor and indulgence.

Jabba's palace on Tatooine is hidden away in the Western Dune Sea.

GREEDO

RODIAN BOUNTY HUNTER

DATA FILE

AFFILIATION: Bounty hunter
HOMEWORLD: Rodia
SPECIES: Rodian
HEIGHT: 1.73m (5ft 8in)
APPEARANCES: CW, IV
SEE ALSO: Han Solo; Anakin Skywalker; Jabba the Hutt

GREEDO grew up on Tatooine and was known for his temper. He sometimes attempted to start fights with others, including Anakin Skywalker, who was then a slave in Mos Espa.

Greedo's End

The confrontation that takes place in the crowded cantina between Greedo and Han Solo begins with Greedo pulling a blaster on Solo. When Solo claims not to have the money on him, there is an exchange of blaster fire—and the Rodian falls dead on the table. Solo leaves, tossing a few coins at the bartender to hush up the incident.

GREEDO IS A RODIAN bounty hunter who works for Jabba the Hutt. During the Clone Wars, he kidnaps Baron Papanoida's daughters, Che Amanwe and Chi Eekway. When Greedo demands debt payment from Han Solo in a Mos Eisley cantina, he finally meets his match.

GRUMMGAR

BIG GAME HUNTER

DATA FILE

AFFILIATION: None
HOMEWORLD: Unknown
SPECIES: Dowutin
HEIGHT: 2.7m (8ft 10in)
APPEARANCES: VII
SEE ALSO: Bazine Netal; Maz Kanata

A MERCENARY and big game hunter, the hulking brute Grummgar is obsessed with trophies. His bulky frame supports an enormous ego, and he doesn't realize that his partner, Bazine Netal, is a spy working him for information.

Hunting Grounds

Grummgar frequents Maz Kanata's castle, looking for hunting tips from the explorers who ply Wild Space and the Unknown Regions. Scouts' stories describing untamed worlds teeming with predators fill him with joy, and he returns from hunting expeditions with tales as tall as he is.

THOUGH unscrupulous, Grummgar avoids hunting intelligent prey—he prefers stalking wild animals to being a bounty hunter. That said, he will happily trample any rules that prevent poaching, and more than once he has pursued endangered animals on sacred grounds in pursuit of a rare trophy.

GUAVIAN SECURITY SOLDIER

ELITE CRIMINAL ENFORCERS

DATA FILE

AFFILIATION: Guavian Death Gang
SPECIES: Modified human
STANDARD EQUIPMENT: Percussive cannon
APPEARANCES: VII
SEE ALSO: Bala-Tik; Kanjiklub gang

Central sensor and broadcasting dish

Gorget armor

THE CYBERNETICALLY enhanced security soldiers of the Guavian Death Gang wear high-impact armor that makes them stand out among other deadly criminals. They are faceless, voiceless killers who show no mercy.

Percussive cannon

THESE MASKED soldiers communicate using high frequency signals that transmit from the disk in their faceplate. They are otherwise silent, giving them an even greater air of menace.

Ammunition pouch

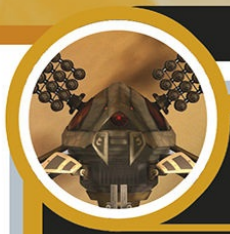
Flexible armor shin guard

Illegal and Inhuman

A mechanical reservoir worn on the security soldier's leg acts as a second heart, injecting a secret mixture of chemicals that boost a Guavian's speed and aggressiveness. Coupled with the black market prototype weapons carried by the soldiers, everything about them is unnatural and dangerous.

HAILFIRE DROID

MOBILE MISSILE LAUNCHERS



DATA FILE

AFFILIATION: Separatists
TYPE: Tank
MANUFACTURER: Haor Chall Engineering
HEIGHT: 8.5m (27ft 11in)
APPEARANCES: II
SEE ALSO: Homing spider droid; dwarf spider droid

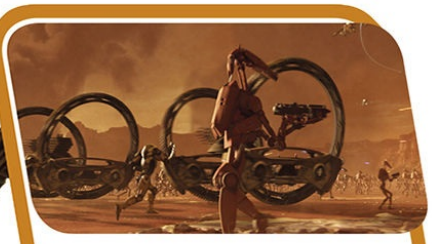
HAILFIRE DROIDS roll rapidly into action, firing murderous explosive missiles from launcher pods. Their large hoop wheels move the droids at an intimidating speed. A red photoreceptor "eye" locks onto both land and air targets at impressive distances, giving the droids great reach.

Deadly Missiles

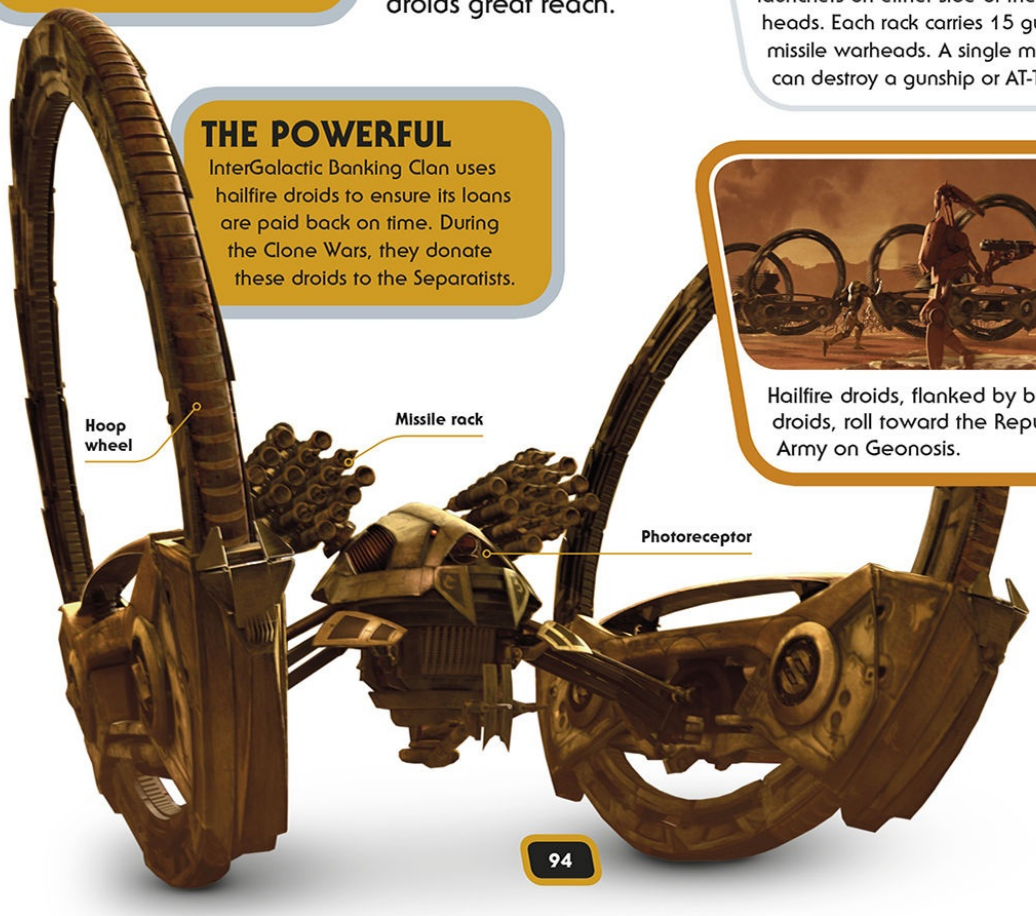
Hailfire droids have two racks of missile launchers on either side of their droid heads. Each rack carries 15 guided missile warheads. A single missile can destroy a gunship or AT-TE walker.

THE POWERFUL

InterGalactic Banking Clan uses hailfire droids to ensure its loans are paid back on time. During the Clone Wars, they donate these droids to the Separatists.



Hailfire droids, flanked by battle droids, roll toward the Republic Army on Geonosis.



HAN SOLO

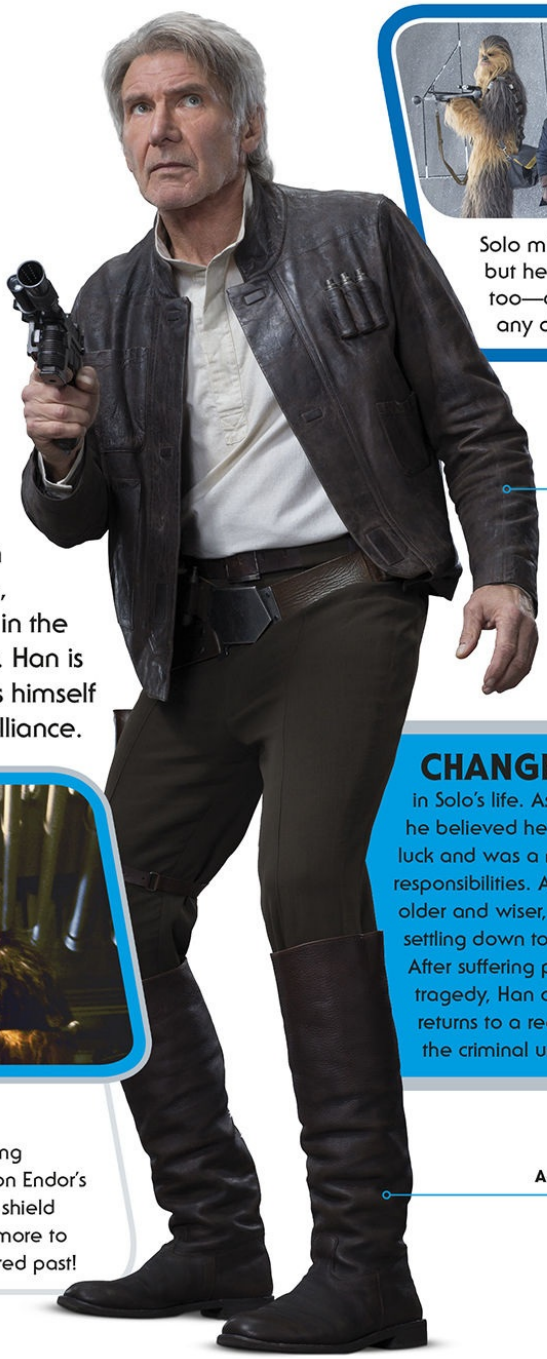
SMUGGLER AND WAR HERO

DATA FILE

AFFILIATION: Rebel Alliance/ Resistance
HOMEWORLD: Corellia
SPECIES: Human
HEIGHT: 1.8m (5ft 11in)
APPEARANCES: IV, V, VI, VII
SEE ALSO: Chewbacca; Princess Leia

Solo might be foolhardy, but he is courageous too—a match for any adventure!

HAN SOLO IS A pirate, smuggler, and mercenary. With his loyal first mate, Chewbacca, he flies one of the fastest ships in the galaxy—the *Millennium Falcon*. Han is reckless at times, but he proves himself a natural leader in the Rebel Alliance.



Nerf leather jacket

Action boots

CHANGE is a constant in Solo's life. As a young man, he believed he made his own luck and was a man of few responsibilities. As he grows older and wiser, he has difficulty settling down to a life of peace. After suffering personal tragedy, Han once again returns to a reckless life in the criminal underworld.

Strike Force

Han Solo leads a group of rebels, including Chewbacca and Leia, in a risky mission on Endor's Moon to destroy the second Death Star's shield generator. Solo shows Leia that there is more to being a scoundrel than having a checkered past!

HAPPABORE

BEAST OF BURDEN

DATA FILE

HOMEWORLD: Various, including Jakku
HEIGHT: 2.3m (7ft 6in)
DIET: Omnivorous
HABITAT: Deserts, savannahs
APPEARANCES: VII
SEE ALSO: Bantha; reek

Desert Survivor

The massive snout of the happabore constantly sniffs out its surroundings, compensating for the creature's weak eyesight. The happabore also has stiff plating on its forehead, allowing it to burrow deep into the ground for roots and water.

THE HAPPABORE is a hardy, thick-skinned creature that can adapt to a wide variety of environments. They can be found either hauling scrap or carrying royalty, depending on the planet.

HAPPABORES have thick skin that can shrug off heat, and they can go for days without water thanks to inner reservoirs that can hold liters at a time.

HOMING SPIDER DROID

SEPARATIST SPIDER WALKERS

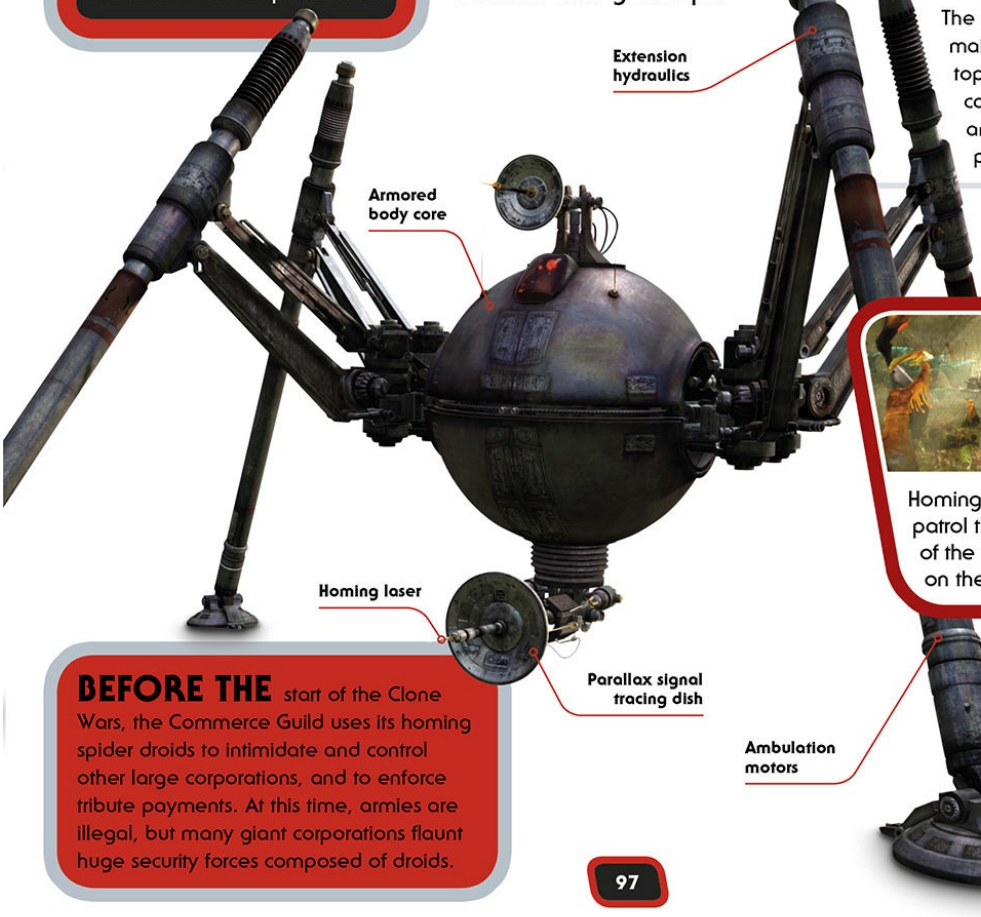
DATA FILE

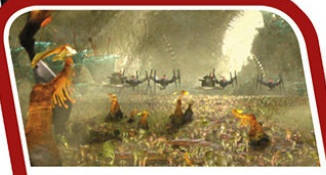
AFFILIATION: Separatists
TYPE: OG-9 homing spider droid
MANUFACTURER: Baktoid Armor Workshop
HEIGHT: 7.32m (24ft)
APPEARANCES: II, III
SEE ALSO: Dwarf spider droid

THE COMMERCE GUILD'S contribution to the Separatist ground forces is the homing spider droid. It is an all-terrain weapon capable of precise targeting and sustained beam fire from its laser cannons. This metallic walking monster is a real danger to Republic walkers and gunships.

In Command

Homing spider droids move swiftly over battlefields on their long, powerful legs. The homing spider droid's main weapon is a top-mounted laser cannon, with a smaller, anti-personnel cannon positioned below it.





Homing spider droids patrol the lush vegetation of the Separatist stronghold on the planet of Felucia.

BEFORE THE start of the Clone Wars, the Commerce Guild uses its homing spider droids to intimidate and control other large corporations, and to enforce tribute payments. At this time, armies are illegal, but many giant corporations flaunt huge security forces composed of droids.

HOTH REBEL TROOPER

REBEL FOOT SOLDIERS

DATA FILE

AFFILIATION: Rebel Alliance
SPECIES: Human
STANDARD EQUIPMENT: Tripod-mounted blasters; thermal flak jackets; anti-glare goggles
APPEARANCES: V
SEE ALSO: Rebel trooper

Rebel troops use tripod-mounted blasters at the Battle of Hoth.

REBEL SOLDIERS ARE a rag-tag bunch. Some are deserters from the Imperial forces but many more are young volunteers with little or no experience in combat. New recruits receive basic training in handling weapons, communications, and emergency medical relief.

REBEL troopers on the ice planet Hoth must adapt quickly to freezing temperatures and the constant risk of sudden evacuation. They are equipped with specialist snow gear, including thermal flak jackets and polarized anti-glare goggles.

Relocation

After the Battle of Yavin, the Alliance relocates its secret headquarters to Hoth. Anticipating an Imperial invasion, the rebels modify their weapons to function in the icy temperatures.

IG-88

HIDEOUS ASSASSIN DROID

DATA FILE

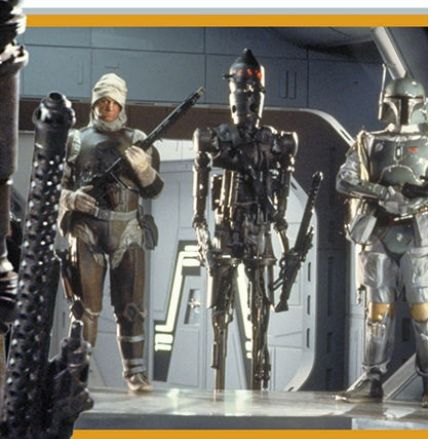
AFFILIATION: Bounty hunter
TYPE: Assassin droid
MANUFACTURER: Holowan Laboratories
HEIGHT: 1.96m (6ft 5in)
APPEARANCES: V
SEE ALSO: Boba Fett; Darth Vader

IG-88 IS A HEAVILY armed assassin droid that offers his services to Darth Vader to capture the *Millennium Falcon* after the Battle of Hoth. Also known as a Phlutdroid, IG-88 is a battered mechanical that has earned a reputation as a merciless hunter.

Heat sensor

Vocoder

Ammunition bandolier



IG-88 is obsessed with hunting and destroying, as a result of his incompletely formed droid programming. The IG-series was designed to have blasters built into each arm, but they were never installed.

A wrecked IG-88 droid is left for scrap in Cloud City after Boba Fett caught it trailing him.

Outlaws

IG-88 joins the motley assortment of human, alien, and droid bounty hunters on the deck of Darth Vader's ship, the *Executor*. IG-88 and Boba Fett are longtime rivals. Assassin droids like IG-88 were outlawed after the Clone Wars, but they continue to stalk the galaxy.

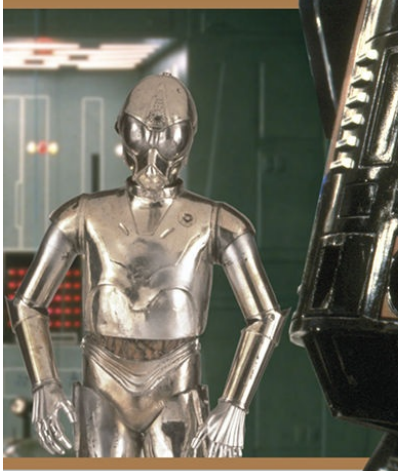
IMPERIAL DROIDS

THE EMPIRE'S UTILITY DROIDS

DATA FILE

AFFILIATION: Empire
TYPE: Droid
MANUFACTURER: Industrial Automaton (R2-Q5)
HEIGHT: 1.09m (3ft 7in)
APPEARANCES: R, IV, V, VI
SEE ALSO: Interrogator droid; Imperial probot

THE GALACTIC EMPIRE uses a range of droids with limited independence. They are either existing droids adapted for Imperial purposes, or specialized new forms, including spy droids and illegal interrogator droids.

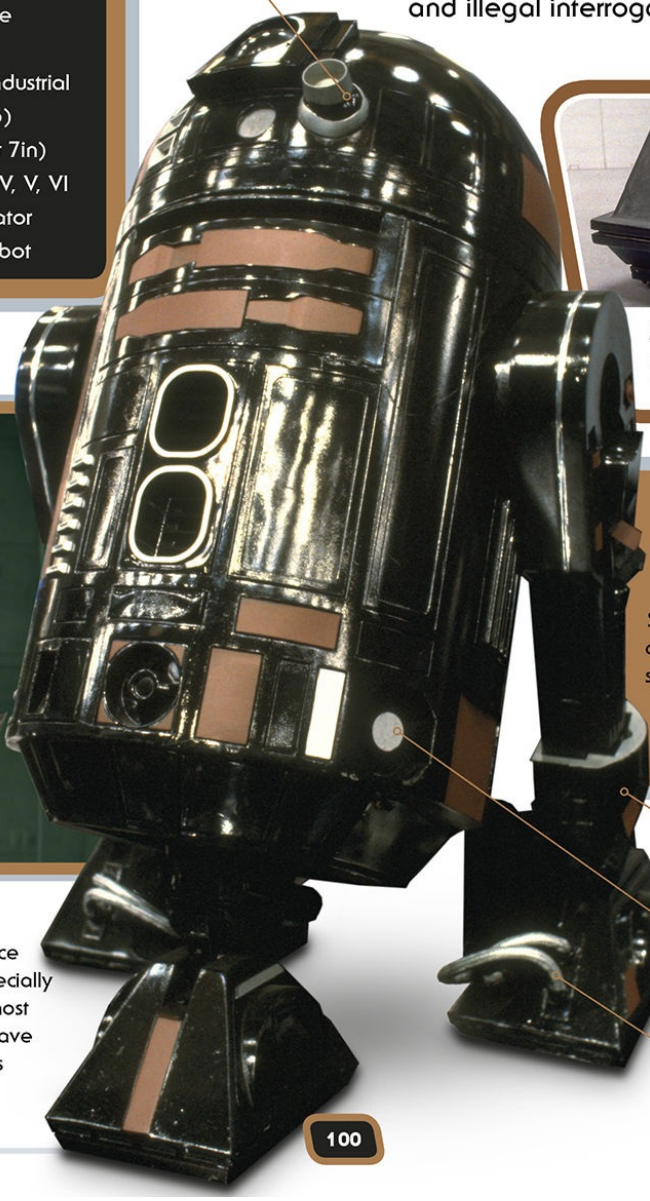


Spy Droid

Arakyd Industries produce RA-7 protocol droids specially for the Empire. Unlike most protocol droids, these have unpleasant personalities and are almost always used as spies.

MSE (or "mouse") droids carry messages and guide troops to assigned posts.

R2-Q5 is one of the many Imperial astromechs that patrol the corridors of the Death Star, doing maintenance and repair tasks. Many such droids are fitted with secret spy devices that allow human overseers to monitor personnel.



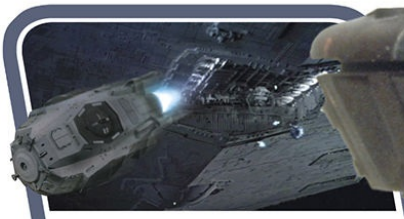
IMPERIAL PROBOT

REBEL-SEEKING PROBE DROID

DATA FILE

AFFILIATION: Empire
TYPE: Probe droid
MANUFACTURER: Arakyd Industries
HEIGHT: 1.6m (5ft 3in)
APPEARANCES: R, V, VI
SEE ALSO: Interrogator droid; Darth Vader

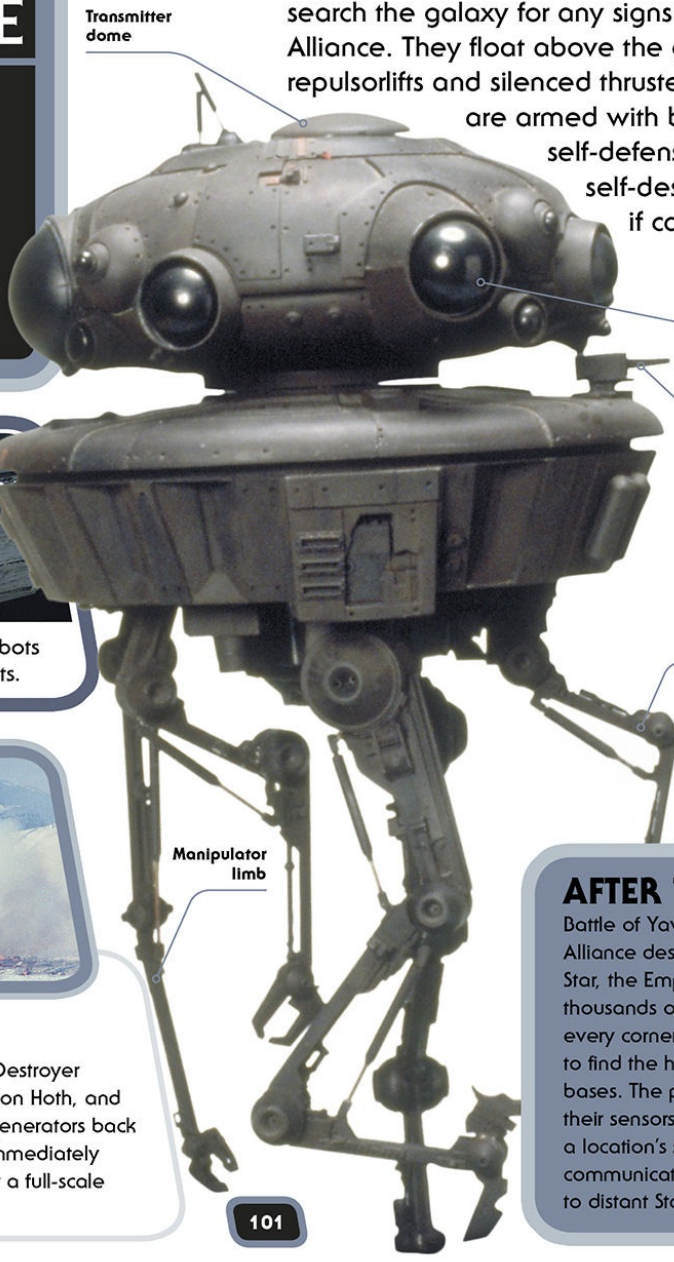
INTELLIGENT AND EERIE Imperial probots, also known as probe droids, relentlessly search the galaxy for any signs of the Rebel Alliance. They float above the ground on repulsorlifts and silenced thrusters. Probots are armed with blasters for self-defense and can self-destruct if captured.



Hyperdrive pods carry probots to their destination planets.

Invasion

A probot sent out from the Star Destroyer *Avenger* detects the rebel base on Hoth, and sends its images of the power generators back to Darth Vader. The Dark Lord immediately prepares his Death Squadron for a full-scale invasion of the frozen planet.



AFTER THE

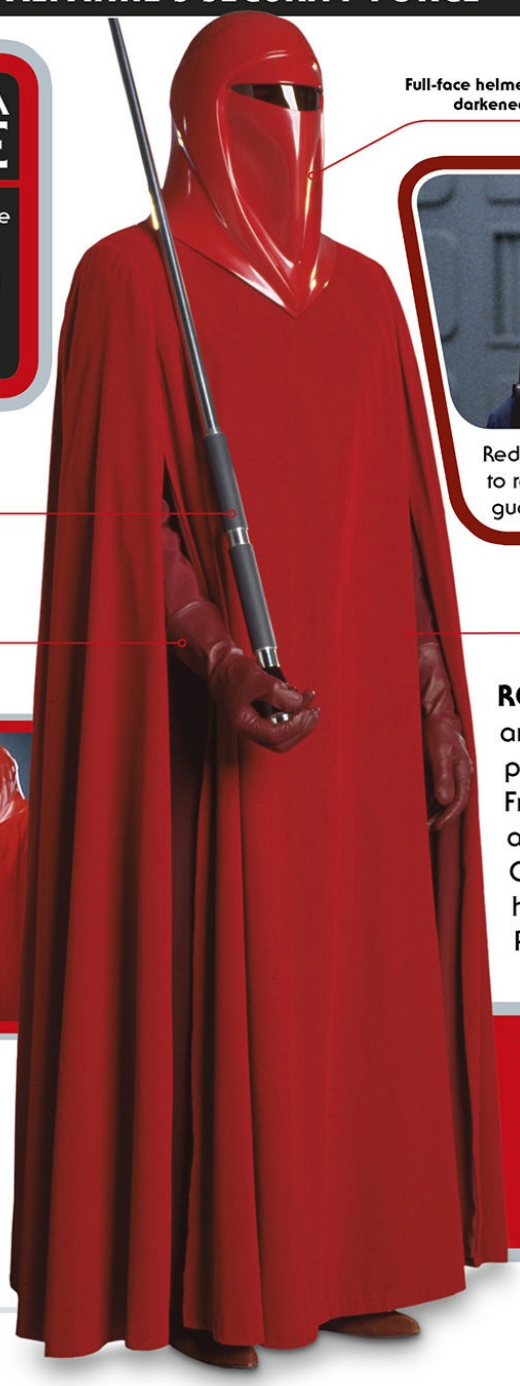
Battle of Yavin, when the Alliance destroys the Death Star, the Empire sends out thousands of probots into every corner of the galaxy to find the hidden rebel bases. The probots use their sensors to discover a location's secrets and communicate their findings to distant Star Destroyers.

IMPERIAL RED GUARD

PALPATINE'S SECURITY FORCE

DATA FILE

AFFILIATION: Republic/Empire
HEIGHT: 1.83m (6ft)
APPEARANCES: II, CW, III, VI
SEE ALSO: Palpatine; Darth Vader



Red Guards eventually come to replace the blue-robed guards of the Galactic Senate.

ROYAL, OR RED, Guards are Emperor Palpatine's personal bodyguards. From the time of his appointment to Supreme Chancellor, these Guards have accompanied Palpatine at all times.

Confrontation

When Moff Jerjerrod and two Red Guards attempt to deny Darth Vader entrance to the Emperor's throne room on the second Death Star, Vader Force-chokes the officer, though not fatally.

RED GUARDS

use vibro-active force pikes, which inflict precise and lethal wounds. Palpatine keeps the details of the Guards' training in deadly arts a secret, citing "security concerns."

INTERROGATOR DROID

IMPERIAL TORTURE DEVICES

DATA FILE

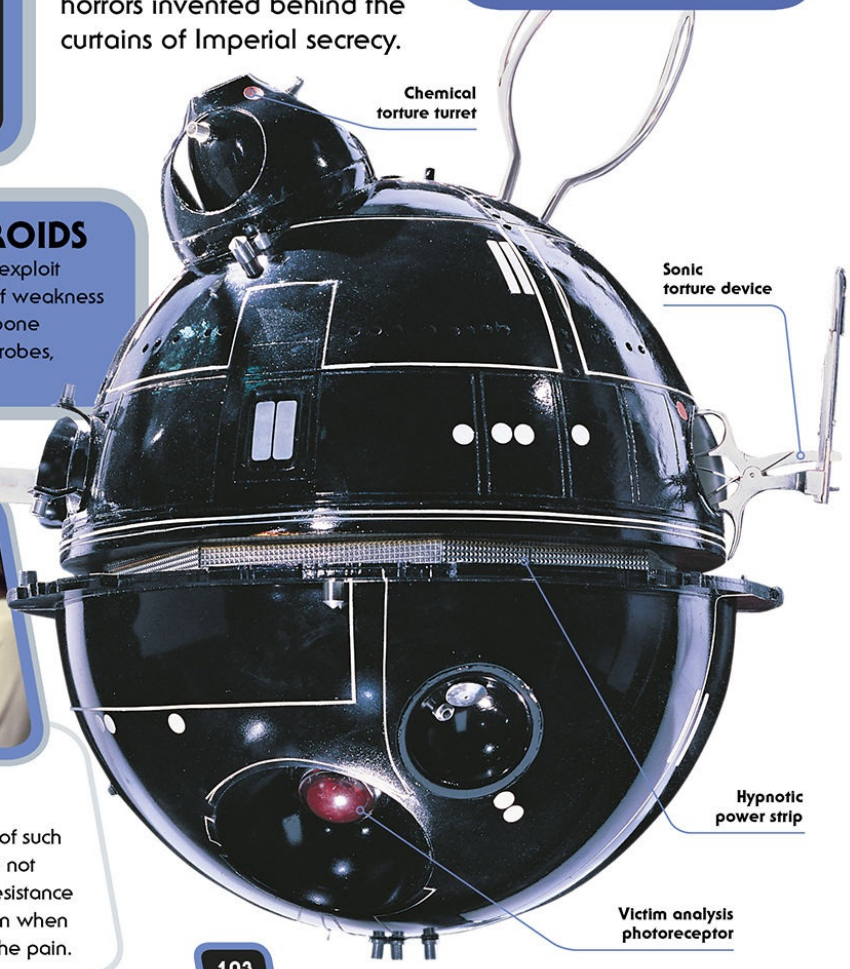
AFFILIATION: Empire
TYPE: Interrogation droid
MANUFACTURER: Imperial Department of Military Research
WIDTH: 30cm (12in)
APPEARANCES: R, IV
SEE ALSO: Princess Leia; Darth Vader

WHEN PRINCESS LEIA refuses to discuss the location of the hidden rebel base, Darth Vader brings in an interrogator droid or, more accurately, a torture droid. Illegal by the laws of the Republic, torture droids are technological horrors invented behind the curtains of Imperial secrecy.

Torture droids hover and spin on repulsors, while flexing their terrible pincers and needles.

INTERROGATOR DROIDS

are completely without pity. They exploit every physical and mental point of weakness with flesh peelers, joint cripplers, bone fragmenters, electroshock nerve probes, and other unspeakable devices.



Undefeated

Princess Leia had hoped the rumors of such atrocities as interrogator droids were not true. Leia somehow maintains her resistance to the machine's manipulations, even when she is near the point of death from the pain.

J'QUILLE

J'QUILLE IS A BRUTAL Whiphid from the frozen planet Toola. He works as a bounty hunter for Jabba the Hutt, though he is really a spy for a rival crime lord. He plans to destroy the Hutt by poisoning his food.

Retractable eyes

Coarse fur

Whiphids are huge, furred beings from the planet Toola. They have powerful tusks.

Survivor

J'Quille witnesses and survives the battle at the Great Pit of Carkoon. When Princess Leia strangles Jabba the Hutt, J'Quille's own murderous plans are foiled.

J'QUILLE works for Jabba's main rival on Tatooine, Lady Valarian, a female Whiphid with whom J'Quille also had an affair. After he fails to destroy Jabba, Lady Valarian places a large bounty on J'Quille's head. Unable to leave Tatooine, he joins the B'omarr monks.

JABBA THE HUTT

NOTORIOUS CRIME LORD

DATA FILE

AFFILIATION: Grand Hutt Council, Crymorah Syndicate
HOMEWORLD: Tatooine
SPECIES: Hutt
LENGTH: 3.9m (12ft 10in)
APPEARANCES: I, CW, IV, VI
SEE ALSO: Bib Fortuna; Salacious Crumb

THE REPELLENT CRIME LORD Jabba the Hutt commands an extensive criminal empire. He built his operation through a long history of deals, threats, extortion, murders, and good business sense. Now, Jabba lives a life of wickedness in his palace located on the remote desert world of Tatooine.

Princess Leia exacts the revenge that all Jabba's slaves have dreamed about.

Hutt skin secretes oil and mucus

Muscular body can move like a snail

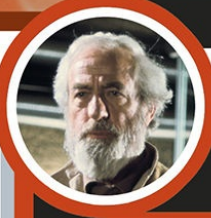
Ruler

Sitting on his throne, with his slaves and sycophants all around, Jabba presides over a court of murderous depravity. Many bounty hunters and hired thugs seek work here.

JABBA REIGNS as head of the Hutt Grand Council, one of the largest criminal empires in the galaxy. Jabba prefers Tatooine to Nal Hutta, so Gardulla the Hutt often serves as his representative on the council. During the Clone Wars, Jabba allows the Republic to use private Hutt hyperspace lanes in exchange for rescuing his son, Rotta, from kidnappers.

JAN DODONNA

REBEL COMMANDER ON YAVIN 4

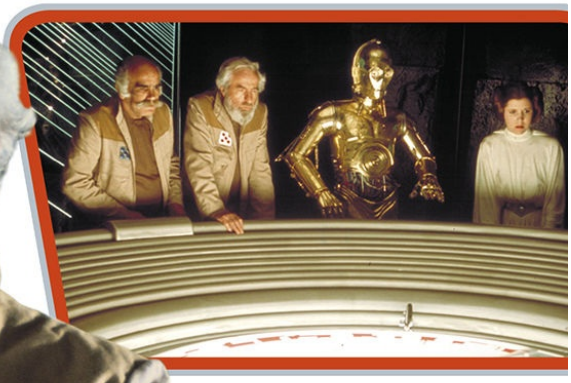


DATA FILE

AFFILIATION: Rebel Alliance
HOMEWORLD: Commenor
SPECIES: Human
HEIGHT: 1.83m (6ft)
APPEARANCES: IV
SEE ALSO: Luke Skywalker; Princess Leia

GENERAL JAN DODONNA is a master tactician for the Rebel Alliance. He commands the assault on the Death Star in the Battle of Yavin. Dodonna identifies the supposedly invulnerable station's single flaw: a small thermal exhaust port that leads straight to the explosive main reactor.

JAN DODONNA offers his skill and expertise to the Alliance once the Empire comes to power. After the Battle of Yavin, Dodonna is instrumental in locating a new base for the Rebellion.



Ground Support

During the strike on the Death Star, Dodonna provides the rebel pilots with ground support from Yavin. His strategy enables a fleet of 30 fighters to destroy a battle station over 120 kilometers (75 miles) wide.

DESPITE HAVING no affiliation with Mandalore, Jango Fett wears the armored uniform that helped make the Mandalorians a dreaded name. During the Republic's final years, he is regarded as the best bounty hunter in the galaxy.

Fett in his ship, *Slave I*, blasts Obi-Wan Kenobi's Jedi starfighter in the Geonosis asteroid field.

Lethal Opponent

In battle with Obi-Wan Kenobi, Fett launches himself into the air using his jetpack. He carries many weapons, including knee pad rocket launchers, and wrist gauntlets that fire darts, whipcords, and blades.

FETT'S REPUTATION as a supreme warrior led the Kaminoans to recruit him for their secret army project: every clone trooper is a clone of him. Fett receives a lucrative amount of credits, but also requests one unaltered clone to raise as his son.

JAR JAR BINKS

ROGUE GUNGAN TURNED SENATOR

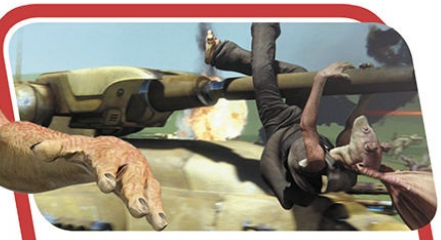
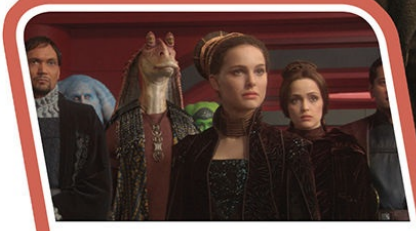
APPEARANCES: I, II, CW, III
SEE ALSO: Qui-Gon Jinn; Padmé Amidala

Haillu (earlobes) for display

JAR JAR BINKS is an amphibious Gungan from Naboo. During the invasion of Naboo, Jedi Qui-Gon Jinn runs into and rescues Jar Jar. Jar Jar becomes a general in the Gungan Grand Army, and then a Junior Representative in the Galactic Senate.

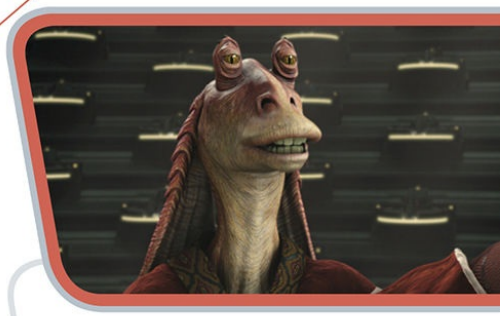


At first, clumsy Jar Jar proves more of a hindrance than a help at the Battle of Naboo.



During the Clone Wars, Jar Jar goes on many diplomatic missions to aid the Republic.

Cast-off stretchy Gungan pants



Powerful calf muscles for swimming

Tight trouser ends keep out swamp crawlies

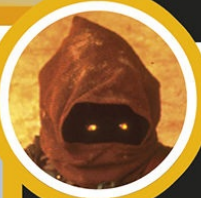
JAR JAR is well-meaning but accident-prone. This simple soul is elevated to a position in the Senate that may be beyond his abilities. Luckily for him, the Naboo value purity of heart over other qualifications to govern.

Good Intentions

In Padmé's absence, Jar Jar represents Naboo in the Senate. With the best of intentions, Jar Jar sets in motion a new galactic era as he proposes a motion for Supreme Chancellor Palpatine to accept emergency powers to deal with the Separatist threat.

JAWA

ROBED METAL MERCHANTS



DATA FILE

AFFILIATION: None
HOMEWORLD: Tatooine
HEIGHT: 1m (3ft 3in)
APPEARANCES: I, II, CW, IV, VI
SEE ALSO: Tusken Raider; R2-D2

JAWAS SCAVENGE scrap metal, lost droids, and equipment on Tatooine. When Jawas arrive to sell and trade at the edge of town, droids stay away and individuals watch their landspeeders extra closely. Things tend to disappear when Jawas are around!

TIMID, GREEDY

Jawas wear dark robes to protect them from Tatooine's twin suns. Their glowing eyes help them see in the dark crevices where they hide, and their rodent-like faces are remarkably ugly to non-Jawas.

Most Jawas patrol the dunes and dusty rocks in gigantic sandcrawlers.

Desert Find

Unlucky droids that wander off or get thrown out as junk are favorite targets for the Jawas. They carry any finds to their sandcrawlers, where a magnetic suction tube draws the captured droid into the bowels of these ancient mining vehicles.

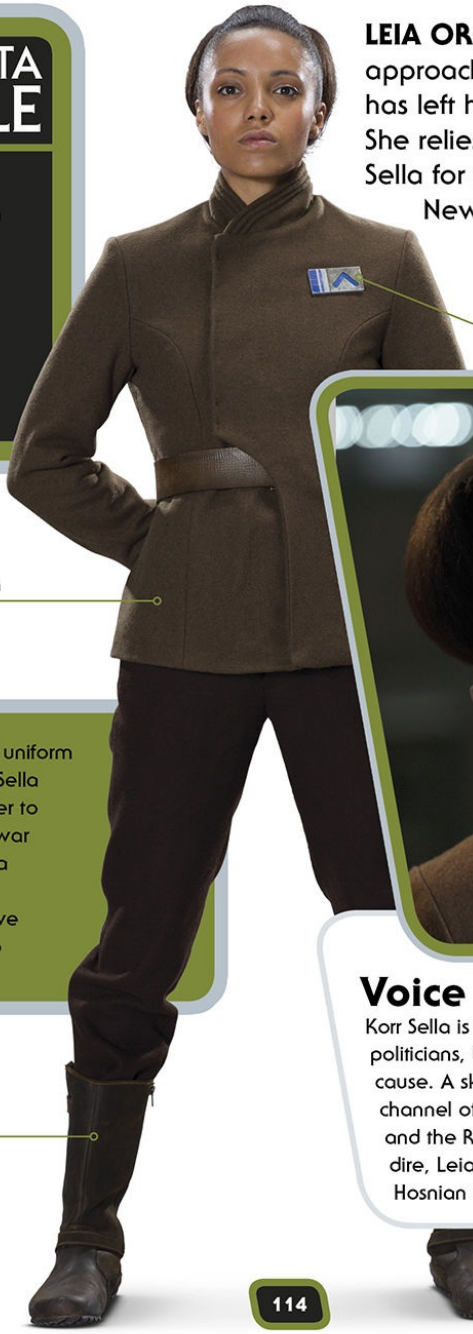
LEIA ORGANA'S confrontational approach toward the First Order has left her politically isolated. She relies on emissaries like Korr Sella for continued contact with the New Republic government.



Rank of commander

Resistance officer uniform

DRESSED IN THE uniform of a Resistance officer, Korr Sella is an uncomfortable reminder to New Republic pacifists that war is sometimes inevitable. Leia Organa's words of warning regarding the First Order have caused the New Republic to brand her a warmonger.

Confident stance

Voice of the Resistance

Korr Sella is the daughter of New Republic politicians, but came to believe in Leia Organa's cause. A skilled diplomat, Korr maintains a fragile channel of communication between the Senate and the Resistance. When circumstances look most dire, Leia sends Sella to the Republic capital on Hosnian Prime to ask the New Republic for help.

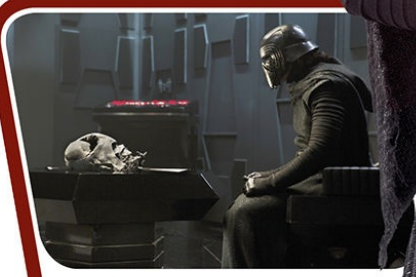
KYLO REN

DARK SIDE ENFORCER

DATA FILE

AFFILIATION: Knights of Ren/ First Order
HOMEWORLD: Unknown
SPECIES: Human
HEIGHT: 1.89m (6ft 2in)
APPEARANCES: VII
SEE ALSO: Rey; Han Solo; Luke Skywalker

A DARK-ROBED warrior strong with the Force, Kylo Ren commands First Order missions with a temper as fiery and barely contained as the power within his lightsaber.



Kylo Ren greatly admires Darth Vader and owns the Dark Lord's charred and melted helmet.

THOUGH KYLO can use the Force, he is no Jedi or Sith. He follows his own path, encouraged by Supreme Leader Snoke to use the heritage of both the light and dark sides. These contradictory disciplines create a great conflict within Kylo.

Mysterious Warrior

Kylo's helmet is based on the battle gear of the Knights of Ren, and his peculiar lightsaber is a modern creation in an ancient style. Its cracked kyber crystal can barely contain the energy coursing through it, and a pair of crossblades vent out the excess power, balancing the weapon.

LAMA SU

KAMINO'S PRIME MINISTER

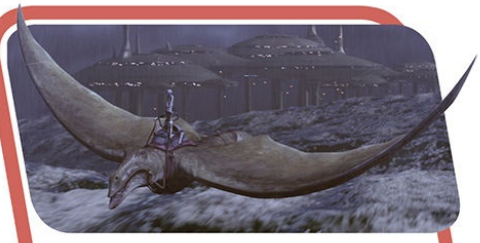
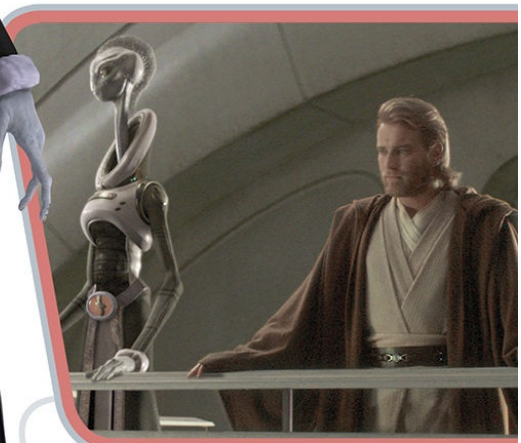
APPEARANCES: II, CW
SEE ALSO: Obi-Wan Kenobi

Elongated bones allow limited flexibility in neck
Cloak of office
Dexterous fingers
Small feet adapted to firm Kaminoan seabeds and now to hard flooring



Kaminoans fly on creatures called aiwhas between their cities. Aiwhas can fly and swim with equal ease.

LAMA SU is Prime Minister of Kamino, where the clone army is being created. He met with Sifo-Dyas, the mysterious Jedi who placed the order for a clone army. Lama is not concerned with the use of the army, only of the financial benefit for his people.



KAMINO IS a remote, watery planet, cut off from the larger arena of galactic events. Lama Su is only marginally interested in off-world politics, and focuses on the technical challenges of cloning a mass army.

Grand Tour

Lama Su personally takes Obi-Wan Kenobi on a tour of the cloning facility. The Prime Minister is one of the few Kaminoans to have any contact with off-worlders. But he is still not entirely comfortable in their presence. He makes no mention of Kenobi's unfamiliarity with the project.

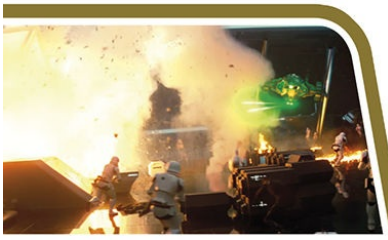
APPEARANCES: VII
SEE ALSO: First Order TIE pilot; Finn; General Hux; Kylo Ren

DOPHELD MITAKA is an attentive young officer serving aboard the First Order flagship *Finalizer*. A top graduate in his Academy class, Mitaka is not prepared for Kylo Ren's unforgiving command style.

THE FIRST ORDER

naval uniform is descended from the sharp, authoritarian styles worn by officers of the Old Empire. The charcoal gray fabric signifies naval service, while the flared breeches and stiff boots help in maintaining a rigid posture. The command cap carries the starburst symbol of the First Order.



Mitaka issues orders on behalf of General Hux to stop the escaping TIE fighter carrying Poe Dameron and FN-2187.

Tough Job

After failing to recapture the escaped prisoner Poe Dameron and deserter FN-2187, Mitaka continues to oversee the progress of search teams scouring the desert wastes of Jakku. Mitaka has the unenviable task of updating Kylo Ren on the search after the fugitives flee Jakku aboard the *Millennium Falcon*.

THE IMPLANTS in Lobot's brain allow him to process information at incredible speeds, and let him retain much of his personality. Unfortunately, during a botched heist with Lando, Lobot had to let the implants take complete control of his mind, and he became, forever, a machine-like assistant.

To the Rescue

Lobot has no special love for Palpatine's Empire. When Lando Calrissian turns against Darth Vader and decides to rescue Han Solo's friends, Lobot's connection to the central computers proves useful. In response to Lando's "Code Force Seven," Lobot arrives with Cloud City guards to free Leia, Chewbacca, and C-3PO.

LOGRAY

EWOK HEAD SHAMAN

DATA FILE

AFFILIATION: Bright Tree Village
HOMEWORLD: Forest moon of Endor
SPECIES: Ewok
HEIGHT: 1.32m (4ft 4in)
APPEARANCES: VI
SEE ALSO: Chief Chirpa

LOGRAY is an Ewok tribal shaman and medicine man. He uses his knowledge of ritual and magic to help and awe his people. The shaman still favors the old Ewok traditions of initiation and live sacrifice.

Logray and Chief Chirpa eventually persuade their tribe to join the rebels in their fight.

Honor Feast

Logray first decides that Han Solo, Luke Skywalker, Chewbacca, and R2-D2 will be sacrificed. They will be the main course at a banquet to honor C-3PO, who the Ewoks believe is "a golden god."

IN HIS youth, Logray was a great warrior. His staff of power is adorned with trophies, including remnants of old enemies. Logray is suspicious of all outsiders, an attitude reinforced by the arrival of Imperial forces.

A VETERAN of the Rebel Alliance, Major Ematt was one of the first officers to join General Leia Organa's cause in the Resistance. He is an experienced soldier who is well traveled across the galaxy.

DURING THE Galactic Civil War, Ematt served as leader of the Shrikes, a special reconnaissance team responsible for identifying, securing, and preparing new locations to serve as safe zones for the Rebel Alliance.

Resistance Recruiter

In the early days of the Resistance, Ematt served as an agent for General Organa. He continued to serve in the New Republic military while seeking out potential converts for Resistance service. After the defection of too many New Republic pilots to go unnoticed, Ematt himself left his New Republic post to fully serve the Resistance.

MALAKILI

KEEPER OF JABBA'S RANCOR

DATA FILE

AFFILIATION: Jabba's court
HOMEWORLD: Corellia
SPECIES: Human
HEIGHT: 1.72m (5ft 8in)
APPEARANCES: VI
SEE ALSO: Rancor; Jabba the Hutt

JABBA'S CHIEF ANIMAL HANDLER, Malakili, looks after a murderous rancor that Jabba keeps beneath his throne room. Jabba loves throwing anyone who displeases him into the rancor's den, and Malakili tends any wounds that the monster receives from its unwilling snacks.

MALAKILI once worked as an animal handler in a traveling circus. When one of his dangerous beasts escaped during a show on Nar Shaddaa and killed audience members, Malakili was enslaved. After this incident, Malakili was sold to Jabba the Hutt.

Jabba's rancor once saved Malakili's life when Sand People attacked him.

Beloved Pet

Both Malakili and his fellow animal handler, Giran, are very fond of the rancor that they care for. It is their favorite animal in Jabba's palace. Luke Skywalker slays the brutal beast after it attempts to devour him, and Malakili and Giran weep openly.

DATA FILE

AFFILIATION: Jabba's court
HOMEWORLD: Orto
SPECIES: Ortolan
HEIGHT: 1.5m (4ft 11in)
APPEARANCES: VI
SEE ALSO: Sy Snootles; Droopy McCool

THE BLUE ORTOLAN, known in the entertainment business as Max Rebo, is a half-insane keyboard player who is completely obsessed with food. When the pleasure-loving crime boss Jabba the Hutt offers Max a contract that pays only in free meals, he immediately accepts—to the outrage of his bandmates!

Signed

Jabba is so enthusiastic about the wild music that the Max Rebo Band plays, he offers the band a lifetime gig at his palace. The band is playing when Luke Skywalker enters the palace to try to free Han Solo. After Jabba's death, the band breaks up.

FOR AN

Ortolan, Max Rebo is quite skinny. His obsession with food may lead him to have poor judgment as the leader of his band, but he is devoted to music and quite good at his chosen instrument—the red ball jet organ.

Max Rebo's band accompanies Jabba's entourage on the Hutt's sail barge.

MAZ KANATA

PIRATE LEGEND

DATA FILE

Affiliation: Pirate
Homeworld: Takodana
Species: Unknown
Height: 1.24m (4ft 1in)
Appearances: VII
See Also: Han Solo; Princess Leia; Rey; Finn

A MISCHIEVOUS PIRATE boss who has spent centuries surviving in the galaxy's fringe, Maz is regarded with respect by some of the toughest gangsters in space. Maz has a strong connection to the Force, but she is no Jedi.

MAZ'S HOSPITALITY

is legendary, and she invites independent starship crews to visit her castle keep on Takodana. As long as guests don't cause trouble, and grudges and politics are left at the door, Maz is happy to host all manner of law-bending wanderers in her home.

Scoundrel's Reunion

Han Solo has known Maz Kanata for decades, and describes her as an "acquired taste." Though she is small, Maz has a big and playful personality, passing on her wisdom with equal parts good humor and stinging criticism. Solo visits Maz after an absence of 25 years, to get help finding the Resistance. As Solo brings with him two fugitives from the First Order, evil forces close in and the Resistance soon comes to him.

ME-8D9

ANCIENT PROTOCOL Ddroid

KNOWN AS "Emmie" to the scoundrels within Maz's castle on Takodana, ME-8D9 is a protocol droid who is often called on to translate the less-than-legal deals made within the castle's dining and gaming halls.

EMMIE IS an ancient droid of an unknown model, and rumor has it that she is as old as the castle itself. Emmie has little memory of her original functions, and she has been reprogrammed countless times.

Mysterious Past

Fragments of Emmie's past surface occasionally—a side-effect of her outdated design. Though mainly built for protocol duty, she has also served as an assassin for shady criminals, including the notorious Crymorah. There are some who believe she was originally in the service of the ancient Jedi Order.

MOFF JERJERROD

SUPERVISOR OF THE SECOND DEATH STAR

DATA FILE

AFFILIATION: Empire
HOMEWORLD: Tinnel IV
SPECIES: Human
HEIGHT: 1.83m (6ft)
APPEARANCES: VI
SEE ALSO: Darth Vader; Captain Needa

MOFF JERJERROD SUPERVISES the construction of the second Death Star. During the Battle of Endor, Jerjerrod commands the station's superlaser against the rebel forces. He is killed when the rebels finally detonate the Death Star's reactor.

Jerjerrod blames slow progress of the Death Star's construction on a shortfall of workers.

JERJERROD was born to a wealthy family on the Core World of Tinnel IV. He shows petty spitefulness and a lack of ambition as he rises through the Imperial ranks—both admirable qualities in a Moff. When he is assigned to the top secret second Death Star project, his cover title is Director of Imperial Energy Systems.

Called to Account

When the construction of the Death Star falls behind schedule, the Emperor sends Vader to put additional pressure on Moff Jerjerrod and his construction crews. Informed that the Emperor himself will soon be arriving, Jerjerrod assures Vader his men will double their efforts.

MON MOTHMA

REBEL ALLIANCE LEADER

DATA FILE

AFFILIATION: Republic/Rebel Alliance/New Republic
HOMEWORLD: Chandrila
SPECIES: Human
HEIGHT: 1.73m (5ft 8in)
APPEARANCES: CW, III, R, VI
SEE ALSO: Bail Organa

MON MOTHMA IS THE highest leader of the Rebellion. As a member of the Galactic Senate, she champions the cause of freedom until the Emperor's evil closes in around her. Abandoning the Senate, Mothma works with Bail Organa to form the Rebel Alliance that aims to unseat the Galactic Empire.

After the fall of the Empire, Mothma will become the New Republic's first Chancellor.

Rebel Founders

Mon Mothma and Bail Organa become convinced that Palpatine needs to be opposed. With the the Senate under Palpatine's control, and his newly appointed governors overseeing all star systems, the two loyalists make a pact with a few dependable Senators to form a highly secret Rebellion movement.

MON MOTHMA was born into a political family and became the youngest Senator to enter the Senate. When the Republic collapses, she goes underground and begins to organize the various cells of resistance into a single entity: The Alliance to Restore the Republic (or Rebel Alliance).

Trusted Pilot

Nunb learned his piloting skills flying a freighter for the Sullustan SoroSuub Corporation. When SoroSuub begins to support the Empire, Nunb shows his opposition by stealing from the company on behalf of the Rebel Alliance. At first, Nunb works as an independent smuggler, but he eventually becomes a full-time member of the Alliance.

NUTE GUNRAY

NEIMOIDIAN VICEROY

DATA FILE

AFFILIATION: Trade Federation, Separatists
HOMEWORLD: Neimoidia
SPECIES: Neimoidian
HEIGHT: 1.91m (6ft 3in)
APPEARANCES: I, II, CW, III
SEE ALSO: Palpatine; Padmé Amidala

THE VICEROY OF THE Trade Federation, Nute Gunray is powerful, deceitful, and willing to kill for his far-reaching commercial aims. Gunray becomes an unwitting pawn of Darth Sidious when he agrees to invade the peaceful planet of Naboo.

The Trade Federation secretly aids the Separatists during the Clone Wars.

Sidious will need the Trade Federation's help only until his control of the galaxy is assured.

NUTE GUNRAY

is a Neimoidian, a species known for its exceptional greed. Gunray makes an alliance with Darth Sidious to blockade Naboo in opposition to increased taxation. However, Gunray feels increasingly uneasy when his alliance with Sidious leads to open warfare.

True Face

Gunray's true cowardice shows itself when Padmé Amidala's freedom fighters storm the Royal Palace. Unable to hide behind battle droids any longer, Gunray is arrested. It is a sign of the Republic's decay that he is later able to buy his release and continue as Viceroy of the Trade Federation.

OBI-WAN KENOBI

LEGENDARY JEDI MASTER

DATA FILE

AFFILIATION: Jedi
HOMEWORLD: Stewjon
SPECIES: Human
HEIGHT: 1.79m (5ft 10in)
APPEARANCES: I, II, CW, III, R, IV, V, VI
SEE ALSO: Anakin Skywalker; Luke Skywalker

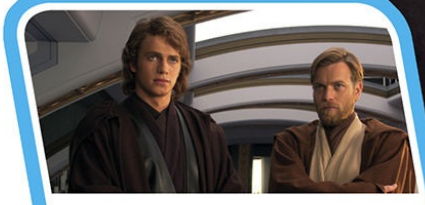
Kenobi faces Darth Vader—once Kenobi's Padawan, Anakin Skywalker—in battle.

OBI-WAN KENOBI is a truly great Jedi who finds himself at the heart of galactic turmoil as the Republic unravels and finally collapses. Although cautious by nature, Kenobi has a healthy independent streak and truly formidable lightsaber skills.

KENOBI'S path is destined to lead in a very different direction to that of his Jedi partner, Anakin Skywalker. After Order 66, Kenobi helps protect Luke and Leia Skywalker. For many years, he remains in hiding on Tatooine, watching over Luke Skywalker, the last hope for the ancient Jedi Order.

General Kenobi

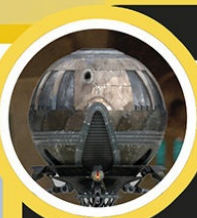
Kenobi becomes a great Jedi General and pilot in the Clone Wars (despite being a reluctant flier!). Trained by the headstrong Qui-Gon Jinn, Kenobi trains his own master's protégé, Anakin Skywalker, after Jinn's death. The bond between Obi-Wan and Anakin is strong as they fight through the Clone Wars.



Obi-Wan's considered approach to situations often conflicts with Anakin's brash nature.

OCTUPTARRA DROID

TECHNO UNION BATTLE DROIDS



DATA FILE

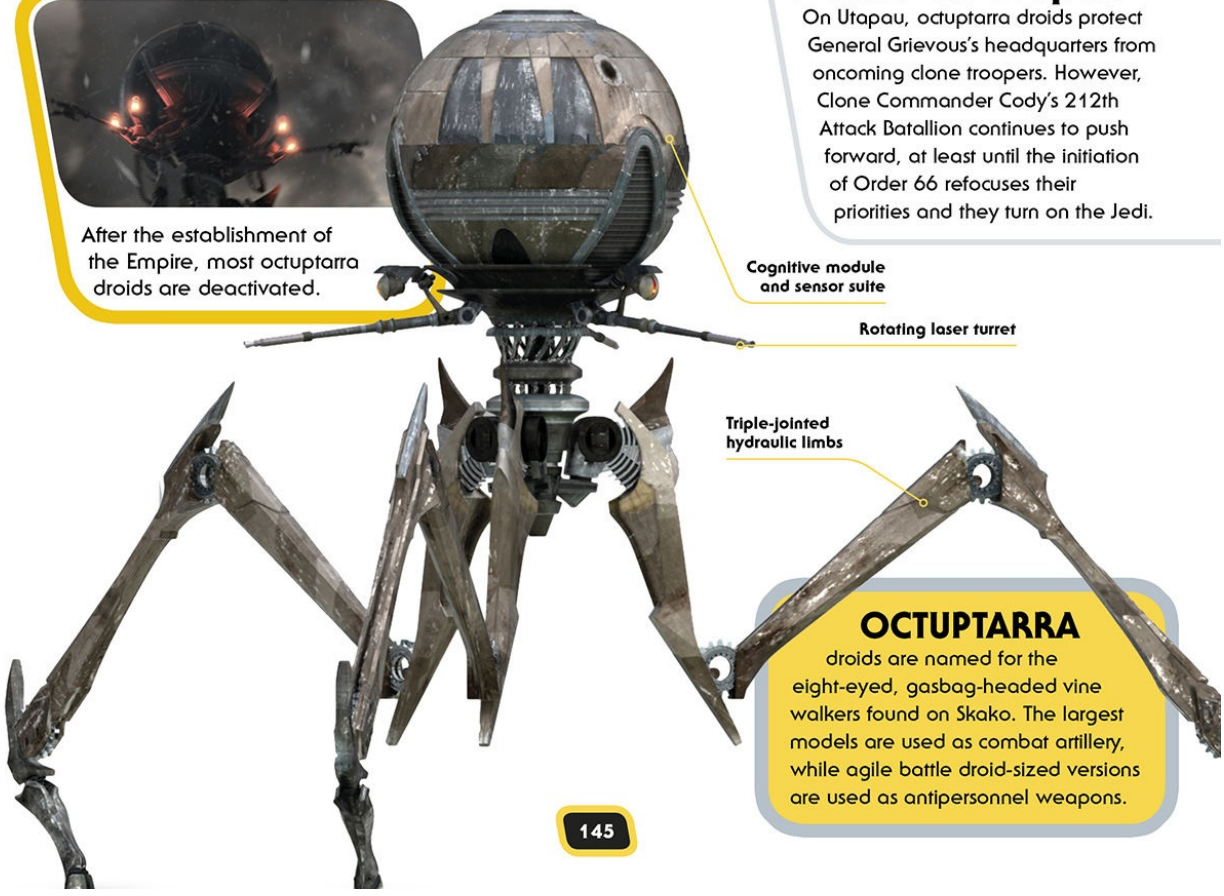
AFFILIATION: Separatists
TYPE: Octuptarra combat tri-droid
MANUFACTURER: Techno Union
HEIGHT: 3.6m (11ft 10in)
APPEARANCES: CW, III
SEE ALSO: Crab droid

OCTUPTARRA DROIDS are terrifying three-legged battle droids manufactured by the Techno Union. The droids have rotating laser turrets which can spin round to lock onto targets from any side in an instant. This makes them almost impossible for enemy troops to attack by surprise from behind.

Battle on Utapau

On Utapau, octuptarra droids protect General Grievous's headquarters from oncoming clone troopers. However, Clone Commander Cody's 212th Attack Batallion continues to push forward, at least until the initiation of Order 66 refocuses their priorities and they turn on the Jedi.

After the establishment of the Empire, most octuptarra droids are deactivated.



OCTUPTARRA

droids are named for the eight-eyed, gasbag-headed vine walkers found on Skako. The largest models are used as combat artillery, while agile battle droid-sized versions are used as antipersonnel weapons.

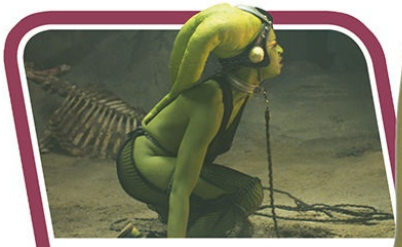
TWI'LEK DANCER

DATA FILE

AFFILIATION: Jabba's court
HOMEWORLD: Ryloth
SPECIES: Twi'lek
HEIGHT: 1.6m (5ft 3in)
APPEARANCES: VI
SEE ALSO: Jabba the Hutt

OOLA IS A green-skinned Twi'lek dancer enslaved to the cruel crime lord Jabba the Hutt. Jabba's major-domo, Bib Fortuna, kidnapped Oola from a primitive clan. He had other Twi'lek girls train Oola in the art of exotic dancing, so he could present her to his boss.



Oola dances for her life in Jabba's palace, but ends up in the dreadful rancor pit.

OOLA'S life is tragic and short. Enslaved by Bib Fortuna, a stranger offers her the chance to escape in Mos Eisley. However, Fortuna has fed her so many lies about the glory of Jabba's palace that she wants to see it for herself, so she refuses this opportunity to be free.

Gruesome End

Jabba lavishes particular attention on Oola, keeping her chained to his throne. However, when Oola once more refuses Jabba's advances, the revolting Hutt is infuriated. He opens the trap door beneath the dance floor and watches as Oola is fed to his deadly rancor monster.

OPPO RANCISIS

DATA FILE

AFFILIATION: Jedi
HOMEWORLD: Thisspias
SPECIES: Thisspiasian
HEIGHT: 1.38m (4ft 6in)
APPEARANCES: I, II, CW
SEE ALSO: Yaddle

OPPO RANCISIS IS a Thisspiasian Jedi Master who sits on the Jedi High Council. He joined the Jedi Order as an infant, and trained under Master Yaddle. When offered the throne of Thisspias, he declined it to continue to serve the galaxy as a Jedi. He is now a top Jedi military advisor.

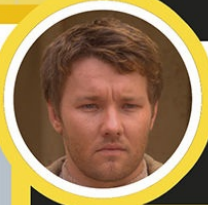
RANCISIS is an excellent strategist, who ensures that, if negotiation fails, Jedi-counseled military tactics are cunning and effective. During the Clone Wars, Rancisis fights in the Siege of Saleucami, but also spends much time on Coruscant, coordinating Republic forces throughout the galaxy.

Master Jedi

Rancisis is adept with his green-bladed lightsaber, but prefers to use his highly developed Force powers for combat. He is a formidable foe in unarmed combat, using his four arms and long tail to make surprising strikes at his opponent.

OWEN LARS

LUKE SKYWALKER'S GUARDIAN



DATA FILE

AFFILIATION: None
HOMEWORLD: Tatooine
SPECIES: Human
HEIGHT: 1.7m (5ft 7in)
APPEARANCES: II, III, IV
SEE ALSO: Beru Lars; Cliegg Lars; Luke Skywalker

AS A YOUNG NEWLYWED, Owen Lars made a huge decision. He agreed to hide and protect a baby from the wrath of his own father: Darth Vader. The baby was named Luke by his mother, Padmé, moments before she died in childbirth. Owen gained a nephew, but also added to his worries.

YOUNG OWEN was born to Cliegg Lars and his first wife Aika. He has spent most of his life on his father's homestead on Tatooine, which he inherited after Cliegg passed away. Owen falls in love with Beru after meeting her in nearby Anchorhead. It is Beru who convinces the reluctant Owen to adopt Anakin's son.

Owen, his wife Beru, and father Cliegg met Luke's parents, Anakin and Padmé, only once.

A Farmer's Life

When Luke has grown, he works closely with Owen on the family homestead. They maintain the vaporators that collect precious moisture from the desert air, and buy "used" droids from passing Jawas. Although the teenage Luke is ready to fly the nest, Owen finds it hard to shrug off the gruff, protective attitude that has become a habit over the years.

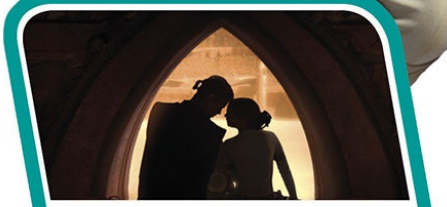
PADMÉ AMIDALA HAS TIME and again found herself at the center of galactic events. From the invasion of her home planet, Naboo, to a death sentence in a Geonosian arena, by way of multiple attempts on her life as a Senator, Padmé faces extraordinary danger with determination and great bravery.

PADMÉ GREW

up in a small Naboo village. Exceptionally talented, she was elected queen at the age of only 14. At the end of her term of office, Padmé is made Senator of Naboo. It is on the Galactic capital, Coruscant, that she becomes closer to Anakin Skywalker.



Padmé and Anakin surrender to the love they share, though they know it breaks Jedi rules.

Queen Turned Fighter

As the young Queen of Naboo, Padmé Amidala has to learn that her cherished values of non-violence will not save her people from a brutal droid invasion. Discarding her formal robes of state, Padmé determines to inspire her own troops to end the invasion by capturing the Neimoidian leaders.

SPECIES: Human
HEIGHT: 1.78m (5ft 10in)
APPEARANCES: I, II, CW, III, R, V, VI
SEE ALSO: Darth Vader

PALPATINE is known by many names. Born on Naboo, Sheev Palpatine becomes his homeworld's Senator. Then, he is Supreme Chancellor Palpatine. Finally, he declares himself Emperor and rules the galaxy. Ultimate power has been his plan all along. Palpatine is secretly Darth Sidious, the most evil of Sith Lords.

Sensing Vader's defeat on Mustafar, Palpatine travels to his apprentice's side.

Palpatine secretly plans the Clone Wars to destroy the Galactic Republic and the Jedi Order.

PALPATINE manages to keep all those around him from suspecting his true identity. For years, he has appeared patient and unassuming, so few have recognized his political ambitions. His dark side powers even blinded the Jedi from seeing behind his mask of affability.

Sith Powers

His face twisted and scarred by the dark energies of the Force, Emperor Palpatine is a figure of terrible power. One of his most deadly weapons is Sith lightning, which is projected from his fingertips. A Force user can block the lethal energy for a while if they are strong, but it takes immense effort.

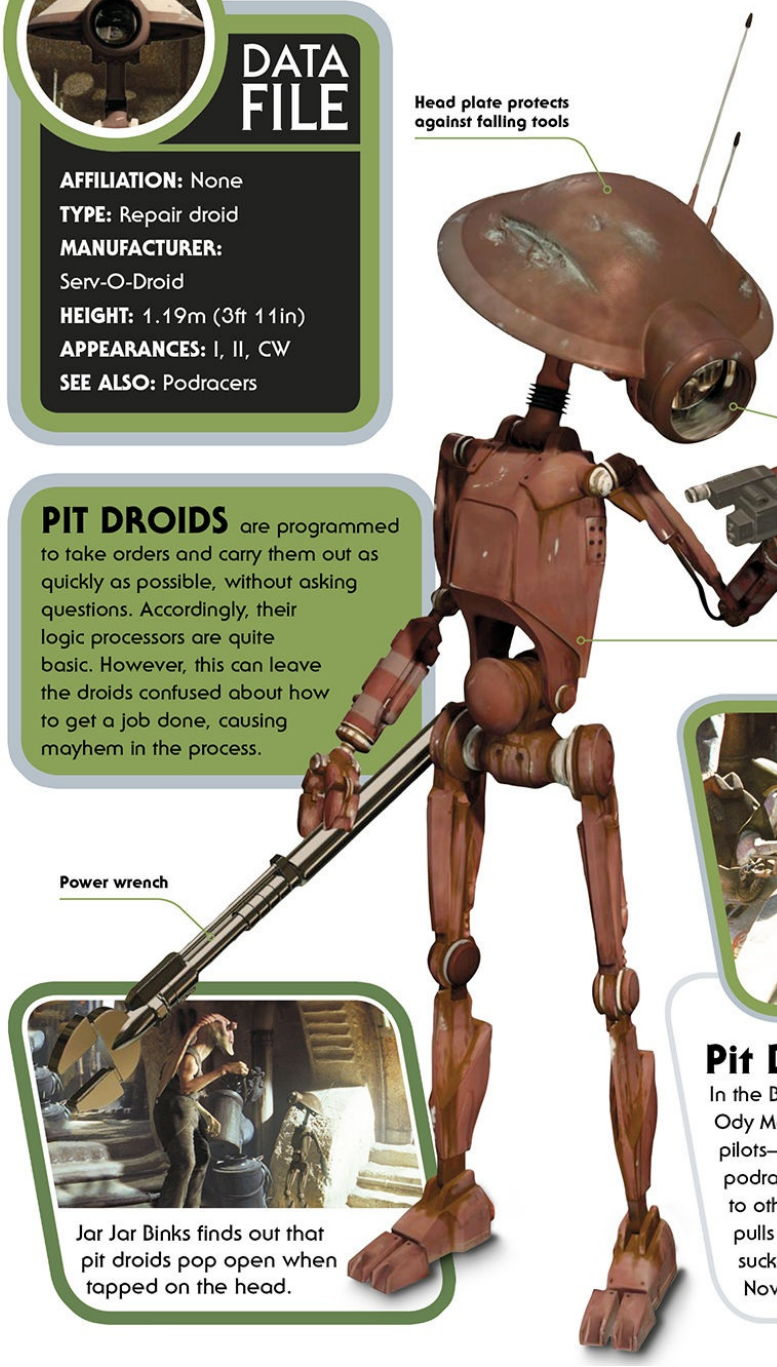
PIT DROID

DROID PODRACER MECHANICS

DATA FILE

AFFILIATION: None
TYPE: Repair droid
MANUFACTURER: Serv-O-Droid
HEIGHT: 1.19m (3ft 11in)
APPEARANCES: I, II, CW
SEE ALSO: Podracers

PIT DROIDS are programmed to take orders and carry them out as quickly as possible, without asking questions. Accordingly, their logic processors are quite basic. However, this can leave the droids confused about how to get a job done, causing mayhem in the process.



BUSY, SLIGHTLY CLUMSY pit droids work in pit hangars and race arenas on planets where the high-speed sport of podracing takes place. Pit droids assist with all podrace maintenance tasks and report to human podracer mechanics, who oversee complex decisions and custom engine modifications.

Jar Jar Binks finds out that pit droids pop open when tapped on the head.

Pit Droid Mishap

In the Boonta Eve Classic podrace on Tatooine, Ody Mandrell is one of the crowd's favored pilots—young, daring, and with a powerful podracer that causes plenty of damage to other craft in the race. That is, until he pulls over to a pit stop and a pit droid is sucked right through his massive engine. Now he is out of the race!

PLO KOON is a member of the Jedi High Council and a Jedi General in the Clone Wars. He is one of the most powerful Jedi ever, with awesome fighting abilities and strong telekinetic powers. He also discovered Ahsoka Tano as an infant and inducted her into the Jedi Order.

PLO KOON

is a Kel Dor from Dorin. He wears a special mask to protect his sensitive eyes and nostrils from the oxygen-rich atmosphere of planets such as Coruscant. Master Plo fights in the Battle of Geonosis and many more conflicts in the Clone Wars.

Tragic Mission

At the end of the Clone Wars, Plo Koon, an expert pilot, leads a starfighter patrol above Cato Neimoidia. Without warning, his own clone troopers begin firing at his ship. Order 66 had been given, causing all the pre-programmed clones to turn on their Jedi leaders. Plo's ship crashes into the planet, and Koon is killed.

THE ARCHDUKE OF GEONOSIS, Poggle the Lesser, rules the Stalgasin hive colony, which controls all the other major hive colonies on Geonosis. His factories build innumerable battle droids for the Separatists, using the labor of legions of downtrodden drones.

Long wattles

POGGLE emerged from a lower caste through the sheer force of his iron will to become Archduke. He is the public face of the Geonosian aristocracy and arms business. Hidden beneath the hives of his planet is his monarch, Karina the Great, an enormous Geonosian queen whose vast egg chambers propagate the species.

POLIS MASSANS are archaeologists and exobiologists who borrow some of the Kaminoans' cloning techniques to attempt to recreate life from tissues recovered from archaeological digs. They have been excavating Polis Massa, seeking remains of the extinct Eellayin civilization that they believe was ancestor to the Kallidahin.

Urgent Delivery

Yoda and Bail Organa flee to remote Polis Massa to escape Order 66. They are joined by Obi-Wan Kenobi, C-3PO, R2-D2, and Padmé Amidala, who is injured and about to give birth. Polis Massans and medical droids urgently work together to deliver Padmé's twins, Luke and Leia, but they cannot save Padmé herself.

DATA FILE

AFFILIATION: Smuggler
HOMEWORLD: Ando
SPECIES: Aqualish
HEIGHT: 1.7m (5ft 7in)
APPEARANCES: IV
SEE ALSO: Doctor Evazan; Obi-Wan Kenobi

PONDA BABA is a thuggish Aqualish who tries to pick a fight with Luke Skywalker. Luke enters a notorious Mos Eisley cantina with Obi-Wan Kenobi looking for a ride off-planet. Ponda Baba's big mistake is picking on the companion of a Jedi.

Large eyes for seeing underwater on native planet

Stump left by severing of arm

Facial tusks grow with age

PONDA BABA met Dr. Evazan when he saved the doctor's life. Together, they shipped spice for Jabba the Hutt. After the fight in the cantina, Evazan tries to use his medical training to reattach Ponda Baba's arm but fails, nearly killing the Aqualish in the process.

Cantina Confrontation

Ponda Baba and his partner in crime, Dr. Evazan, are caught unprepared for an old man's ability with a lightsaber (an almost forgotten relic of the glory days of the Galactic Republic). But for Luke, too, this first demonstration of Kenobi's abilities with the weapon is a revelation, and a hint of the possible return of the Jedi.

Teak Sidbam is a fellow Aqualish who is sometimes mistaken for Ponda Baba.

POWER DROID

APPROX. HEIGHT: 1m (3ft 3in)
APPEARANCES: I, CW, R, IV, V, VI, VII
SEE ALSO: 2-1B; C-3PO

SOME DROIDS ARE made for greatness, like sophisticated pilot or surgeon droids; others, like C-3PO, have greatness thrust upon them. But some droids are so commonplace, they are destined never to be noticed. Power droids, which function as mobile power generators, are such droids.

Power droids have very simple artificial intelligence, so they tend to get lost easily.

GNK Power Droids

In less-developed backwaters all around the galaxy, wherever there is a junk shop or a mechanic garage, it is likely there will be GNK power droids somewhere in the background. Watto's junk shop on Tatooine has a few battered GNK units. Watto gives run-down merchandise a quick power-up to get a better price from customers.

POWER DROIDS, either the EG-series, made by Veril Line Systems, or the GNK-series, made by Industrial Automaton, are sometimes named "gonk" droids because of the low honking noise they emit. Industrial Automaton also made a tibanna gas-holding PLNK-series power droid in the Clone Wars.

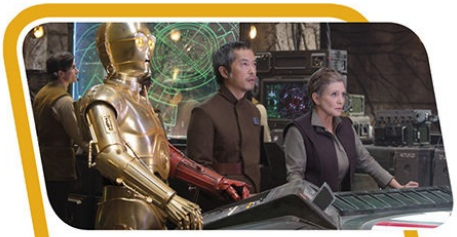
AS SENATOR for Alderaan, Princess Leia Organa made diplomatic missions across the galaxy on her ship, the *Tantive IV*. Secretly, Leia worked for the Rebel Alliance, and she played a vital role in the defeat of the Empire.

Resistance uniform

RAISED ON Alderaan by her adoptive father, Bail Organa, Leia was well prepared for her royal position, and used her high-placed connections wherever she could to aid the Alliance. During the decades of peace that follow the destruction of the Empire, Leia is able to concentrate on her new family, but as the galaxy once again undergoes turmoil, she returns to her role as a military commander.

Decisive Leader

Leia was a key command figure in the Rebel Alliance, overseeing important missions and planning strategy, alongside General Rieekan and other Alliance leaders. In Echo Base on Hoth, Leia peered intently at the scanners, alert to any signs of Imperial detection.



Leia commands the Resistance from its hidden base on the planet D'Qar.

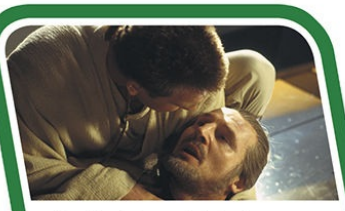
QUI-GON JINN

JEDI WHO DISCOVERS "THE CHOSEN ONE"

DATA FILE

AFFILIATION: Jedi
HOMEWORLD: Coruscant
SPECIES: Human
HEIGHT: 1.93m (6ft 4in)
APPEARANCES: I, II, CW
SEE ALSO: Anakin Skywalker

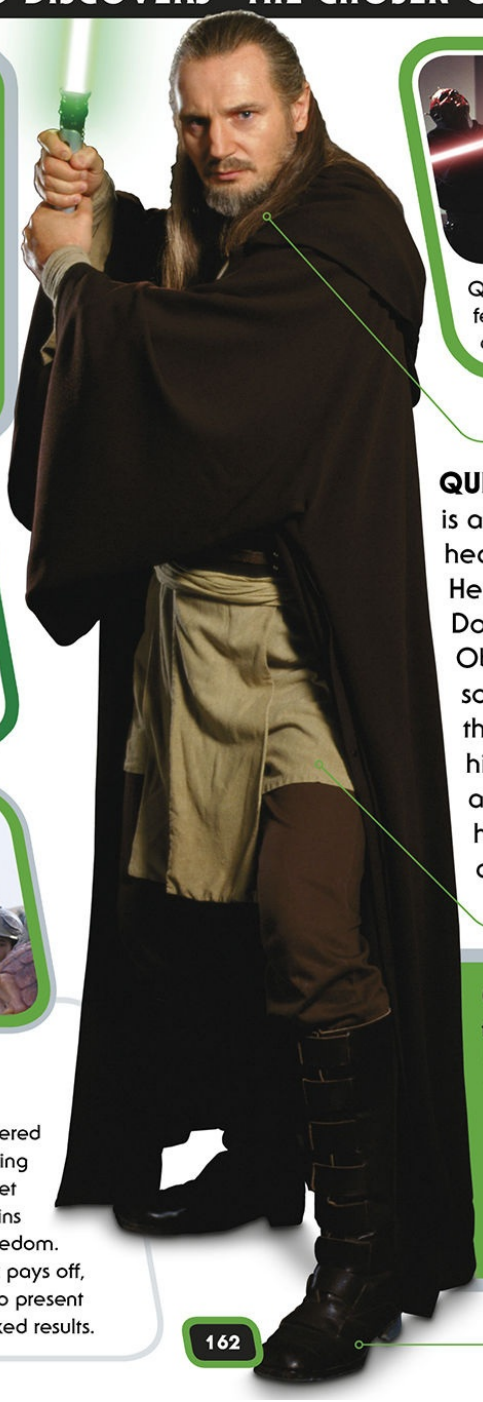
Qui-Gon Jinn is one of the few Jedi to have battled a Sith—Darth Maul.



Jinn's dying wish is that Obi-Wan trains Anakin.

The Chosen One

When Jinn encounters young Anakin Skywalker, he believes he has discovered the prophesied individual who will bring balance to the Force. Jinn makes a bet with slave owner Watto: if the boy wins his podrace, then he also wins his freedom. If he loses, Jinn loses his ship. The risk pays off, and Jinn takes the boy to Coruscant to present him to the Jedi High Council, with mixed results.



Long hair worn back to keep vision clear

QUI-GON JINN is an experienced but headstrong Jedi Master. He was Padawan to Count Dooku and teacher to Obi-Wan Kenobi. Jinn has sometimes clashed with the Jedi High Council over his favoring of risk and action: as a result, he has not been offered a seat on the Council.

Jedi tunic

QUI-GON JINN fights actively for the Galactic Republic, but he is struck down by the unruly dark energies of Darth Maul. After his death, Jinn becomes the first Jedi to live on in the Force, a gift he will pass on to Obi-Wan Kenobi, Yoda, and Anakin Skywalker.

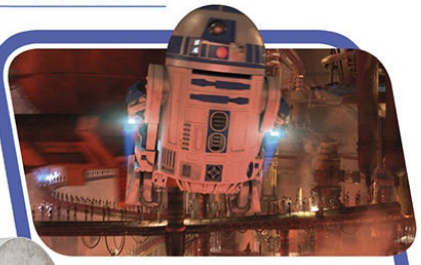
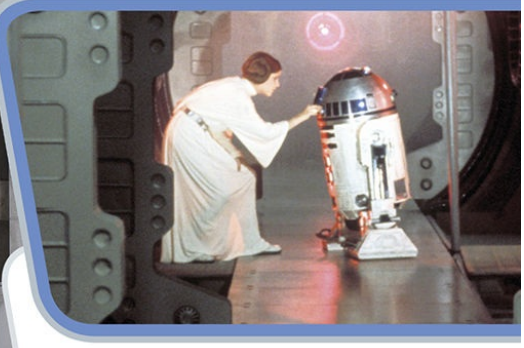
MANUFACTURER: Industrial Automaton
HEIGHT: 1.09m (3ft 7in)
APPEARANCES: I, II, CW, III, R, IV, V, VI, VII
SEE ALSO: C-3PO; Princess Leia; Bail Organa

R2-D2 IS NO ORDINARY astromech droid. His long history of adventures has given him a distinct personality. He is stubborn and inventive, and is strongly motivated to succeed at any given task. Although R2-D2 speaks only in electronic beeps and whistles, he usually manages to make his point!



R2-D2 has many hidden tricks, including extension arms and rocket boosters.

R2-D2 first distinguishes himself on board Queen Amidala's Royal Starship. He serves Anakin Skywalker during the Clone Wars and then Luke Skywalker during the Rebellion, flying in the droid socket of their spaceships.



Risky Mission

At the end of the Clone Wars, R2-D2 is assigned to Bail Organa's diplomatic fleet. Princess Leia entrusts R2-D2 with the stolen Death Star plans and her urgent message to Obi-Wan Kenobi. He risks all kinds of damage to accomplish his mission.

R4-G9 IS a bronze-domed astromech droid that is stationed at the Jedi Temple on Coruscant. She is briefly assigned to Obi-Wan Kenobi when he begins flying a new class of starfighter, while his regular droid, R4-P17, is being adapted to fit the new ship. Kenobi uses R4-G9 again on his crucial mission to Utapau.

One of R4-G9's tasks is to transmit coordinates to the starfighter's hyperspace docking ring.

R4-G9 was first assigned to Aayla Secura on her starfighter. Secura once loaned Kenobi her ship and droid during a search for Asajj Ventress. Kenobi took the precaution of having R4-P17 upload his flight history records to R4-G9.

Tactics

Kenobi uses R4-G9 on Utapau after his own R4-P17 unit is destroyed in the Battle of Coruscant. In a diversionary tactic, R4-G9 pilots Kenobi's ship off the planet alone and returns to the Star Destroyer *Vigilance*, while Obi-Wan remains to track down General Grievous.

RAPPERTUNIE plays a combination flute, or Growdi Harmonique, in Max Rebo's Band. Rappertunie has always had a thirst for travel and has used his musical talent to pay his way around the galaxy. Unfortunately, he ends up in a lifetime gig at Jabba's palace, where the hot, dry climate does not suit his moist skin at all.

Defense

At Jabba's palace, Rappertunie can spend whole days perched motionless on his Growdi seat, trying to keep his naturally moist skin cool. Being small in size makes Rappertunie feel quite vulnerable, but he can spit paralyzing poison at those who threaten him.

RAPPERTUNIE

is a Shawda-Ubb—a small, amphibious species with long fingers. Rappertunie was born on the swampy, wet Outer Rim planet, Manpha.

RATHTAR

NIGHTMARE MONSTER

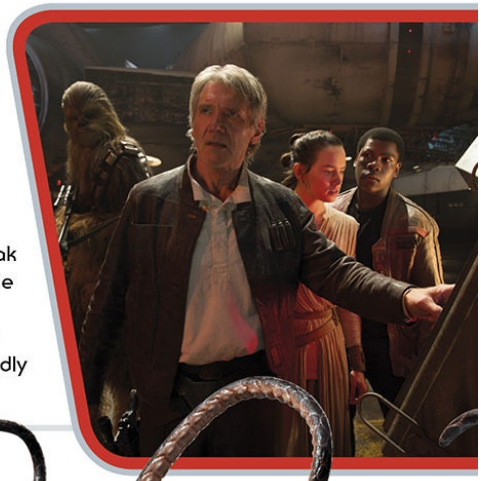
DATA FILE

HOMEWORLD: Unknown
HEIGHT: 1.68m (5ft 6in)
DIET: Carnivorous
HABITAT: Jungle
APPEARANCES: VII
SEE ALSO: Han Solo; Chewbacca

THE ENORMOUS tentacled beasts responsible for such disasters as the Trillia Massacre, rathtars are universally terrifying. Even so, their intimidating presence, unique biology, and exotic rarity mean there is a demand for these creatures on the black market.

Solo's Gamble

King Prana offers a big bounty to anyone who can deliver him a live rathtar for his menagerie. Han Solo takes on the assignment, hauling rathtars inside his massive freighter, the *Eravana*. The creatures break loose from their cages while Solo is surrounded by gangsters, transforming a tense standoff into a deadly eruption of chaos.



RATHARS HAVE

traits that suggest they are evolutionarily primitive: rudimentary light-sensing "eyes," a lack of a true skeleton, and reproduction through fission. Despite this their hunting methods can, at times, seem extremely sophisticated.

RAZOO QIN-FEE

KANJIKLUB GANGSTER

AFFILIATION: Kanjiklub
HOMEWORLD: Nar Kanji
SPECIES: Human
HEIGHT: 1.65m (5ft 5in)
APPEARANCES: VII
SEE ALSO: Tasu Leech; Chewbacca; Han Solo; Bala-Tik; Kanjiklub gang

A LIEUTENANT in the cutthroat Kanjiklub gang, Razoo Qin-Fee specializes in weapons maintenance and modification. The bandits of Kanjiklub favor crude and deadly weaponry and explosives. Qin-Fee upgrades and modifies them to dangerous specifications.

Homemade explosive cylinders

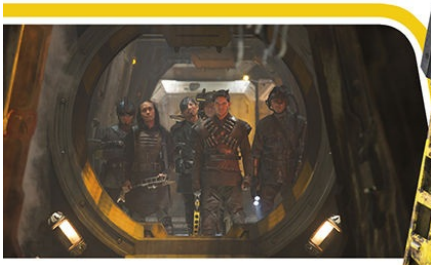
Spare blaster gas ammunition cartridge

AUTHORITY IN

Kanjiklub is a violent affair—as is everything in this Outer Rim gang. Razoo Qin-Fee eyes the role of leader, currently held by Tasu Leech. However, he must make enough allies first, so that he is not instantly overthrown by others in the gang.

Lethal Lieutenant

Razoo Qin-Fee earned a dangerous reputation in the underworld Zygerrian fighting circuit, where he was banned for exceptionally dirty tactics. Though he is a fierce unarmed warrior, he is also a pyromaniac and tech expert. His extensively modified blaster rifle, which he has named the "Wasp," packs a powerful sting.



Razoo Qin-Fee accompanies Tasu Leech while boarding Han Solo's freighter, the *Eravana*, in an ill-fated attempt to collect money that Solo owes Kanjiklub.

REBEL TROOPER

GROUND FORCES OF THE REBEL ALLIANCE

DATA FILE

AFFILIATION: Rebel Alliance
SPECIES: Human
STANDARD EQUIPMENT: Blaster pistol
APPEARANCES: IV, V, VI
SEE ALSO: General Madine

REBEL SOLDIERS are the main forces of the Alliance to Restore the Republic. These dedicated troops are organized into Sector Forces, each of which is responsible for resisting the might of the Empire in their home sectors across the galaxy.

Lightweight combat helmet

Fleet troopers on the *Tantive IV* wear a uniform of blue shirts, black combat vests, and gray pants.

High-resistance gloves

Commandos

Alliance SpecForce wilderness fighters infiltrate an Imperial base on Endor's forest moon. Under the command of General Solo, they manage to trick the squadrons of Imperial troops inside the base to come out, where they are outnumbered and forced to surrender.

REBEL TROOPS wear standardized uniforms wherever the Alliance's meager resources allow. SpecForce wilderness fighters—soldiers trained for specialized roles in Alliance Special Forces—wear full forest-camouflaged fatigues during the Battle of Endor.

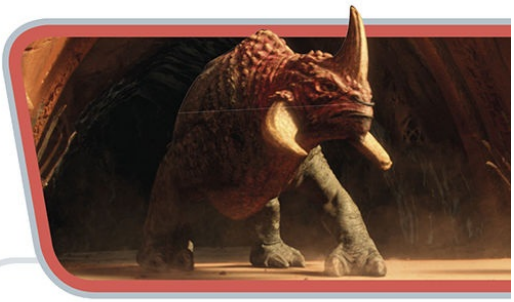
REEK

GEONOSIAN ARENA BEASTS

DATA FILE

HOMEWORLD: Ylesia, Codian Moon
HEIGHT: 2m (6ft 7in) high, 4m (13ft 1in) long
DIET: Omnivorous
HABITAT: Grasslands
APPEARANCES: II, CW
SEE ALSO: Nexu; acklay

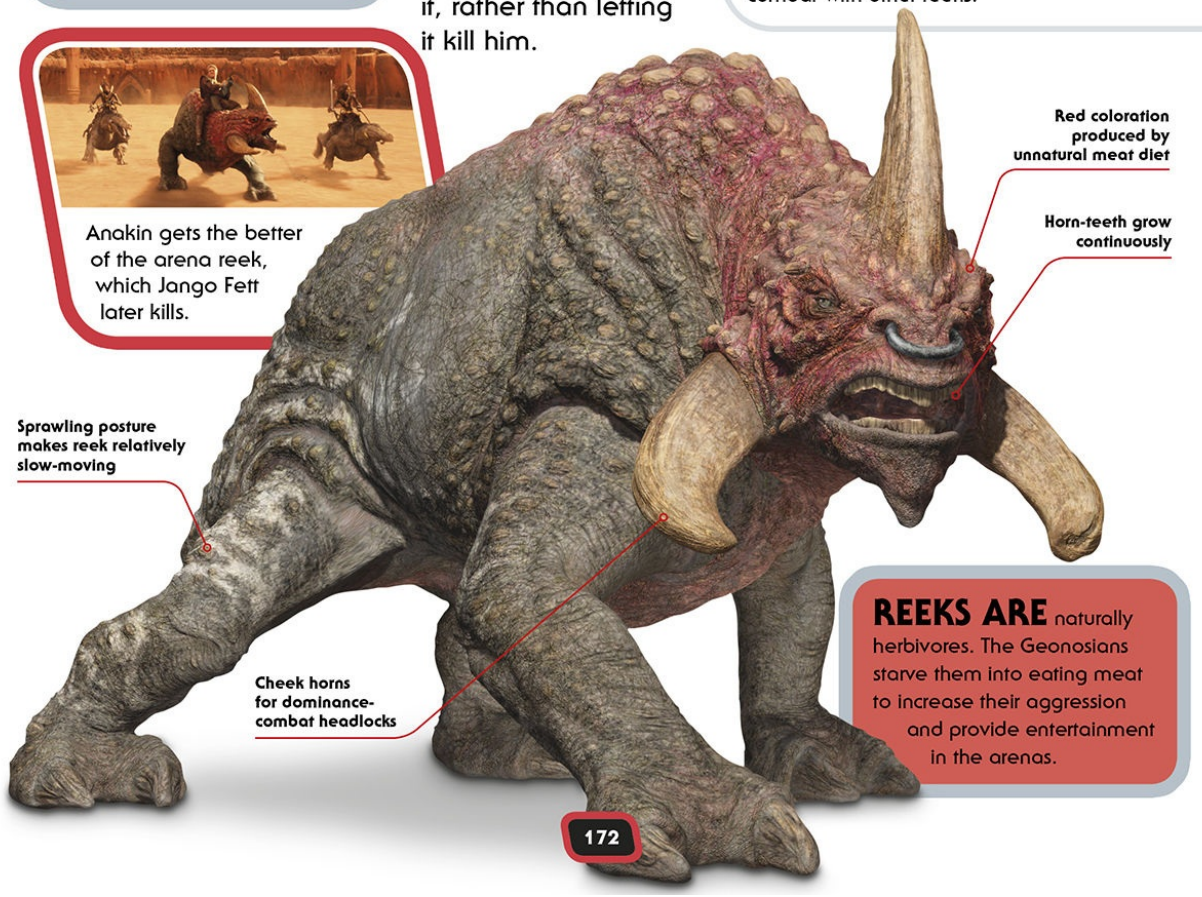
IN THE BRUTAL AND bloody arenas on Geonosis, reeks are one of the ferocious species kept for the purposes of execution and sport. Up against one of these mighty beasts, Anakin Skywalker manages to use his Force powers to tame the reek enough to ride it, rather than letting it kill him.



Combat

Reeks are slow-moving and heavy. However, they are dangerous fighters, with powerful jaws and horns that can gore opponents. In the wild, these horns are used for combat with other reeks.

Anakin gets the better of the arena reek, which Jango Fett later kills.



Red coloration produced by unnatural meat diet
Horn-teeth grow continuously
Sprawling posture makes reek relatively slow-moving
Cheek horns for dominance-combat headlocks

REEKS ARE naturally herbivores. The Geonosians starve them into eating meat to increase their aggression and provide entertainment in the arenas.

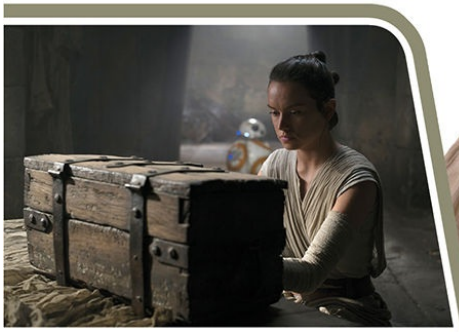
DATA FILE

AFFILIATION: Resistance
HOMEWORLD: Jakku
SPECIES: Human
HEIGHT: 1.7m (5ft 7in)
APPEARANCES: VII
SEE ALSO: Finn; BB-8; Han Solo; Luke Skywalker

A 19-YEAR-OLD scavenger who lives in the inhospitable deserts of Jakku, Rey never intends to leave the desolate planet. She holds out hope that those who left her there will someday return.

DESPITE A HARD life that should have left her free of sympathy and compassion, Rey takes pity on a stranded little droid named BB-8. Rather than trade the valuable Resistance droid for food, she keeps watch over it.



Rey is surprised to learn that she has a vital role to play in the fate of the galaxy, and perhaps the Force itself.

Heroes of the Past

Rey's life is catapulted into a galactic adventure when her path collides with Finn, a deserter from the First Order. The two join forces to get BB-8 back into the hands of the Resistance, and flee Jakku aboard the commandeered *Millennium Falcon*. This brings Rey face-to-face with Han Solo, the first of several legendary heroes of the Galactic Civil War that she will meet.

SABÉ

ROYAL NABOO HANDMAIDEN

DATA FILE

AFFILIATION: Royal House of Naboo
HOMEWORLD: Naboo
SPECIES: Human
HEIGHT: 1.65m (5ft 5in)
APPEARANCES: I
SEE ALSO: Padmé Amidala

SABÉ IS THE MOST important handmaiden in Queen Amidala's entourage. She is first in line to become the royal decoy in times of danger. Sabé dresses as the Queen and disguises her features with white makeup.

QUEEN AMIDALA'S handmaidens assist with many tasks necessary to maintain the monarch's regal image. These capable individuals are also trained in bodyguard skills and are equipped with blaster pistols to defend their monarch in the event of a disturbance or emergency.

Sabé leads the delegation to ask the Gungans to join the Naboo in the fight for their planet.

Royal Service

While Sabé is disguised as the Queen, Padmé Amidala dresses in the simple gown of a handmaiden. They use silent gestures and expressions to communicate secretly with each other. Sabé is trained to imitate the Queen in every way, but the task is a risky one.

SAESEE TIIN

IKTOTCHI JEDI MASTER

DATA FILE

AFFILIATION: Jedi
HOMEWORLD: Iktotch
SPECIES: Iktotchi
HEIGHT: 1.88m (6ft 2in)
APPEARANCES: I, II, CW, III
SEE ALSO: Mace Windu

JEDI MASTER SAESEE TIIN sits on the High Council in the Jedi Temple on Coruscant. He is particularly skilled in piloting the finest spacecraft at high speeds, which is also when his telepathic mind does its most focused thinking.

SAESEE TIIN was born on Iktotch, the moon of Iktotchon. He is a natural pilot, exhibiting an instinctive sense of direction and a fine control of ships of many different sizes. During an important Clone Wars mission to Lola Sayu, the site of the Separatist Citadel installation, Tiin pilots his well maintained starfighter into battle.

Jedi Fighter

Saesee Tiin fights at the Battle of Geonosis, riding on a Republic gunship to attack the droids on the plains. Later in the battle, Tiin takes to the skies to aid Jedi Master Adi Gallia in the battle above Geonosis. Tiin becomes a General in the Clone Wars, leading starfighter squadrons.

Tiin is one of the Jedi who confront Palpatine, now revealed to be Sidious.

SALACIOUS CRUMB

KOWAKIAN MONKEY-LIZARD

DATA FILE

AFFILIATION: Jabba's court
HOMEWORLD: Kowak
SPECIES: Kowakian Monkey-Lizard
HEIGHT: 70cm (2ft 4in)
APPEARANCES: VI
SEE ALSO: Jabba the Hutt

SALACIOUS CRUMB is Jabba the Hutt's court jester. When Jabba first found this Kowakian Monkey-Lizard stealing his food, the Hutt tried to eat him. Crumb escaped but Bib Fortuna captured him.

Crumb often irritates guests by repeating whatever Jabba says.

In Jest

Salacious Crumb knows that he must make Jabba laugh at least once a day, otherwise he will be killed. Crumb picks on everyone around him to entertain his boss, especially Jabba's new translator droid, C-3PO, who loses an eye to the hateful little creature.

SALACIOUS CRUMB

was just one of the many vermin on a space station, until he managed to stow away on board one of Jabba's spaceships, ending up on Tatooine. Now Crumb sits beside Jabba the Hutt, teasing all the inhabitants of the palace.

SANDTROOPER

DESERT-READY STORMTROOPERS

DATA FILE

AFFILIATION: Empire
SPECIES: Human
HEIGHT: 1.83m (6ft)
STANDARD EQUIPMENT: Blaster pistol; blaster rifle; repeating blaster
APPEARANCES: IV
SEE ALSO: Stormtrooper

SANDTROOPERS are specialized Imperial stormtroopers, trained to adapt to desert environments. They are equipped with armor and weapons for use in hot, dry climates. Their armor uses advanced cooling systems and their helmets have built-in polarized lenses to reduce sun glare.

Sandtroopers on Tatooine search for two droids carrying stolen Death Star plans.

SANDTROOPERS

are human recruits who remain anonymous behind their white armor. They carry food and water supplies, blaster rifles, and long-range comlinks. Sandtroopers' training enables them to adapt to local customs, like riding native dewback lizards on Tatooine.

Ranks

Sandtroopers wear shoulder pauldrons, which indicate rank. Regular sandtroopers' pauldrons are black, while sergeants wear white pauldrons. Squad leaders, who lead units of seven troopers, wear orange pauldrons.

SARCO PLANK

GALACTIC OUTLAW

DATA FILE

AFFILIATION: None
HOMEWORLD: Unknown
SPECIES: Melitto
HEIGHT: 1.82m (6ft)
APPEARANCES: VII
SEE ALSO: Luke Skywalker; C-3PO; Unkar Plutt; Rey

A SCAVENGER and bounty hunter, the sinister Sarco Plank works as an arms trader at Niima Outpost on Jakku, where he sells weapons to explorers willing to brave the desert wastes in search of valuable salvage.

DURING the Galactic Civil War, Sarco worked as a tomb raider, robbing ancient sites such as the Temple of Eedit, a Jedi outpost on Devaron. In that expedition, Sarco lured a young Luke Skywalker to the temple, hoping the youth could unlock the site's secrets. Sarco fought Luke, wielding an electrostaff against Skywalker's lightsaber, but failed to defeat the rebel pilot.

Eyeless Alien

Sarco Plank lacks eyes—his face is a featureless wall of insectoid plates. He senses his surroundings based on vibrations transmitted by ultra-sensitive hairs known as cilia, which line his body. A vocoder built into his feeding mask translates the humming of his face plates into an understandable voice.

SARLACC

LETHAL SAND-DWELLING LIFE-FORMS

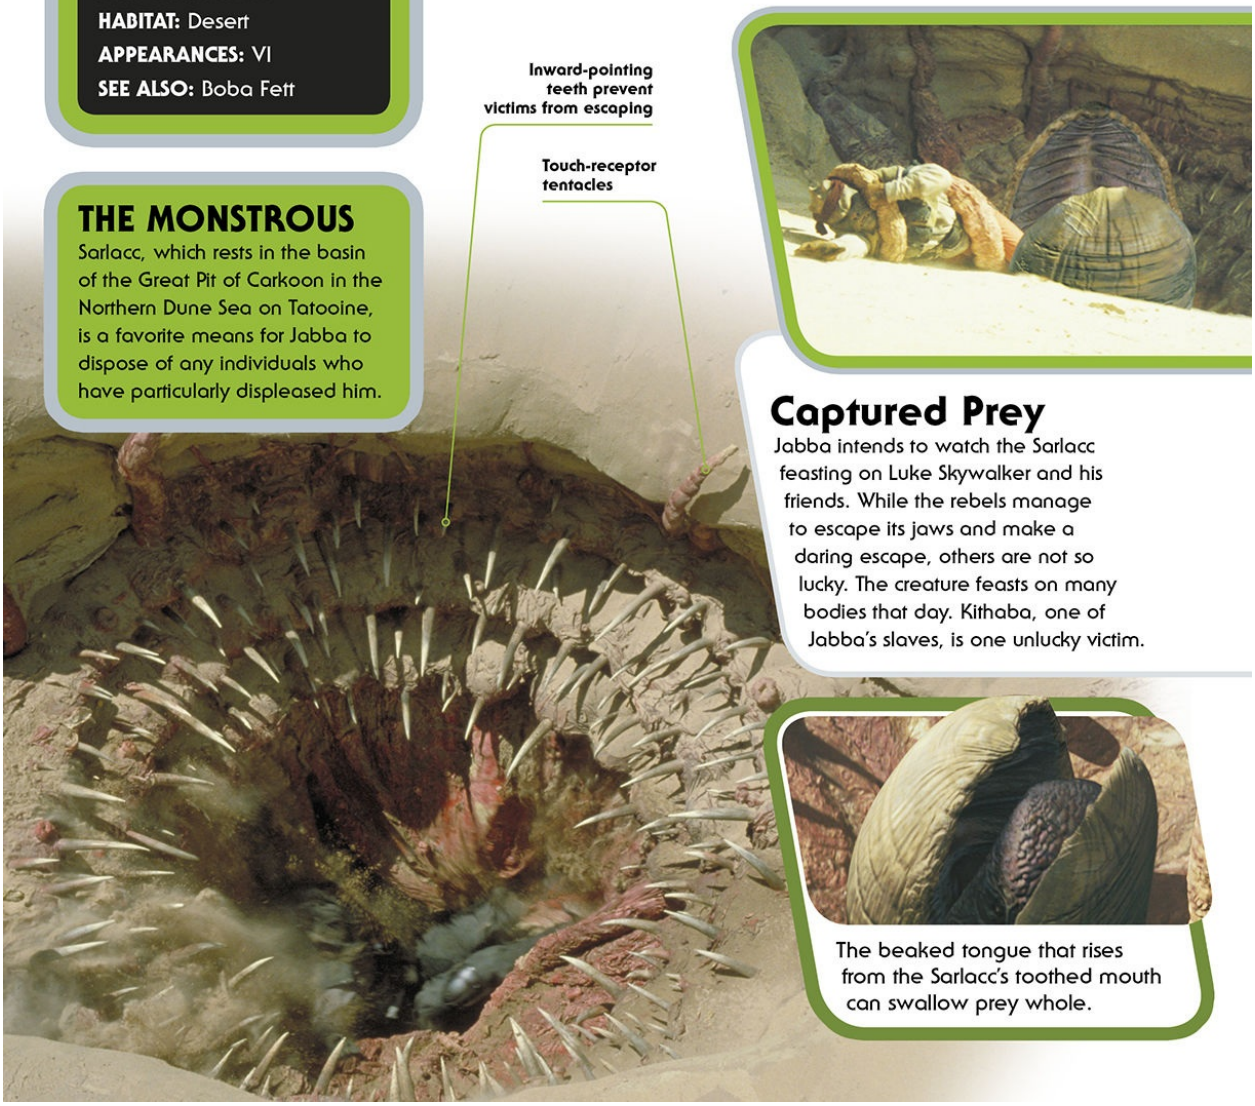
DATA FILE

HOMEWORLD: Tatooine
WIDTH: 3m (9ft 10in)
DIET: Omnivorous
HABITAT: Desert
APPEARANCES: VI
SEE ALSO: Boba Fett

IT IS FORTUNATE THAT the sarlaccs are so rare in the galaxy, since they are so utterly unpleasant. These monstrous life-forms hide beneath desert sands with their mouths just below the surface. Unwary individuals can easily find themselves slipping beneath the dunes into the waiting jaws of the terrifying creature.

THE MONSTROUS

Sarlacc, which rests in the basin of the Great Pit of Carkoon in the Northern Dune Sea on Tatooine, is a favorite means for Jabba to dispose of any individuals who have particularly displeased him.



Captured Prey

Jabba intends to watch the Sarlacc feasting on Luke Skywalker and his friends. While the rebels manage to escape its jaws and make a daring escape, others are not so lucky. The creature feasts on many bodies that day. Kithaba, one of Jabba's slaves, is one unlucky victim.

The beaked tongue that rises from the Sarlacc's toothed mouth can swallow prey whole.

SCOUT TROOPER

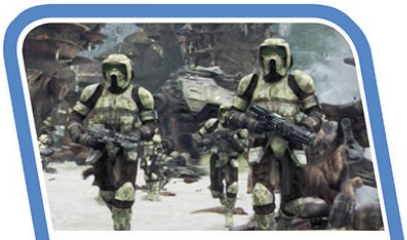
SPECIALIZED STORMTROOPERS

DATA FILE

AFFILIATION: Empire
SPECIES: Human
STANDARD EQUIPMENT: Blaster pistol; grenades; survival rations and gear
APPEARANCES: VI
SEE ALSO: Stormtrooper; sandtrooper

IMPERIAL SCOUT TROOPERS are trained for long-term missions. They wear armor on the head and upper body only, to allow maximum maneuverability. Their helmets have enhanced macrobinocular viewplates, for precision target identification.

SCOUT TROOPERS are sent to survey areas and locate enemy positions, infiltrate enemy territory, and undertake sabotage missions. They rarely engage in combat, and are instructed to call in stormtroopers at any signs of trouble.



The Republic first deployed clone scout troopers during the Clone Wars, including the Battle of Kachirho on Kashyyyk.

On Patrol

Scout troopers on speeder bikes patrol the dense forests of Endor, where the Empire maintains a strategic shield generator. Working in units of two or four, they watch for any signs of troublesome forest creatures or terrorist infiltrators.

SEBULBA

STAR PODRACER

DATA FILE

AFFILIATON: None
HOMEWORLD: Malastare
SPECIES: Dug
HEIGHT: 1.12m (3ft 8in)
APPEARANCES: I
SEE ALSO: Podracers

SEBULBA IS ONE of the top podracers in the Outer Rim circuits. He is skilled at piloting his vehicle, but also willing to use dirty tricks to give him the winning edge. When Anakin Skywalker joins a race, Sebulba decides the young human must not win.

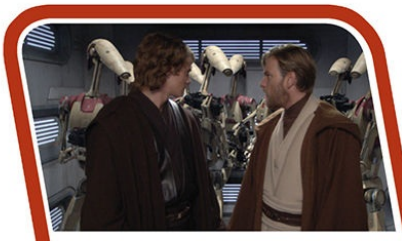
SECURITY DROID

ARMED BATTLE DROIDS

DATA FILE

AFFILIATON: Separatists
TYPE: Battle droid
MANUFACTURER: Baktoid Combat Automata
HEIGHT: 1.91m (6ft 3in)
APPEARANCES: I, II, CW, III
SEE ALSO: Battle droid

SECURITY DROIDS WITH red markings are programmed for defense on spaceships, space stations, or buildings. These specialized droids work in squads led by a command officer battle droid with yellow markings.



Security droids on board *Invisible Hand* are about to become scrap metal.

Droid Assault

Security droids patrol many Trade Federation capital ships. At the start of the blockade of Naboo, Jedi Qui-Gon Jinn and Obi-Wan Kenobi board the Trade Federation flagship to begin negotiations, and instead have to defend themselves from security droids. During the Clone Wars, Anakin and Obi-Wan face many security droids when they rescue Chancellor Palpatine from General Grievous's flagship, *Invisible Hand*.

SECURITY DROIDS use standard E-5 blaster rifles. However, their programming is only a little more complex than regular battle droids, so they frequently miss their targets.

SHAAK TI

TOGRUTA JEDI MASTER

DATA FILE

AFFILIATION: Jedi
HOMEWORLD: Shili
SPECIES: Togruta
HEIGHT: 1.78m (5ft 10in)
APPEARANCES: II, CW, III
SEE ALSO: Luminara Unduli

JEDI MASTER SHAAK TI joined the Jedi High Council before the arena battle on Geonosis. During the Clone Wars, she often represents the Jedi Order on Kamino. Her compassion for the clone troopers as individuals clashes with the Kaminoan scientists' cold view that they are products.

Shaak Ti is the same species as Anakin Skywalker's apprentice, Ahsoka Tano.

Master Jedi

Ti fights alongside the other 200 Jedi Knights that come to the aid of Anakin Skywalker, Obi-Wan Kenobi, and Padmé Amidala on Geonosis. After the conflict in the arena, she boards a Republic gunship for the front lines of the battle against the massed droid army.

TOGRUTA Shaak Ti is one of the best Jedi fighters in group combat. Her hollow head montrals sense space ultrasonically, sharpening her spatial awareness. Where others struggle with the complexity of movements, Shaak Ti darts with ease.

SHMI SKYWALKER

ANAKIN SKYWALKER'S MOTHER

DATA FILE

AFFILIATION: Slave/moisture farmer
HOMEWORLD: Tatooine
SPECIES: Human
HEIGHT: 1.73m (5ft 8in)
APPEARANCES: I, II, CW
SEE ALSO: Cliegg Lars; Anakin Skywalker; Watto

Simple hairstyle typical of servants

SHMI SKYWALKER HAS lived a hard life as a slave since pirates captured her parents when she was a girl. Owned by junk dealer Watto on Tatooine, Shmi gives birth to a child named Anakin, who also works as a slave.

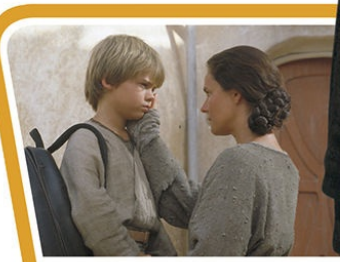
Decorative belt

IN SPITE OF her poverty, Shmi tries to give Anakin a good home in the slave quarter of Mos Espa. Anakin's departure is hard for Shmi to bear, but she comes to live a happier life when a settler farmer, Cliegg Lars, frees her in order to marry her.

Rough-spun tunic withstands harsh Tatooine weather

Tragic Loss

When Anakin Skywalker senses that his mother is in terrible pain, he travels to Tatooine to help her. However, he cannot prevent her death at the hands of the Sand People. Experiencing great anger and pain, Anakin vows to build his power until nothing can withstand it.



Shmi refuses to let her love for Anakin keep him from what she feels is his destiny—to be a Jedi.

DATA FILE

AFFILIATION: Republic/Empire
HOMEWORLD: Kamino
SPECIES: Human clone
HEIGHT: 1.83m (6ft)
APPEARANCES: II, CW, III
SEE ALSO: Stormtrooper

AS THE REPUBLIC PREPARES for war, red-emblazoned shock troopers begin to patrol public spaces on Coruscant, to ensure public order and security. They also serve as bodyguards for politicians, including Supreme Chancellor Palpatine.

In the last days of the Republic, people begin to refer to shock troopers as stormtroopers.

SHOCK TROOPERS

are members of the Coruscant Guard. Palpatine set up the unit to strengthen the Coruscant Security Force and the Senate Guard. Shock troopers keep watch on government buildings and landing platforms.

Palpatine's Guard

Shock troopers go with Palpatine to the Senate after the Jedi's failed attempt to arrest him. After Yoda's battle with Palpatine, they unsuccessfully search for the Jedi Master's body. Shock troopers also accompany Palpatine to Mustafar, where they find Darth Vader's burned body.

SHU MAI

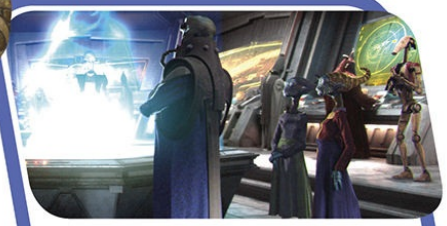
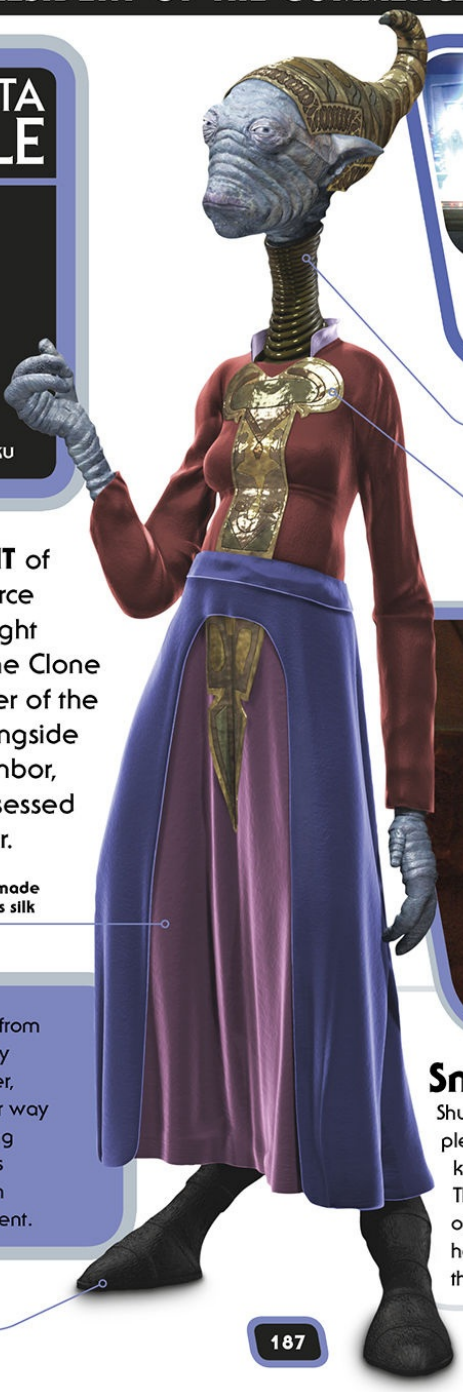
HOMEWORLD: Castell
SPECIES: Gossam
HEIGHT: 1.65m (5ft 5in)
APPEARANCES: II, III
SEE ALSO: Nute Gunray; Wat Tambor; Count Dooku



Shu Mai awaits her fate on volcanic Mustafar with the rest of the Separatist leaders.

SHU MAI IS PRESIDENT of the powerful Commerce Guild, whose forces fight the Republic during the Clone Wars. Mai is a member of the Separatist Council alongside Nute Gunray, Wat Tambor, and others. She is obsessed with status and power.



Neck rings

Emblazoned jewel crest

Rich skirt made of rare uris silk

Gossams have three-toed feet

SHU MAI is a Gossam from the planet Castell. She is only concerned with status, power, and wealth. Mai worked her way up the Commerce Guild using aggressive and unscrupulous tactics, until no rivals stood in her way to becoming President.

Sneaky Practices

Shu Mai is not the only Separatist leader to pledge her support to Dooku in secret, knowing that it amounts to treason. Though the Commerce Guild does not openly back the Separatists, Shu Mai's homing spider droids begin to fight on the battlefields of the Clone Wars.

SIO BIBBLE

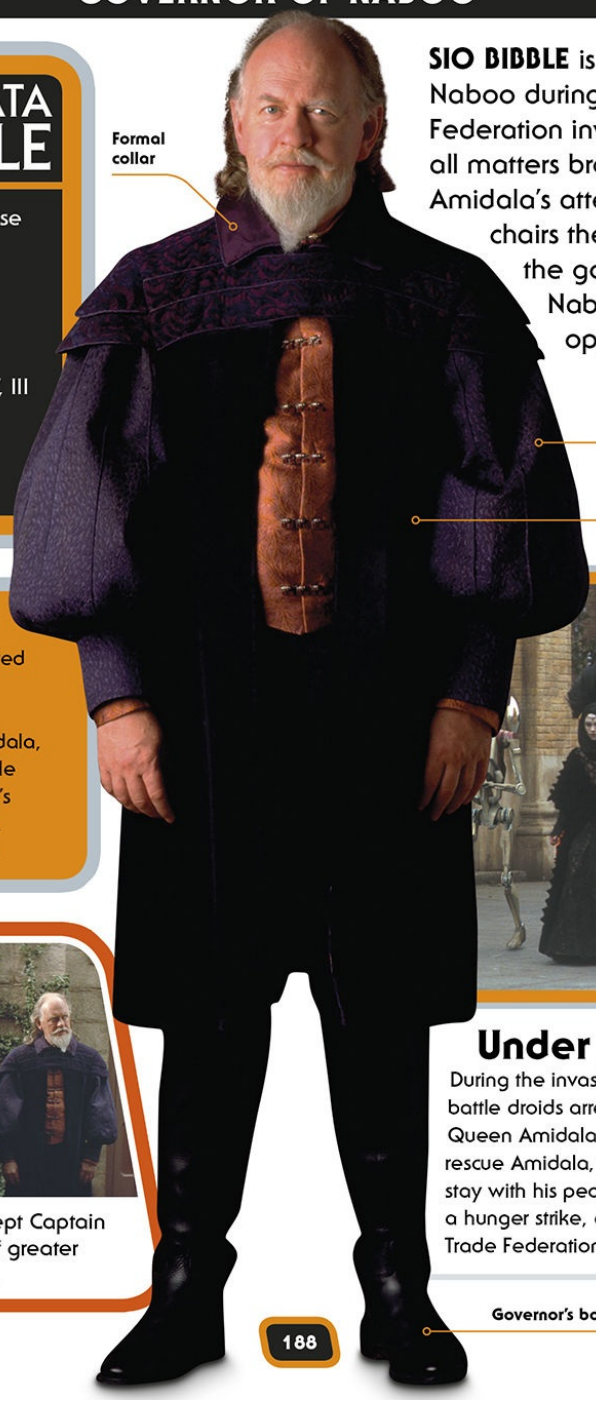
HOMEWORLD: Naboo
SPECIES: Human
HEIGHT: 1.7m (5ft 7in)
APPEARANCES: I, II, CW, III
SEE ALSO: Captain Panaka; Nute Gunray; Padmé Amidala

SIO BIBBLE is Governor of Naboo during the Trade Federation invasion. He oversees all matters brought to Queen Amidala's attention. He also chairs the Advisory Council, the governing body of Naboo. Sio is completely opposed to violence.



BIBBLE IS A

philosopher who was elected governor under Amidala's predecessor, King Veruna. Sio is initially critical of Amidala, but comes to respect her. He later serves under Amidala's successors Queens Jamillia, Neeyutnee, and Apailana.

Under Arrest

During the invasion of Naboo, battle droids arrest Sio Bibble and Queen Amidala. When two Jedi Knights rescue Amidala, the governor chooses to stay with his people. Bibble leads them in a hunger strike, and earns the ire of the Trade Federation Viceroy, Nute Gunray.

Bibble refuses to accept Captain Panaka's warnings of greater need for armament.

AFFILIATION: Resistance
HOMEWORLD: Akiva
SPECIES: Human
HEIGHT: 1.88m (6ft 2in)
APPEARANCES: VII
SEE ALSO: Ello Asty; Princess Leia; Poe Dameron; Jess Pava

A SKILLED X-wing pilot serving in Blue Squadron, Temmin "Snap" Wexley is a captain in the Resistance, and recognized by Poe Dameron as the best recon flier in the force.

Snap is said to have a keen eye for trouble and the piloting skill to evade it.

Rebel Roots

The son of Norra Wexley, a veteran Y-wing pilot who flew at the Battle of Endor, Snap hails from Akiva, an Outer Rim world that was an Imperial base prior to its liberation by the New Republic. At that time, young Wexley learned street-smarts and survived with the help of his protector, a modified battle droid named Mister Bones.

AFTER THE STARKILLER

weapon destroys the New Republic's capital world, Resistance controllers are able to triangulate its location. Snap Wexley flies a daring recon mission into the Unknown Regions, and records vital information about the secret base that allows the Resistance to formulate an attack strategy.

SNOWTROOPER

DATA FILE

AFFILIATION: Empire
SPECIES: Human
HEIGHT: 1.83m (6ft)
STANDARD EQUIPMENT: E-11 blaster rifle; light repeating blasters; grenades
APPEARANCES: V
SEE ALSO: Shock trooper

THE EMPIRE modeled its snowtroopers on the Galactic Republic's specialized clone cold assault troopers, who fought in the Clone Wars on frozen worlds such as Orto Plutonia.

Snowtroopers carry and set up deadly E-web heavy repeating blasters in snowy terrain.

Polarized snow goggles

IMPERIAL SNOWTROOPERS are specialized stormtroopers that form self-sufficient mobile combat units in environments of snow and ice. Their backpacks and suit systems keep their bodies warm, while their face masks are equipped with breath heaters.

Assault on Hoth

Snowtroopers are deployed as part of General Veers's Blizzard Force at the Battle of Hoth. Snowtroopers work in tandem with AT-AT walkers to effect a massive strike. They defeat the forces of the Rebel Alliance and break into Echo Base. These specialized soldiers can survive for two weeks in extreme cold terrain on suit battery power alone.

SPACE SLUG

GIGANTIC WORMLIKE CREATURES

DATA FILE

HOMEWORLD: Unknown
LENGTH: 10m (33ft)
DIET: Minerals
HABITAT: Asteroids
APPEARANCES: V
SEE ALSO: Han Solo

GIGANTIC EXOGORTHS, otherwise known as space slugs, survive in the airless vacuum of space. They inhabit the nooks and crannies of asteroids. Their wormlike, silicon-based bodies are typically about 10 meters (33 feet) in length, although they can grow to lengths of nearly one kilometer (0.6 mile).

SPACE SLUGS

are known to inhabit the Hoth asteroid field. They are actually able to digest minerals from the asteroids on which they live. These solitary, exotic life-forms breed by splitting into two when they reach a certain size. They can then push themselves away from the surface of one asteroid and float through space to land on another.

Teeth for defense

Sensory organs

Space slugs swallow silicon-based mynocks, which live inside their stomachs as parasites.

Live Prey

Han Solo unknowingly pilots the *Millennium Falcon* into the stomach of a space slug while escaping the Imperial fleet after the Battle of Hoth. Solo, Chewbacca, and Leia Organa survive inside the space slug with only breath masks to provide oxygen.

AFFILIATION: Jabba's court
HOMEWORLD: Lowick
SPECIES: Pa'lowick
HEIGHT: 1.6m (5ft 3in)
APPEARANCES: CW, VI
SEE ALSO: Max Rebo; Greeata

Expressive mouth

Retractable tusks protrude from second mouth

Pa'lowicks have lean limbs, round bodies, eye-stalks, and long lip-stalks.

Powerful chest for swimming—and singing!

Skin coloration provides camouflage in swamps of homeworld

SY SNOOTLES IS A Pa'lowick singer and lead vocalist for the Max Rebo Band when they played at Jabba's palace. Snootles only agrees to join the band on the strict condition that Rebo also hires her good friend, Greeata Jendowanian, as a dancer and singer.

Microphone stand

SNOOTLES has had an adventurous life. She used to be Ziro the Hutt's lover but then, on discovering the true extent of his cruelty, became his assassin. In Jabba's palace, Snootles works as a double agent, feeding Bib Fortuna's lies to Jabba's enemies.

Forward and backward-facing toes for walking on shallow lakes

Strange Singing

Jabba's appreciation of Sy Snootles's singing has given her a vastly inflated idea of her own talent. When the band splits up after Jabba's death, Snootles finds it hard to make it anywhere mainstream—the chief reason being her vocals are just too weird.

TARFFUL

WOOKIEE CHIEFTAIN

DATA FILE

AFFILIATION: Republic
HOMEWORLD: Kashyyyk
SPECIES: Wookiee
HEIGHT: 2.34m (7ft 8in)
APPEARANCES: CW, III
SEE ALSO: Chewbacca

TARFFUL IS LEADER of the Wookiee city of Kachirho. When the Separatist forces invade his planet, Kashyyyk, Tarfful works with Chewbacca and Jedi Yoda, Luminara Unduli, and Quinlan Vos to plan the Wookiees' strategy for repelling the invaders.

Teeth bared for war cry

Decorative pauldron

Orb-igniter

Tarfful and Chewbacca help Yoda flee in a hidden escape pod after Order 66.

TARFFUL WAS

once enslaved by the Trandoshan slavers, who have long been the enemies of the Wookiees. When clone troops rescued him, Tarfful pledged to fight anyone who tried to enslave his people or capture his planet.

Thick calf muscles from climbing trees

Fur protects upper foot

Wookiee Attack

Tarfful is a calm, considerate Wookiee who can be a mighty warrior when necessary. He leads his fellow Wookiees in daring raids on amphibious Separatist tank droids.

TASU LEECH

KANJIKLUB LEADER

DATA FILE

AFFILIATION: Kanjiklub
HOMEWORLD: Nar Kanji
SPECIES: Human
HEIGHT: 1.57m (5ft 2in)
APPEARANCES: VII
SEE ALSO: Chewbacca; Han Solo; rathtar; Razoo Qin-Fee; Kanjiklub gang

TASU LEECH IS the current leader of the notorious Kanjiklub gang. He is an unruly streetfighter who firmly holds on to his position by showing no signs of weakness.

Plastoid blast jerkin

Lightweight armor

Spare ammunition

TASU LEECH grew up on Nar Kanji, on the frontiers of the galaxy, and clawed his way to the top of the Kanjiklub. He refuses to speak Basic, considering it a weak language of cowardly people.

"Huttsplitter" blaster rifle

Deal Gone Bad

Solo has twice before failed to deliver cargo to Kanjiklub, shortening Tasu's already violent temper. Boarding Han's freighter in search of compensation, Tasu's standoff with Solo turns deadly when a shipment of rathtars escape, sending Kanjiklubbers scurrying for their lives.

TAUNTAUN

HOTH SNOW LIZARDS

DATA FILE

HOMEWORLD: Hoth
HEIGHT: 2m (6.7ft)
DIET: Omnivorous
HABITAT: Snow plains
APPEARANCES: V
SEE ALSO: Luke Skywalker

TAUNTAUNS ARE SNOW LIZARDS that inhabit the ice planet Hoth. They can slow their body functions down to a standstill to survive the intensely cold nights. Tauntauns serve as mounts for the rebel soldiers of Echo Base, who find them more reliable than their patrol vehicles in extreme winds and cold.

Tough lips for scraping lichen

Horns for dominance combat

Saddle

Thick, oily fur

Han Solo uses his dead tauntaun to keep the injured Luke Skywalker warm until help arrives.

Internal organs protected by layers of fat and muscle

TAUNTAUNS

are obedient and hardy mounts but they secrete thick oils and have an unpleasant odor. Patrol riders learn to ignore this, concentrating on the search for signs of Imperial forces.

Missions

Luke Skywalker and Han Solo ride tauntauns on Rebel patrol missions to position a network of life-form sensors along Echo Base's perimeter.

TEEBO

EWOK MYSTIC

DATA FILE

AFFILIATION: Bright Tree Village
HOMEWORLD: Forest moon of Endor
SPECIES: Ewok
HEIGHT: 1.24m (4ft 1in)
APPEARANCES: VI
SEE ALSO: Logray

Teebo joins the Rebel Alliance with his fellow Ewoks to defeat the Imperial army on Endor.

THE EWOK NAMED Teebo is a watcher of the stars and a poet. Teebo has a mystical connection to the forces of nature. His keen perceptive abilities and practical thinking have made Teebo a leading figure within his tribe.

TEEBO had many adventures growing up in his tribe before becoming an apprentice of the tribal shaman, Logray. He is learning the ways of Ewok magic and hopes to become the Ewok shaman someday.

Aggressive Beginnings

When Teebo first sees Han Solo and his team, he distrusts them. After being freed from his bonds, R2-D2 promptly zaps Teebo's backside!

TEEDO

BARBAROUS JAKKU SCAVENGER

DATA FILE

AFFILIATION: None
HOMEWORLD: Jakku
SPECIES: Teedo
HEIGHT: 1.24m (4ft 1in)
APPEARANCES: VII
SEE ALSO: luggabeast; BB-8; Rey

TEEDOS ARE SMALL, brutish scavengers that roam the Jakku wilderness, often riding atop cyborg luggabeasts. They scavenge the dunes for salvageable technology and fiercely protect their findings with a tyrannical zeal.

TEEDOS HAVE a peculiar sense of individual identity—the name Teedo seems to identify both the species as a whole and each member within it. Despite their small size, Teedos have an exaggerated sense of their ability to intimidate.

Stealing BB-8

During BB-8's wanderings past Kelvin Ravine in the Jakku wastelands, the droid is snagged in a net by a luggabeast-riding Teedo. A young human scavenger, Rey, shouts down the surly Teedo, convincing the exasperated alien to give up his quarry after he deems the little droid not worth the hassle.

TESSEK

JABBA'S QUARREN ACCOUNTANT

DATA FILE

AFFILIATION: Jabba's court
HOMEWORLD: Mon Cala
SPECIES: Quarren
HEIGHT: 1.8m (5ft 11in)
APPEARANCES: VI
SEE ALSO: Jabba the Hutt

Hearing organs

TESSEK IS EMPLOYED at Jabba's palace as the Hutt's accountant. But his loyalty to Jabba is a smokescreen. Behind the crime lord's back, Tessek plots to assassinate him and take over his criminal empire. But Tessek does not realize that Jabba probably knows this, too.

Manipulative mouth tentacles

TESSEK is a Quarren from Mon Cala. He was involved in galactic politics until the Empire began to enslave his people. This caused Tessek to go into hiding on Tatooine, where he found use for his financial skills among the Hutt gangsters.

Scheming Reputation

Tessek lives up to some of the worst qualities attributed to the Quarren by outsiders. Because of the recurrent civil wars between the Mon Calamari and the Quarren, Quarren have gained the reputation of untrustworthy schemers willing to take any advantage.

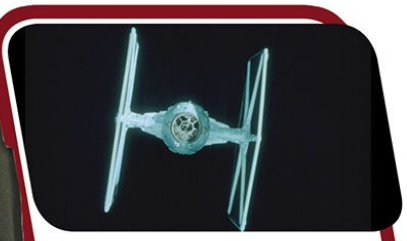
TIE FIGHTER PILOT

IMPERIAL PILOTS

DATA FILE

AFFILIATION: Empire
SPECIES: Human
STANDARD VEHICLE: TIE-series starfighters
APPEARANCES: R, IV, V, VI
SEE ALSO: AT-AT pilot



TIE targeting systems and flight controls are superior to anything available to rebel fighters.

TIE FIGHTER PILOTS form an elite group within the Imperial navy. These black-suited pilots are conditioned to be entirely dedicated to the mission and to destroying their targets, even if this causes their own deaths.

FIGHTER PILOTS take great pride in their TIE fighters, even though the ships lack deflector shields and hyperdrives. The product of intense training at the Imperial Academies, TIE pilots are taught they are the best in the galaxy. As a result, they are often quite arrogant.

Uniform

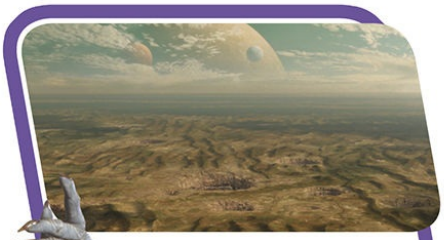
The Empire keeps TIE fighter pilots on a constant state of alert so they are ready for battle at any time. TIE fighter pilots wear reinforced flight helmets, with breather tubes connected to a life support pack. Pilots rely on their self-contained flight suits to stay alive in their ships when they are in space.

TION MEDON

PORT ADMINISTRATOR OF PAU CITY

DATA FILE

AFFILIATION: Republic
HOMEWORLD: Utapau
SPECIES: Pau'an
HEIGHT: 2.06m (6ft 9in)
APPEARANCES: III
SEE ALSO: Utai



Utapau's surface is windswept and barren. The Utai and Pau'ans live in cities within huge sinkholes.

TION MEDON IS master of Port Administration for Pau City on Utapau. MagnaGuards kill his committee members and the Separatist leadership use his world as a temporary sanctuary.

Gray, furrowed skin from lack of light in sinkholes
Wide belt supports bony frame
Port master's walking stick
Floor-length robes are a recent fashion

TION MEDON

is a descendent of Timon Medon, who unified Utapau. Like all Pau'ans, Tion prefers darkness to sunlight and raw meat to cooked.

Reassurance

When Jedi Obi-Wan Kenobi lands at Pau City on Utapau, Tion Medon reassures the Jedi that nothing strange has happened. While Kenobi's ship is refueled, Tion whispers that Separatists have taken control of Utapau.

TUSKEN RAIDER

FIERCE TATOOINIAN NOMADS

DATA FILE

AFFILIATION: None
HOMEWORLD: Tatooine
SPECIES: Tusken
HEIGHT: 1.8m (5ft 11in)
APPEARANCES: I, II, IV
SEE ALSO: Bantha

Gaderffii stick made from scavenged metal

Moisture trap

Thick desert robe

Anakin Skywalker releases his vengeful fury on the Tusken encampment.

TUSKEN RAIDERS, OR Sand People, are fierce nomads on Tatooine. They compete with human settlers for precious moisture on the desert planet, prowling remote areas, surviving where no others can. Tusken Raiders capture Anakin Skywalker's mother, Shmi, and drag her to their encampment.

SAND PEOPLE

wear heavy clothing to protect them from the planet's harsh suns. They keep their faces hidden behind head bandages. Their traditional weapon is an ax, named a gaderffii (or "gaffi") stick.

During an attack, Tuskens often wield stolen weapons.

Silent Attacker

Sand People are often taller than humans, yet they blend into the landscape with unsettling ease. They sometimes scavenge or steal from the edges of settlement zones. Only the sound of the feared krayt dragon is enough to scare the Sand People away.

UGNAUGHT

PORCINE SPECIES ON CLOUD CITY

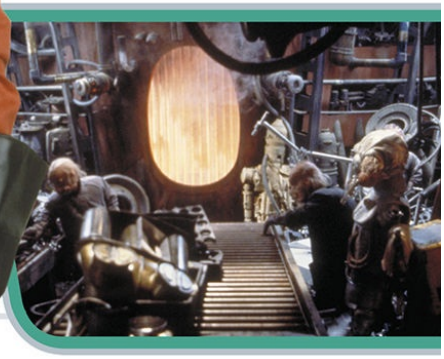
DATA FILE

AFFILIATION: None
HOMEWORLD: Gentes
SPECIES: Ugnaught
APPROX. HEIGHT: 1m (3ft 3in)
APPEARANCES: CW, R, V, VI
SEE ALSO: Jabba the Hutt

UGNAUGHTS WERE sold into slavery long ago from their home planet Gentes. The eccentric explorer Lord Ecclessis Figg brought in three Ugnaught tribes to help build Cloud City on Bespin. In return, he gave them the freedom of the city.

Tusks used in blood duels
Captain's stripes
Flight gauntlets
Stocky body is efficient at working for long periods
Expensive tactical boots

AT LEAST one Ugnaught has begun a new life away from Bespin. Yoxgit made a fortune illegally selling tibanna gas to arms dealers, then jumped planet for Tatooine, where he found work with Jabba the Hutt.



Cloud City Workers

Ugnaught workers in the depths of Cloud City sort through discarded metal junk, where C-3PO nearly ends up after he is blasted to pieces. The species has constructed a network of humid, red-lighted work corridors and tunnels throughout the city, most of which can only be navigated by Ugnaughts.

Ugnaughts perform the often dangerous work of mining and processing tibanna gas.

UNKAR PLUTT

JUNK BOSS OF JAKKU

DATA FILE

AFFILIATION: None
HOMEWORLD: Unknown
SPECIES: Crolute
HEIGHT: 1.8m (5ft 11in)
APPEARANCES: VII
SEE ALSO: Teedo; Rey; BB-8

Unkar runs a profitable business stealing, scavenging, and selling scrap on Jakku. He doles out slim servings of food in exchange for valuable salvage, and calls upon leg-breakers and thugs to ensure he gets the best deals.

Bouyant, gelatinous body tissue

Apron made from salvaged hull plates

Boots conceal flipper-like limbs

UNKAR OPERATES

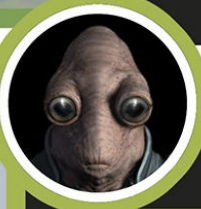
out of a converted cargo crawler in a large structure at Niima Outpost. He has a monopoly on food vending in the town, and scavengers are forced to barter with him, exchanging valuable salvage for dehydrated food rations.

Fish Out of Water

Unkar is an aquatic Crolute, but his greed keeps him far from the oceans of his homeworld and on Jakku, where he reigns as the undisputed junk boss. The scavenger named Rey is one of his favorite traders. When she disappoints him by backing out of a deal, Unkar takes it badly, and sends his goons to teach her a lesson.

UTAI

WORKERS ON UTAPAU



DATA FILE

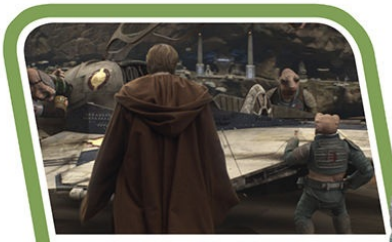
AFFILIATION: Republic
HOMEWORLD: Utapau
SPECIES: Utai
HEIGHT: 1.22m (4ft)
APPEARANCES: III
SEE ALSO: Tion Medon

THE HUMBLE AND STOCKY Utai are workers in the sinkholes and caverns of their homeworld, Utapau. They are animal handlers and workers on the various landing platforms. The Utai's prominent eyes give them keen night vision for seeing in the darkness of rock caverns.

Eyes on stalks

LONG AGO, only the Utai lived in Utapau's sinkholes. Later they were joined by Pau'ans from the planet's surface. The Pau'ans and Utai work in harmony, while the primitive Amani settlers stay away from their advanced cities.

Stubby four-fingered hand



Utai mechanics attend to Obi-Wan Kenobi's ship when he lands in Pau City on Utapau.

Varactyl muck boots

Ancient Skills

The Utai's traditional homes are in the crevices of the planet's sinkholes. Long ago, the Utai learned how to domesticate carnivorous, flying dactillions by feeding them fresh meat. They also tamed the varactyl lizards that are used as transport on Utapau, and the Utai still serve as wranglers for the dragon mounts.

VOBER DAND

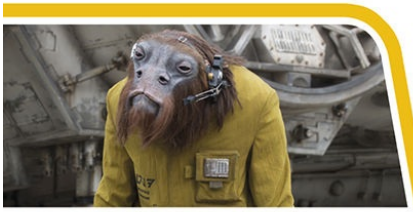
RESISTANCE GROUND CONTROLLER

DATA FILE

AFFILIATION: Resistance
HOMEWORLD: Suntilla
SPECIES: Tarsunt
HEIGHT: 1.73m (5ft 9 in)
APPEARANCES: VII
SEE ALSO: Nien Nunb; Poe Dameron; Ello Asty; PZ-4CO

STAYING EVER mobile and out of reach of First Order reprisals, the Resistance uses forgotten bases that were originally built as rebel outposts during the Galactic Civil War. These old, austere facilities ask much from the Resistance's hard-pressed ground personnel.

DURING THE Starkiller crisis, Vober Dand manages the ground crews that maintain the fleet of X-wings at the D'Qar outpost. The hard-nosed Tarsunt runs a tight operation, demanding the best of his teams of mechanics and support staff. Though it's the pilots who get the glory, Dand knows they'd be grounded if not for his efforts.



Without the deep finances and government supplies of the New Republic, Vober Dand must keep the Resistance's small fleet of X-wings flying at all hours.

Logistics Chief

In the loose-knit Resistance organization, Vober Dand holds the rank of chief of Ground Logistics Division. He is one of the first Resistance members consulted when establishing a new base, using his mathematical mind to calculate the specifics of flight schedules, maintenance requirements, and hangar operations.

WAMPA

RAVENOUS ICE CREATURES

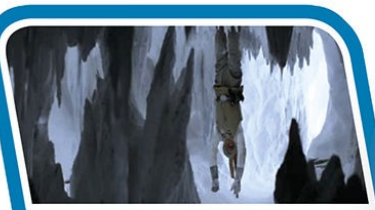
DATA FILE

HOMEWORLD: Hoth
HEIGHT: 3m (9ft 10in)
DIET: Carnivorous
HABITAT: Snow plains
APPEARANCES: CW, V
SEE ALSO: Tauntaun

HUGE WAMPA ICE creatures hunt tauntauns and other beasts on the snow plains of Hoth, where their howling wails blend with the icy winds at night. They are normally solitary beasts but have been known to band together to make raids on human settlements. Wampas often attack the rebel base on Hoth.

Hungry Beast

Wampas sate their hunger on freshly killed tauntaun meat. Human flesh is relatively unknown to wampas, but highly prized.



Luke Skywalker returns to consciousness hanging upside down in a wampa cave.

WAMPAS' SHAGGY

white fur provides warmth and camouflage in the snowy conditions of Hoth. These cunning predators stalk their prey before lunging at it, using their powerful arms to stun it.

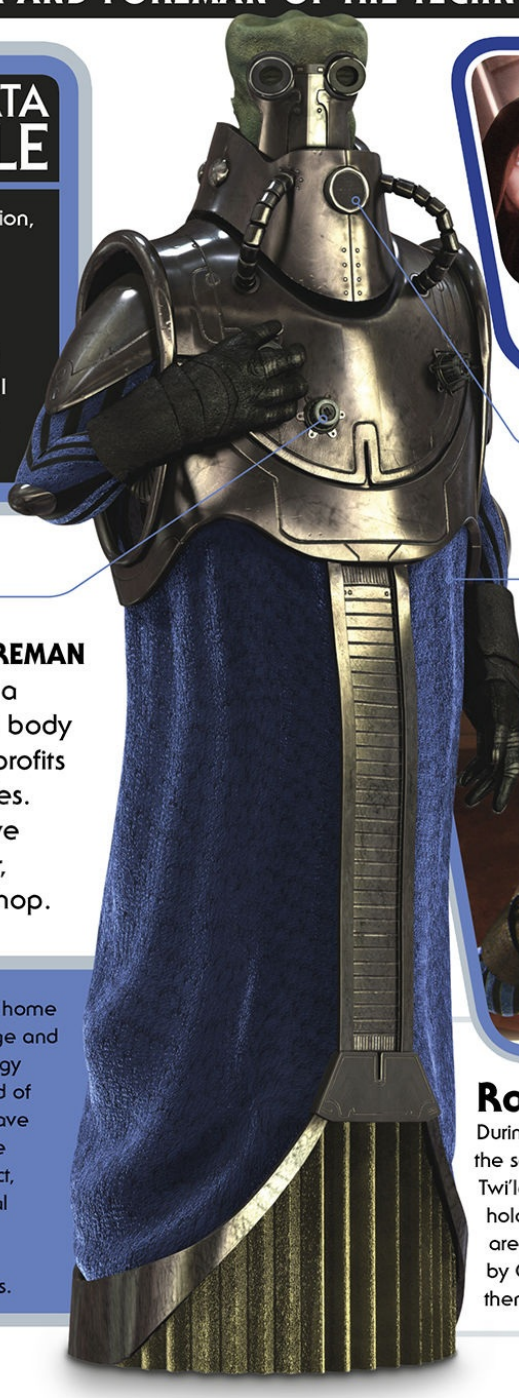
WAT TAMBOR

EMIR AND FOREMAN OF THE TECHNO UNION

DATA FILE

AFFILIATION: Techno Union, Separatists
HOMEWORLD: Skako
SPECIES: Skakoan
HEIGHT: 1.93m (6ft 4in)
APPEARANCES: II, CW, III
SEE ALSO: Darth Vader; Boba Fett

Darth Vader shows no mercy to Wat Tambor on Mustafar.



WAT TAMBOR IS FOREMAN of the Techno Union, a powerful commercial body that makes massive profits from new technologies. He is also an Executive of arms manufacturer, Baktoid Armor Workshop.

TAMBOR LEFT his home planet Skako at an early age and began a career in technology on the harsh industrial world of Metalorn. Few Skakoans leave their world due to its unique atmospheric pressure. In fact, Tambor must wear a special suit to avoid his body exploding in standard, oxygen-based atmospheres.

Raiding Ryloth

During the Clone Wars, Tambor oversees the sacking of Ryloth, homeworld of the Twi'leks. Tambor and his droid army hold the capital city, Lessu, until they are pushed out during a counterattack by General Mace Windu. Tambor is then captured and imprisoned.

WATTO

TOYDARIAN JUNK DEALER

DATA FILE

AFFILIATION: None
HOMEWORLD: Toydaria
SPECIES: Toydarian
HEIGHT: 1.37m (4ft 6in)
APPEARANCES: I, II
SEE ALSO: Qui-Gon Jinn; Anakin Skywalker; Shmi Skywalker

WATTO IS A QUICK-WITTED, flying Toydarian shopkeeper who owns a spare parts business in Mos Eisley on Tatooine. He has a sharp eye for a bargain and spends his proceeds at podraces, gambling with Hutts, and winning slaves—including Anakin and Shmi Skywalker.

Flexible, trunk-like nose

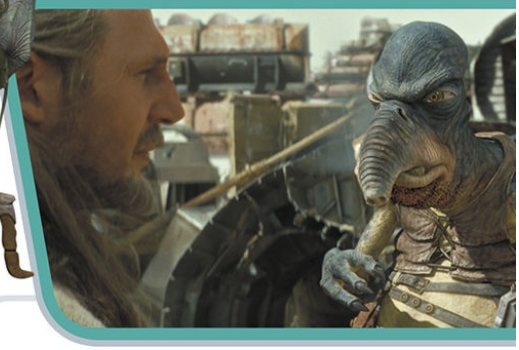
Three-day stubble

Large belly mostly composed of gas

Keycodes for main safe and slave keepers

Watto insists his shop is a parts dealership, though most call it a junkshop.

WATTO was a soldier on his homeworld Toydaria, but left the planet after suffering an injury. On Tatooine, he watched how the Jawas sold used goods, learning some of their tricks before setting up his own business.



Watto is surprised that his former slave, Anakin Skywalker, is now a Jedi.

Chance Meeting

When Watto meets an off-worlder looking for spare hyperdrive parts, he sees an opportunity for some profitable swindling. Jedi Qui-Gon Jinn does not suspect that he will meet the prophesied Chosen One, Anakin Skywalker, in this very shop. Losing Anakin to the Jedi is the start of a downward spiral for Watto, who eventually loses his other slave, Shmi, too.

WICKET W. WARRICK

YOUNG EWOK LONER

DATA FILE

AFFILIATION: Bright Tree Village

HOMEWORLD: Forest moon of Endor

SPECIES: Ewok

HEIGHT: 80cm (2ft 7in)

APPEARANCES: VI

SEE ALSO: Princess Leia; Teebo; Logray; Chief Chirpa

Wicket's knowledge of the forest assists the rebels in their attack on the Imperial forces.

Spear

Hood

Thick fur

WICKET W. WARRICK is a young Ewok with a reputation as a loner. He spends much time wandering far from his village in the forests of Endor's moon. Wicket is on one of his travels when he runs into Princess Leia Organa. He helps her to the safety of his treetop village, and soon comes to trust her.

YOUNG Wicket had an adventurous childhood with his great friends—Teebo, Kneesaa, Paploo, and his brothers Weechee and Willy. Though Wicket respects the mystic shamanic magic employed by Logray, he does not possess the patience to practise it.

Friends?

Wicket bonds with Leia, and when her friends arrive, he argues that they should be spared any abuse. But his solitary habits leave him with a big lack of influence among the elders in his Bright Tree village.

X-WING PILOTS

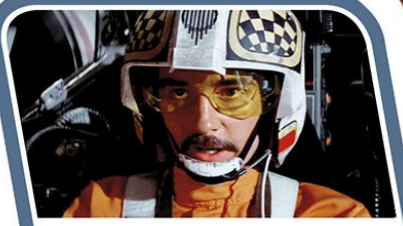
REBEL ALLIANCE PILOTS

DATA FILE

AFFILIATION: Rebel Alliance
SPECIES: Human
STANDARD VEHICLE: X-wing starfighter
APPEARANCES: IV, V, VI
SEE ALSO: Luke Skywalker

MANY X-WING pilots of Red Squadron become legendary figures in the Rebel Alliance. Pilots such as Biggs Darklighter ("Red Three"), Wedge Antilles ("Red Two"), and Luke Skywalker ("Red Five") are crucial to the destruction of the first Death Star.

RED SQUADRON fly T-65 X-wing starfighters. These ships are equipped with droid sockets for astromech droids, long-range laser cannons, and a small payload of proton torpedoes.



Luke's childhood friend Biggs Darklighter takes part in the assault on the first Death Star.

Wedge Antilles

A native of Corellia, Wedge Antilles is one of just two X-wing pilots (the other being Luke Skywalker) who survive the Battle of Yavin, in which the Empire's Death Star is destroyed. Antilles flies a snowspeeder at the Battle of Hoth, and is the leader of Red Squadron at the Battle of Endor.

YADDLE

COMPASSIONATE JEDI MASTER

DATA FILE

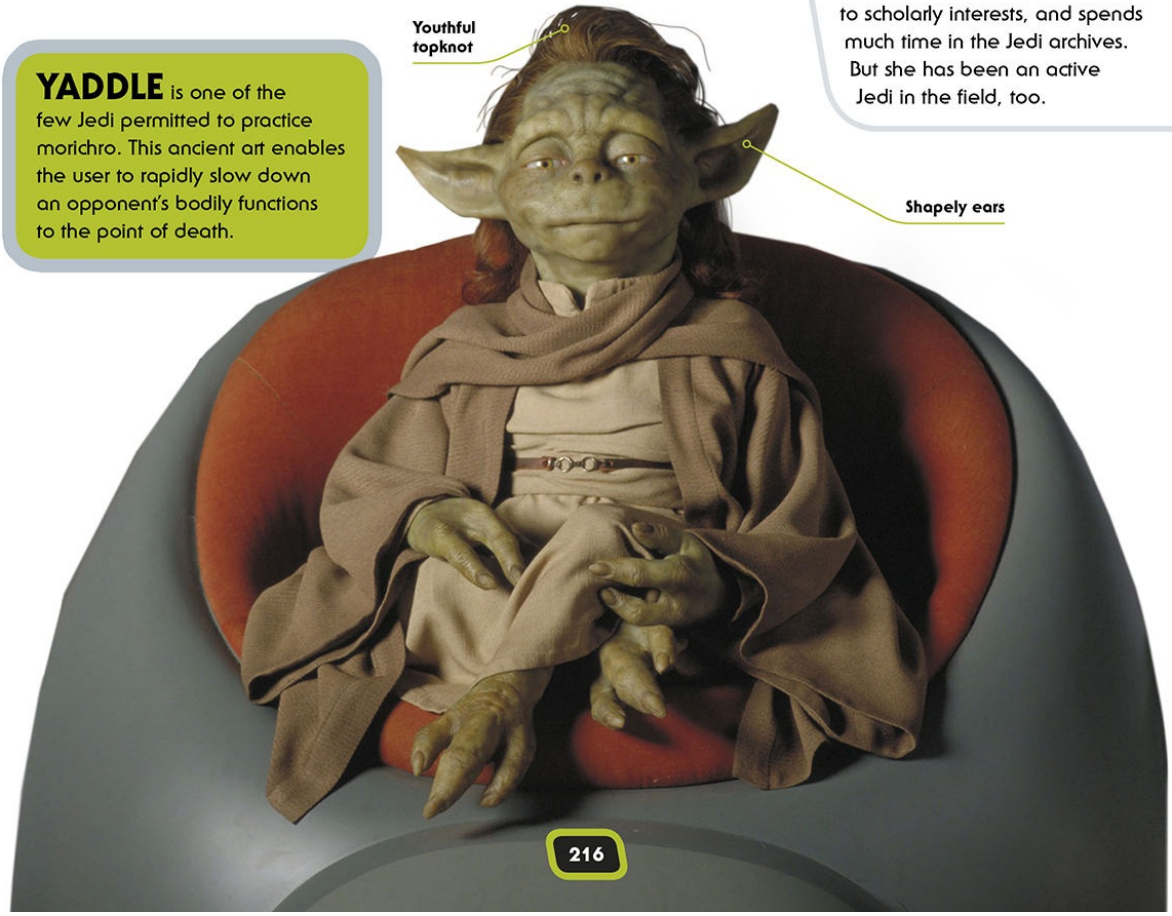
AFFILIATION: Jedi
HOMEWORLD: Unknown
SPECIES: Unknown
HEIGHT: 61cm (2ft)
APPEARANCES: I
SEE ALSO: Yoda; Oppo Rancisis

SITTING ON THE Jedi High Council, Master Yaddle offers few words but much compassion and balanced patience. She looks up to Master Yoda, who is of the same species as her but is almost twice her age (Yaddle is a mere 477!). Yaddle has trained many Jedi Padawans, including fellow Council member Oppo Rancisis.

Mind and Body

Yaddle has devoted a lot of time to scholarly interests, and spends much time in the Jedi archives. But she has been an active Jedi in the field, too.

YADDLE is one of the few Jedi permitted to practice morichro. This ancient art enables the user to rapidly slow down an opponent's bodily functions to the point of death.



YARAEL POOF

QUERMIAN JEDI MASTER

DATA FILE

AFFILIATION: Jedi
HOMEWORLD: Quermia
SPECIES: Quermian
HEIGHT: 2.64m (8ft 8in)
APPEARANCES: I
SEE ALSO: Obi-Wan Kenobi; Qui-Gon Jinn

JEDI MASTER Yarael Poof is a member of the High Council at the time of the Naboo crisis. He is a master of specialized Jedi mind tricks, which he can use to bring conflicts to a decisive end.

Deceptive Appearances

Yarael Poof quietly watches the proceedings as Qui-Gon Jinn and Obi-Wan Kenobi report from their mission to Naboo. Though appearing as a serene thinker among the Jedi Council members, Master Yarael is a dexterous combatant with a lightsaber, and has perfected many incredible moves that only his spineless anatomy can allow.

Poof has a mischievous side and enjoys playing mind tricks on colleagues.

QUERMIANS have extended necks and long limbs, as well as a second pair of arms, which Poof hides under his Jedi robe. The species is noseless, as Quermians smell with olfactory glands in their hands. They also have two brains—an upper brain in the head and a lower brain in the chest.

YARNA

ASKAJIAN DANCER AT JABBA'S PALACE

DATA FILE

AFFILIATION: Jabba's court
HOMEWORLD: Askaji
SPECIES: Askajian
HEIGHT: 1.73m (5ft 8in)
APPEARANCES: VI
SEE ALSO: Jabba the Hutt; Oola

YARNA D'AL' GARGAN has been a dancer at Jabba's palace for many years. The daughter of an Askajian tribal chief, Yarna was captured by slavers and transported to Tatooine, where Jabba bought her. Jabba's cruel whim is to force Yarna to wear special makeup to make her look more like his mother.

Yarna performs highly exotic dances for Jabba's pleasure.

ON ASKAJI, Yarna had been married with four cublings. She danced only for the honor of her tribe. After Jabba bought her and her family, the Hutt fed her husband, Nautag, to his rancor for insubordination and kept the cublings in his Mos Eisley townhouse.

Better Future

Yarna hates Jabba, but has become close to some of the palace regulars. After the Hutt's death, Yarna escapes his hated palace and is reunited with her precious cublings.

YODA

LEGENDARY JEDI MASTER

DATA FILE

AFFILIATION: Jedi
HOMEWORLD: Unknown
SPECIES: Unknown
HEIGHT: 66cm (2ft 2in)
APPEARANCES: I, II, CW, III, R, V, VI
SEE ALSO: Luke Skywalker

YODA IS ONE OF THE most powerful Jedi ever, and has lived to be nearly 900 years old. He served the Galactic Republic at its height, as well as through its decline and fall. Yoda is one of the few Jedi to survive the Clone Wars—he goes into hiding on the remote planet Dagobah.

Head has been nearly bald for centuries

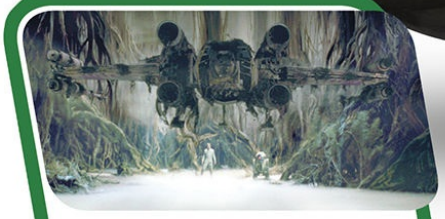
Homespun robe

Sith Fury

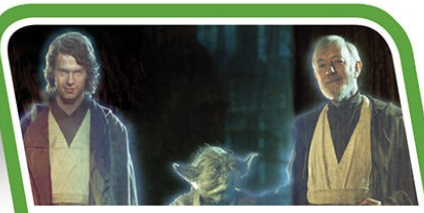
Accepting finally that the Clone Wars have been nothing more than a manipulation by the Sith to destroy the Jedi Order, Yoda confronts Palpatine. Even the diminutive Jedi's amazing strength and speed, however, are not a match for the devastating fury of a Sith Lord.

YODA HAS

guided hundreds of Jedi to knighthood and visited countless worlds. He takes quiet satisfaction in his ability to resolve conflict by nonviolent means, until the re-emergence of the dark side unseats others' confidence in him.



On Dagobah, Yoda trains Luke Skywalker, his final student and the galaxy's last hope.



Anakin, Yoda, and Obi-Wan become one with the Force after their deaths.

ZAM WESELL

SHAPE-CHANGING ASSASSIN

DATA FILE

AFFILIATION: Bounty hunter
HOMEWORLD: Zolan
SPECIES: Clawdite
HEIGHT: 1.68m (5ft 6in)
APPEARANCES: II
SEE ALSO: Jango Fett

ZAM WESELL is a hired assassin with a special edge. As a Clawdite shape-shifter, Wesell can change her appearance to mimic that of other species. For some years, Zam has worked with renowned bounty hunter Jango Fett.

KYD-21 blaster

Bodysuit stretches to allow shape-shifting

Direct-to-lungs breathpack

Blast-energy skirt

Boots accept a variety of limb forms

Airspeeder Chase

Zam Wesell often steals a new vehicle for each job, to avoid being traced. But she uses her own airspeeder when she knows she needs to get away fast. When Zam takes on a job for Jango Fett—to kill Senator Padmé Amidala—she has to outrun two Jedi Knights in a borrowed speeder who are hard on her trail.

ZAM WESELL

was born on Zolan, the home of the Mabari, an ancient order of warrior-knights. The Mabari trained Zam until her desire for wealth took her to the vast metropolis of Denon, where she employed her skills and training as an assassin.

In her true Clawdite form, Zam Wesell is a reptilian humanoid.

ZUCKUSS

GAND BOUNTY HUNTER

DATA FILE

AFFILIATION: Bounty hunter
HOMEWORLD: Gand
SPECIES: Gand
HEIGHT: 1.5m (4ft 11in)
APPEARANCES: V
SEE ALSO: 4-LOM

ZUCKUSS IS an insectoid Gand bounty hunter who often partners with droid bounty hunter 4-LOM. Zuckuss is a tireless tracker, who uses the mystic findsman traditions that date back centuries on his fog-shrouded homeworld, Gand.

ZUCKUSS breathes only ammonia, so he wears a respirator in oxygen-based atmospheres. When his planet's findsman traditions began dying out, Zuckuss became one of the first findsmen to go off-world. Bounty hunting is now a lucrative way for him to use his particular talents.

Zuckuss is renowned for his tracking skills and is a highly sought-after bounty hunter.

Powerful Pair

Zuckuss's uncanny abilities make other bounty hunters uneasy. But not 4-LOM, whom Zuckuss partners with many times. The two bounty hunters make a formidable team. The pairing does not go unnoticed by Darth Vader, who hires them to locate the *Millennium Falcon*.
